LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of an extension of Newburg street, West Roxbury district, as a highway, from Beech street to the West Roxbury Parkway, bounded and described as follows:

An extension of the highway named Newburg street is hereby laid out, from Beech street to the West Roxbury Parkway, and ordered constructed.

Said highway and the land exclusive of trees or structures standing upon or affixed thereto in which an easement for street purposes is hereby taken is bounded and described as follows:

Northeasterly by Beech street, forty and 1-100 feet; southeasterly by the southeasterly line of said extension of said Newburg street as hereby laid out, four hundred twenty-four and 95-100 feet; easterly by the easterly line of said extension of said Newburg street as hereby laid out, twenty-three and 30-100 feet on a curve of fifteen feet radius; southwesterly by West Roxbury Parkway, seventy and 1-100 feet; northerly by the northerly line of said extension of said Newburg street as hereby laid out, twenty-three and 82-100 feet on a curve of fifteen feet radius; and northwesterly by the northwesterly line of said Newburg street as hereby laid out extension of said Newburg street as hereby laid out, four hundred twenty-two and 50-100 feet.

Trees or structures standing upon or affixed to the aforesaid described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Newburg street, from Beech street to the West Roxbury Parkway, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectfully set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Aldrich Street, Newburg Street, West Roxbury Assessment Plan, June 10, 1927, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of an extension of Newburg street, West Roxbury district, as a highway, from Beech street to the West Roxbury Parkway, under the order of the Board, and awards no damages therefor.

FINANCE COMMISSION REPORTS.

The Finance Commission have sent the following communications to the School Committee:

Boston, July 9, 1927.

To the Honorable the School Committee.

GENTLEMEN,—Recently, the Schoolhouse Department having begun to erect an elementary school on a lot on Mahler road, West Roxbury, for a contract price of \$127,267, requested and received from the School Committee an additional appropriation of \$60,000 to construct a pile foundation for the building and to compensate the contractor for delays. The records of the School Committee show that the additional appropriation was made only under protest; that the committee believed the condition of the land should have been ascertained before the lot was taken, in which case the city would not have been committed to the added expense.

In July, 1926, the Schoolhouse Department had borings made on the lot to determine the capacity of the land to support a building. From these borings it appeared that the soil was adequate to support the proposed building. The architects employed the firm of J. R. Worcester & Co. to draw the foundation plans. This firm has a high reputation for its engineering skill and long experience in planning foundations. It thereupon planned a foundation adequate in its opinion to support the building on the soil shown by the borings. About the middle of February, 1927, after the greater part of the excavation for foundations had been completed, the contractor, M. S. Kelliher Company, notified the Schoolhouse Department that the base was wet, shaky and insufficient to support the building. The Gow Company, Inc., was then called in to make further borings.

As a result of the additional borings and the Gow Company's report, the J. R. Worcester Company drew a new plan for the foundations of the building in which it widened the base of the foundations, thereby decreasing the weight transmitted to the soil.

Again the contractor notified the Schoolhouse Department that the base was inadequate to support the building, even on its new foundation, stating that its superintendent thrust a bar 8 feet down through the soil, below the excavations. Without again consulting the Worcester Company, the Schoolhouse Department called in John J. Harty, another engineer, for further study. Obviously, the only further step was a pile foundation and this engineer prepared plans accordingly.

He recommended the use of composite piles, wood up to a certain grade and concrete above that. Not satisfied with this, the department rejected all advice and plans to date and decided to erect the building on complete concrete piles. In the use of piles generally and, especially, in the use of concrete piles, they were supported by the advice of the Building Commissioner who, however, advised a foundation proof not only against normal conditions but against earthquakes.

It was stated to the commission as an argument for pile foundations that the Bussy Bridge of the Dedham Branch Railroad, near the school lot, was settling and had to be jacked up occasionally. Investigation showed that the Bussey Bridge is not built on piles and that it is not settling. Furthermore, a brick building erected for manufacturing pur-

poses in the neighborhood across from Mahler road has shown no signs of settlement.

The Finance Commission, on obtaining the foregoing facts, directed its engineer to investigate the nature of the soil. He made several visits to the site. On one of these visits, after a hard rainstorm, he took samples for analysis. At this time, instead of being able to thrust a bar 8 feet down into the soil, he had to use a pick to loosen the samples. His report is hereto annexed. In his opinion the soil is amply sufficient to support a much greater load than the proposed building.

During the period of delay the contractor maintained a force of only two or three men on the job. Without raising the question of whether the delay was not due to the action of the contractor, it is certain that no evidence was presented to the commission to show that the contractor had been substantially injured by the delay.

The question of whether the soil at Mahler road affords sufficient support for the proposed building is a technical one and a matter to be decided by the engineers. If the Schoolhouse Department are still in doubt, it is open to them to make a bearing test which should determine the question.

Giving due weight to the conclusions of the two well-known engineering companies reporting to the Schoolhouse Department and to the opinion of its engineer, the Finance Commission is of the opinion that it is a needless expense to provide a pile foundation for the building and that it should be erected on the foundation with the increased spread of footing as designed in the second plan of the J. R. Worcester Company.

The Finance Commission recommends that the School Committee at this time reconsider and rescind its vote granting the additional appropriation of \$60,000.

Respectfully submitted,

THE FINANCE COMMISSION,
by CHARLES L. CARR,
Chairman.

Boston, July 11, 1927.

To the Honorable the School Committee.

GENTLEMEN,—The Schoolhouse Department has directed the Street Commissioners to take a tract of land on Roxbury street, opposite the church in Eliot square, as the site for an intermediate school. The rear boundary of this tract is the top of a precipice with a sheer drop of 40 feet. Even a high fence would not afford adequate protection to active children climbing about in the yard of the proposed school. The face of the cliff is a ledge which apparently extends well into the tract.

No borings have been taken by the Schoolhouse Department to ascertain the extent of the ledge. If the ledge runs under the whole tract, the expense for foundations would be very great. This lot was not the choice of the representatives of the School Committee who preferred a site on Lambert avenue. It was only at the insistence of the Schoolhouse Department that the school authorities gave their assent to the Roxbury street location.

No adequate determination of the value of the tract has been made. The Schoolhouse Department set the value by taking the assessed value and adding approximately 50 per cent to it. It is assessed for \$57,500. As a matter of fact, it was transferred to the present owners in 1919 by a deed bearing stamps which would indicate that the price paid

was \$40,000. You have been asked to appropriate and have appropriated for the taking \$86,929.58.

Your Board of Apportionment was in favor of another lot on Lambert avenue belonging to the Boston Elevated Railway Company, which is undeveloped, is in the center of the district, is opposite the Public Library Building, and is apparently suitable for the purposes of the proposed school. The Elevated shops adjoining this location have been abandoned, although the Schoolhouse Department objected to the site on account of the Elevated shops being there and being used.

Furthermore, the part suitable for school purposes is assessed for \$37,700 and, undoubtedly, a reasonable price could be obtained from the trustees who desire to sell. Nearness to the Elevated structure has not proved a detriment. The Dillaway School on Kenilworth street is nearer Washington street than the Lambert avenue site and the master of the school has stated that it is not disturbed by the noise from the Elevated.

The Finance Commission does not undertake to determine the tract to be purchased, but urges your honorable board to rescind its appropriation and to request the Schoolhouse Department to give further consideration to the selection of a site.

Respectfully submitted,
THE FINANCE COMMISSION,
by CHARLES L. CARR, Chairman.

MAYOR ASKS OPENING OF EL-EVATED EXTENSION TO COLUMBIA STATION.

The Mayor announced on July 15 that he had sent the following communication to Chairman Samuel L. Powers of the Board of Trustees of the Boston Elevated Railway urging immediate use of the new circuit which has now been fully completed for the Rapid Transit System as far as Columbia Station.

The Mayor in conference with the Transit Commissioner and with the Board also expressed the hope that it would be possible to open travel late in the Fall as far as Fields Corner.

In his communication to the chairman, Samuel L. Powers of the Boston Elevated, the Mayor called attention to the advantage of an immediate opening of the line to the Columbia Station because of the relief of exasperating conditions which exist at the present time at Andrew square for the convenience of the thousands who are making use of the Strandway bathing beaches during the hot weather.

HON. SAMUEL L. POWERS, Chairman
Board of Public Trustees, Boston Elevated Company, 31 St. James Avenue, Boston.

DEAR SIR,—I have been informed by the Transit Department that they have completed their work of extending the Dorchester Rapid Transit to a point over 1,600 feet beyond Columbia Station, which I understand was the distance required for the crossover and layover tracks necessary to put this station in operation. I am very desirous of seeing the several portions of this important extension utilized for the benefit of the public as fast as they are made available. As you know, such use by the Boston Elevated without rental is provided for by chapter 193 of the Acts of 1925.

The prompt opening of this extension to Columbia road will eliminate to some extent the exasperating conditions at

Andrew Square Terminal and at the same time provide easy access to the Strandway bathing beaches during the hot weather. I realize that a single crossover south of Columbia road will not permit the handling of all trains now terminating at Andrew square but it does seem to me that a schedule might easily be arranged whereby a certain number of trains could be operated to Columbia.

Will you kindly give this your prompt attention?

Yours very truly,
MALCOLM E. NICHOLS, Mayor.

MAYOR'S CUP CHIEF PRIZE FOR CITY WORKERS' PICNIC.

The twenty-seventh annual field day and picnic of the City of Boston Employees Union, Local Number 149, A. F. of L., was held on Tuesday afternoon, July 19, at Caledonian Grove, Spring street, West Roxbury. The feature sporting event of the afternoon was a ten-mile run with forty-three entrants. There were fourteen entries for the mile run, the winner of which received the Mayor's trophy. William McVicar was in charge.

LOCATION OF STREET.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the location, direction, width and grade of the private way, in the West Roxbury district, designated as Bogandale road, leading easterly and thence southeasterly from Centre street, as shown on a plan approved in writing by the Board of Street Commissioners and on file in the office of the Street Laying-Out Department, be and the same hereby are approved.

SETTLEMENT OF BOSTON, 1630.

Effected by Puritan colonists under Governor John Winthrop in the latter part of August, 1630. The name of the original settlement was changed to Boston from Trimountaine by order of the Court of Assistants on September 7 (O. S.), 1630. This date was moved forward by the New Style calendar in 1752 to September 17, the recognized date of the founding of Boston. The name, Trimountaine, had been given because of the three peaks of the most prominent hill, afterward called Beacon Hill, much higher then than now. By the Indians the place was called Shawmut. The name, Boston, was derived from the English town of Boston in Lincolnshire, the home of some of the leading colonists and promoters of the enterprise.

DIMENSIONS, ETC., OF BOSTON.

Greatest length, 13.8 miles, *i. e.*, from northern end of East Boston to southern end of Hyde Park; greatest width, 7.75 miles, *i. e.*, from Marine Park shore to western end of Brighton; median transverse width, 5.75 miles, *i. e.*, from Charles river at Harvard Bridge to Neponset river at Blue Hill avenue; width of business center, 1.2 miles, *i. e.*, from Charles river at Cambridge Bridge to Fort Point channel at Summer street. Geographical center of city in Roxbury, corner Walnut and Westminster avenues.

ADDITIONAL TENNIS COURTS NEAR AQUARIUM.

The following was received:

City of Boston,
Office of the Mayor, July 8, 1927.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Park Department, in reply to your order of June 27, 1927, relative to the construction of two additional tennis courts near the Aquarium, South Boston.

Respectfully yours,

MALCOLM E. NICHOLS, Mayor.

City of Boston,
Park Department, July 5, 1927.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—I have your memorandum of June 30, with inclosure, order from the City Council that the Park Commission be requested, through his Honor the Mayor, to provide for the construction of two additional tennis courts near the Aquarium, South Boston, the expense of same to be charged to the Parkman Fund.

In reply I desire to say I will make arrangements to provide additional tennis courts, without back-stops, during the summer season.

Very respectfully yours,

W. P. LONG, Chairman.

BUILDING INSPECTION, MEDFORD STREET, CHARLESTOWN.

The following was received:

City of Boston,
Office of the Mayor, July 2, 1927.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Fire Commissioner in reply to your order of June 14, 1927, relative to an extensive inspection of buildings on Medford street, Charlestown.

Yours respectfully,
MALCOLM E. NICHOLS, Mayor.

City of Boston,
Fire Department, June 29, 1927.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—I return herewith the following order passed by the City Council on June 14, 1927:

"Ordered, That the Commissioner be requested, through his Honor the Mayor, to instruct the Fire Prevention squad to make an extensive inspection of buildings on Medford street, Charlestown, from Chelsea street to Fay square, for the purpose of reducing the fire hazard and that he also be requested to report to the City Council relative to the same.

In City Council June 14, 1927. Passed.
Attest:

W. J. DOYLE,
Assistant City Clerk."

It will take some time to make this inspection in a thorough manner, but I have issued instructions to the Superintendent of Fire Prevention to proceed at once and report such conditions that may be found which would cause a fire hazard.

Yours very truly,
E. C. HULTMAN,
Fire Commissioner.

Placed on file.

PLAYGROUND IN BRIGHTON DISTRICT.

The following was received:

City of Boston,
Office of the Mayor, June 28, 1927.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department in reply to your order of June 14 in relation to submitting an estimate as to cost of a site for playground purposes in the vicinity of Union, Shannon and Winship streets, Brighton district.

Respectfully yours,
MALCOLM E. NICHOLS, Mayor.

City of Boston,
Park Department, June 23, 1927.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—I have your memorandum of June 22, with inclosure, order from the City Council, that the Board of Park Commissioners be requested, through his Honor the Mayor, to submit an estimate as to the cost of a site for playground purposes in the vicinity of Union, Shannon and Winship streets, Brighton district.

In reply I desire to say that the Board feels that \$20,000 would be necessary to acquire land and properly equip a five-acre playground in this district.

Very respectfully yours,
W. P. LONG, Chairman.

Placed on file.

AMENDMENT TO ZONING LAW.

The following was received:

City of Boston,
Office of the Mayor, July 5, 1927.
To the Honorable the City Council.

Gentlemen,—At a joint meeting of the City Planning Board, the Board of Zoning Adjustment, Building Commissioner, Board of Appeal, Zoning Advisory Commission and the Board of Street Commissioners it was decided to present to the Legislature certain amendments to the Zoning Law. As a result of this, chapter 220 of the Acts of the year 1927 was enacted. The Legislature amended the original bill submitted by the above organizations and inserted section 7 of said chapter, which provides that section 2 of said act shall take effect upon its acceptance by vote of the City Council. The remaining sections of the act have already gone into effect, not requiring any acceptance by the City Council. The amendment contained in section 2 practically creates a two-family residence district. Section 2 is as follows:

"The second paragraph of section eleven of said chapter four hundred and eighty-eight, entitled 'Height', is hereby amended by inserting after said word 'Height' in the first line the words,—and occupancy,—and by inserting after the word 'height' in the second line the words,—or accommodate or make provision for more than two families,—so as to read as follows: Height and Occupancy. No building shall exceed thirty-five feet or two and one half stories in height or accommodate or make provision for more than two families."

At present we have what is known as a "Single Residence District," but no two-family residence district. The various organizations noted above believe it very essential that a two-family residence district be created in the City of Boston. The creation of such a two-family residence district would merely carry out the original intent of the Zoning Law. I am, therefore, submitting the inclosed order which I recommend that your honorable body adopt.

Respectfully submitted,
MALCOLM E. NICHOLS, Mayor.

Ordered, That section two, chapter two hundred and twenty of the acts of nineteen hundred and twenty-seven, entitled "An act relative to the use of buildings and premises, the height and bulk of buildings, and the occupancy of lots in specified districts of the City of Boston" be and hereby is accepted.

Referred to the Executive Committee.

REPORT OF FINANCE COMMISSION ON CITY AUTOMOBILES.

The following was received:

City of Boston,
Finance Commission, July 6, 1927.
To the Honorable the Mayor and City Council.
Gentlemen,—The Finance Commission presents a report on the wasteful policy of maintaining municipally-owned passenger automobiles. The report appears below and shows the following facts:
1. In 1926 the city maintained a fleet of 114 passenger cars valued at about \$87,210. The amount expended on passenger cars in this year was \$227,731.86, of which \$167,281.86 was for maintenance and \$60,450 for purchase of new cars.
2. The secretary to the Mayor has requisitioned a Fire Department car for his exclusive

use with a fireman from the Fire Department acting as chauffeur.

3. Department heads constantly use their official cars for private purposes.

4. Official cars are parked in the rear of City Hall for long periods of idleness during the day and a count made by the Finance Commission for three days in April and three days in June showed a total in those six days of forty-six automobile days of idleness.

5. New York City, in the Mitchell administration, saved in six months \$50,000 by adopting a taxi system.

6. Pittsburgh, Pa., abolished private machines for city officials and contracted with a taxi company for service, and reduced expenses from \$108,597 to \$22,000.

7. The Edison Company of Boston adopted the taxi system and reduced its cost from \$73,087 in 1914 to \$43,575 in 1919, making a total saving to the company in five years of \$129,420.

THE SOARING COST.

In 1915, and again in 1916, the Finance Commission called to the attention of the city government of Boston the rising cost of automobile expense for city-owned passenger motor cars. (See Finance Commission Reports, Vol. XI, page 353, and Vol. XII, page 119.) The commission recommended that the city abandon its decentralized system where each department controlled its own passenger motor service and adopt for all municipal passenger cars the taxicab or livery system. The annual expense had then risen from \$3,292.15 in 1904-05 to approximately \$100,000 in 1915, and the Finance Commission believed that a serious study should then be given to these expenditures.

Nothing, however, was done and the cost has continued to soar until last year the city owned a fleet of about 114 cars, valued at approximately \$87,210 for use in the city departments other than the School Committee and the Police Department. Some were Fords and were used regularly by inspectors in their daily work. Others were the more expensive types of touring cars, roadsters and sedans. Last year the city spent about \$60,400 for new passenger cars and \$167,281 for maintenance.

INEFFECTIVE REMEDIES.

Some attempts in the past have been made to curb this growing evil, but they were generally ineffective. The City Council in 1909 sought to lessen the scandal of "joy riding," by passing an ordinance providing that all city cars should be registered in the name of the city and should be painted a uniform, distinctive color, and that on the sides of the car the words "City of Boston" should appear, with the name of the department using the car. City cars are now registered in the name of the city, but the rest of the ordinance has been generally ignored. Where departments have followed the third provision of the ordinance by designating on the car the department to which it was assigned, the lettering or plate has usually been so small as to make it an easy matter to conceal by covering it with a flap or blanket. Few, if any, of the departments have their names printed boldly on the hood of the machine.

In Mayor Curley's second administration two municipal garages were erected at a total cost of \$291,168, but no attempt was made to regulate the use of the city cars or to establish a taxi system.

EXAMPLES OF EXTRAVAGANCE.

Striking examples of this extravagant system are found in the office of the Mayor. The present Mayor receives a salary of \$20,000 a year,—twice as much as the Governor of the Commonwealth and twice as much as his predecessor. He is also furnished with an automobile and the city pays for the cost of its maintenance. The present Mayor disposed of his predecessor's Pierce-Arrow car, which had been bought in 1922 at a cost of \$8,923.* He was allowed \$1,400 for it after four years' use toward the purchase of a new Marmon car which cost \$4,630. Evidently, he became dissatisfied with this car, because recently he bought a new Cadillac sedan at a cost to the city of \$4,196.15, receiving in trade for his new Marmon car only \$1,696.15 after one year's service. The present Mayor has spent for the purchase of cars for his own use in one and one-half years, including the value of cars traded in, the sum of \$8,826.15 of the city's money.

The Mayor's official family has, also, become infected with the desire for automobile hire at the city's expense, but as the purchase of a car for a secretary to the Mayor would be criticised, the expedient adopted by the Curley administration of levying upon another department for a car was continued by the present administration. The department levied upon, however, should have been the last one in

the city for any administration to use. The Fire Department is organized for the safety and protection of lives and property, and either all of its equipment is necessary or, if unnecessary, should be disposed of, and the money devoted to building up fire protecting apparatus. Reserve machines are held for contingencies and it may happen that if reserve cars are away when needed, the lives of helpless women, children and invalids may be endangered. It was the practice of the Curley administration to allow one of the Fire Department cars of the reserve fleet to be assigned permanently to the secretarial force and a special fireman to act as chauffeur. The present secretary to the Mayor has continued this practice and the Fire Department car has been daily, until lately, in the rear of City Hall, awaiting the pleasure of the secretary. In addition to the car, a fireman with a special rating as chief's aid, at a salary of \$2,200, acts as chauffeur. Recently at the expense of the Fire Department a new Chandler car was purchased for the use of the Mayor's secretary at a cost of \$1,695. Lately it was reported to the commission that an Institutions Department car was carrying a passenger from and to Lexington daily. The Finance Commission sent the complaint to the Commissioner. No explanation or answer was received.

In the present year, also, the City Collector requested and obtained a Buick brougham car at a cost of \$2,195. The Finance Commission protested against such waste of the city's funds and the City Collector was unable to justify this purchase before the Committee on Appropriations of the City Council. His examination on this point before this committee is pertinent:

Q. What are you riding around in now?
A. A Willys-Knight borrowed from a department.

Q. What department is this you borrow the car from? A. It is an old abandoned car I have had.

Q. An abandoned car? I would like to get at the bottom of this. What kind of a car is this? A. Willys-Knight, little sedan, holds two people; three crowds it.

Q. How old a car is it? Oh, I don't know.

Q. Whose car is it? A. I don't know.

Q. What department does it come from?
A. I don't know.

Q. How did you get it? A. The Mayor provides it.

Q. Well, . . . I don't see why that car shouldn't continue to do that work. I don't believe anybody is seeking it for . . .
A. I believe it ought to be a departmental car for the purpose it is used.

Q. Mr. Johnson, there have been enough inquiries of the other department heads with reference to automobiles that seem to warrant me in asking you to be more specific with regard to your request for the automobile. A. You mean specific as to the purposes? Q. Yes. A. I can't be any more specific.

IDLE CARS.

These are a few examples of the tendency to disregard the interests of the people. While the assignment of a Fire Department car to the Mayor's secretary is scandalous in itself, it is doubly scandalous to keep the car standing idle in the rear of City Hall. The Finance Commission had a tabulation made of the city passenger cars parked in the rear of City Hall by an inspector for three days in April and three days in June. His report for those six days showed that city cars were standing idle for a total of 320½ hours. On the basis of a seven-hour city day, this represents approximately forty-six days of idle time. The tabulation appears in Appendix A. For examples of idle cars, the tabulation shows that the Boston Sanatorium car, No. 505812, was parked idle for seven hours on June 7, seven hours on June 8, and seven and one-half hours on June 9. In other words, the car practically was not used at all on those days. The Fire Department cars for the six days showed idle time of sixteen hours. The Public Works car, No. 479,993, showed eighteen hours of idle time. The Building Department car, No. 475670, showed idle time of twenty-one hours. Other examples can be taken at random, but the tabulation itself shows clearly the waste of time and money. If a livery system under which a car is called for only when needed had been in use in the city, these forty-six days of idle time would not have occurred.

That a large part of the expenditure for city-owned passenger cars is needless, no one can honestly deny. Heads of departments, servants of the public, daily ride to and from their homes in city-owned machines, while the great majority of citizens and taxpayers travel by public conveyance or go on

foot. What the cost will be ten years from now, if the sluice gates of expenditures are not closed, it is impossible to predict.

WHAT OTHER CITIES AND CORPORATIONS HAVE DONE.

Other cities have tackled the problem of reducing the cost of passenger automobile service. In 1914, under Mayor Mitchell, a central garage was established in New York and a system of operating city-owned cars on a taxi basis was installed, with savings of \$50,000 for the first six months of operation. Chicago at one time disposed of its problem by selling its equipment and contracting with a firm of taxicabs for service on a contract basis. Pittsburgh, Pa., in 1922, under Mayor Magee, solved the problem by the adoption of a taxicab service furnished by a private company. The history of this reform is interesting. When Mayor Magee took office in January, 1922, pledged to a platform for retrenchment and economy in city expenditures, the total outlay for municipal transportation for the preceding year amounted to \$108,597.85. The Mayor and the Director of Public Safety gave up the use of the cars assigned to their offices; cars were taken from bureau heads, and the garage force was reorganized. After many conference between the Mayor and City Council, it was decided to place all city-owned passenger cars under lock and key in the garage and experiment for a month or so with public taxicab service. Two city cars were exempted from the rule; one for the city paymaster for the transportation of money, as the burglary insurance policy stipulated that the money must be transported in a private vehicle, and one high-powered car for the Detective Division which the taxicab companies could not furnish.

Within sixty days after the initiation of this taxicab service, the practicability of the plan and the savings made under the system were acknowledged and on April 20, 1922, sixteen of the city's cars were sold at public auction and the balance converted into trucks, ambulances and patrol wagons.

The experience of Pittsburgh demonstrated the inefficiency, wastefulness, and extravagance of the policy of municipally-owned cars for official transportation. The cost of automobile service in Pittsburgh was reduced from \$108,597.85 in 1921 to \$22,000 in 1926. Compared with the expenditures in 1921, the savings were \$86,000.*

The Edison Electric Illuminating Company of Boston, also, had the same problem of motor transportation as the City of Boston and in 1915 decided that a taxi system was the only solution of the high cost of motor service. Twenty-two officials of the company at that time had special cars assigned to them, but their cars were taken from them and placed in the central garage of the company on Massachusetts avenue. Even the president offered to turn in his car and go on the taxi system, but it was decided to maintain a car exclusively for the Executive Bureau. The president, however, owns a personal car. Rules and regulations were drawn up providing that when an official wished to use a car from the company's garage, his department would be charged a fixed rate. Officials cannot use their cars for private calls and chauffeurs are prohibited from driving officials to or from their homes, except in emergency cases. The livery system eliminated the abuses of private use of the cars and did away with needless trips because the object showed too plainly on the records. Furthermore, in order to reduce the expense sheet of a department, trips were so planned as to be grouped. The head of the transportation department of the Edison Company stated to the commission that the company reduced its cars from twenty-two to nine, gave better service than formerly and the total cost of maintenance and capitalization was reduced at least 46½ per cent. Since the adoption of the livery system by the Edison Company, the number of cars has been increased to eleven, but those eleven serve fifty officials with their subordinates, whereas formerly twenty-two cars were assigned to twenty-two officials. The Edison Company from 1915 to 1919 reduced its mileage from 310,731 to 125,058 and its cost from \$73,087 to \$43,575, a total saving in those five years of \$129,420. Even with the increasing cost of operating cars since 1919, the expense has been kept well below the expense before the taxi system was adopted. What Pittsburgh and the Edison Company have done with economy and efficiency, Boston ought to be able to do.

Two kinds of taxi service are illustrated by the Edison system and the Pittsburgh sys-

* Net cost \$7,000; allowance on old car \$1,923.

*In 1926-27 a new administration came into power; the system was partially abandoned and the expense increased to \$30,000 for the first six months.

tem. By the first, the company retains ownership of a limited number of cars; but, instead of assigning them regularly to its various departments, it holds them in a central garage and sends them out on call of the departments only when needed and only for official business. This system is well adapted for a private corporation operated on a basis of efficiency and economy. It is not so well adapted for the more wasteful service of a municipal corporation as is the Pittsburgh system under which the city owns, with a few exceptions, no passenger car, but hires cars only when needed and only for official business. There is one company in Boston, the "Driv-ur-Self" system, which could furnish cars when continuous daily use is required, as for inspection, and there is a taxi company that could contract to furnish cars as needed for departmental work on city business. Adoption of such service would be better for the City of Boston.

The Finance Commission recommends:

1. That the city abandon its present system of operation of passenger motor cars.
2. That, for the purpose of experimentation, all city passenger cars be placed under lock and key for a period of two months.
3. That arrangements be made for service:
 - (a) for inspectors' cars on the "Driv-ur-Self" basis;
 - (b) for occasional calls, on the taxicab basis.
4. That immediate plans be made for the adoption of Recommendation No. 3.

Respectfully submitted,

THE FINANCE COMMISSION,

By CHARLES L. CARR,
Chairman.

Placed on file.

ABATING NUISANCE, HARVARD AND MORTON STREETS.

Coun. RUBY offered the following:

Ordered, That the Health Commissioner be requested, through his Honor the Mayor, to abate the nuisance now existing in the dump situated in the vicinity of Harvard and Morton streets, Ward 14.

Coun. RUBY—With reference to this order, Mr. President, there is a lot of land in the vicinity of Harvard and Morton streets in the Dorchester section of Boston which for some time past has been used as a dumping place by what I understand is the Boston State Hospital, a state institution, and, without any regard to the health and safety of the residents of the district, they have been promiscuously dumping all kinds of refuse and garbage in that area. So bad was the stench of the odor last week that for a vicinity of two miles away from the particular spot people were unable to keep the windows open. For some time there has been an effort made to abate this nuisance because of the fact that in the dumping they showed no regard for the health of the people in that locality, and I think his Honor the Mayor ought to request of the Health Commissioner that that particular dumping space, or that particular place, be excluded from dumping purposes because of the fact that there are other places that would not be a menace to the people of any district, and I request a suspension of the rules and ask for the passage of the order.

Passed under suspension of the rules.

ARC LIGHT, MAYWOOD STREET, WARD 12.

Coun. BUSH offered the following:

Ordered, That the Commissioner of Public Works be requested through his Honor the Mayor, to install an electric arc lamp in the vicinity of 29 Maywood street, Ward 12.

Passed under suspension of the rules.

PLAYGROUND, WARD 9.

Coun. WARD offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to provide a sum sufficient for the establishment of a playground in the vicinity of Hampshire, Downing and Whittier streets, Ward 9.

Coun. WARD—Mr. President, this location is probably one of the most congested in the City of Boston, and the children up there are sorely in need of a playground, and I wanted to bring to the attention of the entire body the realization that, with the schools closed up, there is no opportunity for the children to play anywhere except in the streets. It is impossible, under the law, as I understand from the Board of Street Commissioners, to close any street as a play street, with the result that in my district there have been children who have been killed as the result of the lack of play facilities in the vicinity. This piece of property which I have in mind is an old vacant lot which I feel can be bought for almost a song. There was a question some time ago as to whether they could get clear title to it. I have investigated and found from the City Collector's office that it is possible to purchase the property now; and I therefore move, Mr. President, a suspension of the rules and passage of the order.

Passed under suspension of the rules.

LEASE OF VETERANS' HOSPITAL, WEST ROXBURY.

President HEFFERNAN called up No. 8 on the calendar, viz.:

8. Ordered, That his Honor the Mayor be, and he hereby is, authorized in the name and behalf of the City of Boston, in form satisfactory to the Law Department, and at a yearly rental of thirty-five thousand one hundred and seventy-five dollars (\$35,175), the lessee in addition to pay the cost of changes, repairs, alterations and improvements and to pay the cost of restoration of the leased premises after the termination of the lease or any final renewal thereof, unless the lessor otherwise agrees, to execute a lease to the United States of America of that certain tract or parcel of land consisting of thirty and one half acres, more or less, together with the buildings and improvements thereon, situate on Spring street, in the West Roxbury district of said City of Boston, known as the West Department of the Boston City Hospital, as at present occupied by the United States Veterans Bureau, Health Service Hospital No. 44, for the term of one

year beginning July 1, 1927, and ending June 30, 1928. The United States Government is to have the option to terminate the said lease by giving to the City of Boston three months' notice in writing of its intention so to do; and said United States Government is also to have the option of renewing the said lease under the same terms and conditions as therein provided; but no renewal thereof shall extend the term of the lease or the period of occupancy beyond the thirty-first day of December, 1928.

On June 27, 1927, the foregoing order was read once and passed, yeas 16, nays 0.

The order was passed to a second reading, yeas 20, nays 0.

ORDINANCE CONCERNING CONTRACTS WITH THE CITY OF BOSTON.

President HEFFERNAN called up No. 9 on the calendar, viz.:

9. An ordinance concerning contracts with the City of Boston.

Be it ordained, etc.:

Chapter 40 of the Revised Ordinances of 1925 is hereby amended by striking out the semicolon at the end of Clause A of Section 13 and adding the words "whose plant or plants are located in the United States"; and by striking out the semicolon at the end of Clause B of said section and adding the words "and the plant or plants of which corporation or other legal association are located in the United States"; so that section 13, Clauses A and B, of said Revised Ordinances of 1925, shall read as follows:

Section 13. No contract shall be made by the city except with,

(a) individual citizens of the United States whose plant or plants are located in the United States;

(b) corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States and the plant or plants of which corporation or other legal association are located in the United States.

Coun. PARKMAN—Mr. President, I offer the following amendment, to be added at the end of subsection (b):

"The provisions of this section shall not apply to the purchase of materials or supplies in the event that the same are not produced or manufactured in the United States."

That is simply a proviso which, as far as I can see, leaves all the teeth in the ordinance which the city requires or is required to provide that the purchases shall be made in the United States, or of plants that are located in the United States. It simply safeguards the creation of the situation where the city might be bound in such a way that it could not purchase needed materials or supplies at all, and for that purpose I offer the amendment.

Coun. DOWLING—Mr. President, I should like to ask the gentleman from Ward 5, through you, whether the amendment offered by him would not make it possible for the city to purchase, say—I want to use something specific—a lot of Belgian cement. That, it occurs to me, is a commodity which the city is using extensively in competition with cements made in this country, and, if there were a great deal of construction work to be done and a great deal of cement to be used, it seems to me the amendment offered by the councilor from Ward 5 would allow preference for the Belgian cement, and, of course, that would defeat the purpose of the whole ordinance.

Coun. PARKMAN—Mr. President, I am not familiar with the cement industry. I do not know how much is manufactured in the United States and how much in Belgium, nor am I familiar with the technical characteristics of Belgian cement, but I should imagine that the United States could pretty well take care of the manufacture of the cement required in building activities, and, if it were not, and buildings were required, I should think that the ordinance, if it did not provide for the purchase of supplies elsewhere, would have a very retarding effect on the prosperity of the country.

President HEFFERNAN—The Chair will read the amendment for the information of the councilors:

"The provisions of this section shall not apply to the purchase of materials or supplies in the event that the same are not produced or manufactured in the United States."

Coun. WARD—Mr. President, on the amendment offered by Coun. Parkman, I believe that the object of inserting this ordinance was to make it as ironclad as possible, because the entire system as laid out by the founders of this ordinance was to buy American products and to bring to American manufacturers the profit that was going to Europe, and to bring to American workmen work which they

are sorely in need of; and I believe if we take the chain as outlined in the paper, or if the people of Detroit, Michigan, are buying hats made in Italy, then the hat industry, the factories, in Chatham, will be closed up, and if the people in Detroit will buy hats made in Italy, then the people in Chatham will be out of employment and no automobiles sold which are manufactured in Detroit, and I believe that this chain would go endlessly throughout the entire country, and since we are a country that can fight a war on our own resources, why can't we live in peace on our own resources? I believe, in accepting the amendment as laid out by Councilor Parkman, that it would give the purchasing agent, or it would give the Mayor or the particular department an arbitrary right to buy certain things manufactured in Europe, and I do not feel that I can conscientiously vote for an amendment to such an ironbound insertion in any ordinance.

Coun. GUILD—Mr. President, it is a little surprising to me to hear the last speaker make a plea for a protective tariff in view of his well-known political principals, but, in spite of the argument which he has advanced in favor of a protective tariff, it seems to me that it would be folly for this Council to put upon the books any law which prohibits, we will say, the Hospital Department from purchasing thousands of dollars' worth of medical supplies, instruments and other paraphernalia which they use in that department but which are not produced in this country. It would be folly, I say, to prevent that department from going abroad to get those needed things; and, while it may be true that it is highly desirable to protect American industries in so far as it is possible to do so, we should not apply the principle to the extent of crippling it. I am very much in favor of Coun. Parkman's amendment.

Coun. WARD—Mr. President, I believe, from what little I know of history, that there were two great men in the country who knew nothing about the tariff. One was Abraham Lincoln, and the other is the councilor from Jamaica Plain; and I believe that, when the tariff was explained by Abraham Lincoln at one time, he stated that, if he were to purchase a suit of clothes made in England, he would have the suit of clothes and England would have the \$100. I believe that is the subject of this entire controversy, whether we are going to have goods made in Europe and Europe is going to have money made in America. That is the question we have got to decide this afternoon.

Coun. PARKMAN—Mr. President, I offer a further amendment to the amendment in order to improve the phraseology and to leave no mistake whatever as to its meaning. I will strike out the words, "in the event that the same are not produced or manufactured in the United States," and insert thereof the words, "if no such materials or supplies are produced or manufactured in the United States;" so that, as amended, it will read as follows: "The provisions of this section shall not apply to the purchase of materials or supplies if no such materials or supplies are produced or manufactured in the United States."

That, I believe, takes care of the dilemma in which Coun. Dowling found himself and which he raised by the simile of Belgian cement. Under the clause, as re-written, if cement is available, then Belgian cement cannot be purchased, and, with that interpolation, I believe the amendment reads in better form and is better drawn.

The amendment was adopted, and the ordinance, as amended, was passed.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

President HEFFERNAN called up No. 1 on the calendar, viz.:

1. Action on appointments submitted by the Mayor June 27, 1927, of Bernard F. Travers, to be a Weigher of Goods, Boilers, and Heavy Machinery, and Coal; Alexander B. Wiley, Cecelia McCarthy, Tercilla McCarthy, J. D. Loughry, and E. A. Marston, to be Weighers of Coal.

Councilors Ruby and Lynch were appointed a committee to receive, sort and count ballots. Said appointments confirmed, yeas 19.

ORDINANCE CONCERNING CONTRACTS MADE BY THE CITY.

Coun. McGRATH offered the following:

An ordinance concerning contracts made by the city.

Be it ordained by the City Council of Boston, as follows:

Section 1. Chapter 40 of the Revised Ordinances of 1925 is hereby amended in the portion relating to contracts made by the city, by inserting after section seventeen the following:

Section 17 (a). Every contract hereafter made by the city shall contain a provision requiring the contractor and subcontractors to pay all laborers, workmen and mechanics the prevailing rate of wages as defined in the following section.

Section 17 (b). The words "prevailing rate of wages" shall mean the rate of wages paid in the City of Boston to the majority of laborers, workmen or mechanics engaged in any particular trade or occupation. In the event that it is determined that there is not a majority in the same trade or occupation paid at the same rate, then the rate paid to the greater number in such trade or occupation shall be the prevailing rate, provided such greater number constitutes at least forty per centum of the laborers, workmen or mechanics engaged in such trade or occupation; in the event there is less than forty per centum of the laborers, workmen or mechanics engaged in the same trade or occupation in the same locality paid the same rate, then the average rate paid to such laborers, workmen or mechanics in the same trade or occupation shall be the prevailing rate.

Section 17 (c). The head of the department in charge of any public work may, and on written request of any interested person, shall, require any contractor or subcontractor engaged on such work, to file with the department a schedule of the wages paid or proposed to be paid to laborers, workmen and mechanics; and said head of department shall determine by proper investigation whether or not the rates of wages paid or proposed to be paid are the prevailing rates. If the said head of department shall find that any such scheduled rates are less than the prevailing rates he shall require the contractor or subcontractors to pay the prevailing rates and in case of refusal to so pay he shall abrogate the contract.

Section 2. Section nineteen of said chapter forty is hereby amended by striking out the words "and sixteen" in the fourth line of said section, and inserting in place thereof the words "sixteen, seventeen (a), seventeen (b), and seventeen (c)."

Referred to the Committee on Ordinances.

MINORS' LICENSES.

President HEFFERNAN submitted applications for minors' licenses from twenty-three newsboys and seventeen vendors, and it was voted that licenses be granted on the usual conditions.

REPAVING LONGWOOD AVENUE.

Coun. FREELEY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth block paving Longwood avenue, from Huntington avenue to Parker street, Ward 10.

Passed under suspension of the rules.

ANNUITY TO WIDOW OF PATROLMAN MCINNES.

Coun. GREEN offered the following:

Ordered, That an annuity of \$600 be allowed and paid to the widow of Harris B. McInnes, late member of the Police Department, who died from injuries received in the performance of his duties, such annuity to continue as long as said widow remains unmarried and to be charged to the appropriations for Police Department, Pensions and Annuities.

Passed under suspension of the rules.

RECESS.

On motion of Coun. GUILD the Council voted, at 2.45 p. m., to take a recess, subject to the call of the Chair. The members re-assembled in the Council Chamber, and were called to order by President HEFFERNAN at 3.15 p. m.

REPORT OF COMMITTEE ON ORDINANCES.

Coun. DOWLING, for the Committee on Ordinances, submitted the following:

1. Report on Ordinance (referred June 6) concerning the salary of Superintendent of Supplies, raising the same from \$6,000 to

\$7,500 per year—that the same ought to pass.

Report accepted; said ordinance passed.

2. Report on ordinance (referred June 6) concerning salaries of Schoolhouse Commissioners, increasing the salary of the chairman from \$5,000 and each of the other two commissioners, from \$4,000 to \$7,500 and \$5,000, respectively,—that the same ought to pass.

Report accepted; said ordinance passed.

REPORT OF EXECUTIVE COMMITTEE.

Coun. DOWLING, for the Executive Committee, submitted the following:

1. Report on order accepting provisions of chapter 294, Acts of 1927, relative to salaries in South Boston Court—that the same ought to pass.

Report accepted; said order passed.

REPORT OF COMMITTEE ON FINANCE.

Coun. GREEN, for the Committee on Finance, submitted the following:

1. Report on message and four orders (referred June 6) for loans, amounting to \$522,000, for two new buildings at the City Hospital—that the same ought to pass.

Coun. WILSON—Mr. President, while I agree that there is need of increased hospital facilities in the City of Boston, yet I also feel—personalities excepted—that any member of this Council is entitled to ordinary courtesies from any city department, even the Chief Executive. As long ago as the 2d of May, I introduced the following order:

Ordered, That the Institutions Commissioner, through his Honor the Mayor, be and he hereby is respectfully requested to investigate and report to the City Council relative to the availability and possible purchase by the City of Boston of the Homeopathic Hospital buildings for use of same by the chronic sick.

That was the 2d of May, and on May 9 I made inquiry as to whether any report had come through on that, and I understand no report has come through to date. Incidental to attending a meeting of the Committee on Ordinances, I also attended a meeting of the Committee on Finance, of which I am not a member, but heard some talk about the need of the passing of this loan order and expending of this additional money. I may be thick but, at that time, I questioned the gentleman who appeared before that committee with reference to the possibility of purchasing the available buildings of the Homeopathic Hospital. So far as I, personally, am concerned, I never owned any part of the hospital nor had the pleasure or unfortunate occasion of visiting that hospital, but I have received advices from proper sources to the effect that the Homeopathic Hospital is for sale and has been for sale since last Christmas some time. The gentleman who appeared before the Committee on Finance said that they tried to buy the Homeopathic Hospital some six years ago and they would not sell and for that reason he assumed that is probably the situation now, although it seems to me there would be a substantial difference in price between a hospital which was not for sale six years ago and one which I understand is now offered for sale. I understand that the buildings are for sale because they are going to remove elsewhere, and the map which we had before the committee hearing the other day shows that some of these buildings are right across the street from the City Hospital, although I believe the gentleman stated that building a rooming house for the doctors of the department that is to be across the street would be too far a walk, or some such suggestion. It seems to me that I am entitled, and the members of the Council are entitled to know whether the buildings of the Homeopathic Hospital, or any of them, can be bought, and, if so, what the price is, and whether or not it would interest us. I feel I am entitled to a reply to that order of May 2 and until that is received I cannot conscientiously vote on this particular loan order, because it obviously would cost, or I assume it would cost, less to buy an existing building and make in into rooms, than it would to build an entirely new structure. I think I am entitled to the information, knowing, as I do, that the information is in the hands of city officials who have a list of the paraphernalia, which I have, and something which I have not, namely, the price.

Coun. GUILD—Mr. President, I got a little different impression from the testimony that was offered by the heads of the City Hospital to the Committee on Finance regarding the money to be spent under this loan order. I understood their testimony to be that, at whatever the price the Homeopathic Hospital

might be on the market, those buildings were not suitable or adequate to the things which they wanted to do. I do not know whether the Homeopathic Hospital is on the market at the present time or not. There seems to be a difference of opinion on that question. I do not know at what price they are on the market, if they are on the market. The last speaker was unable to inform us as to the price, although he was willing to assume—from what basis nobody knows—that the price would be cheaper than it would be to build a brand new building on land which the city already has, and it would be adequate and suitable for the purposes for which the trustees of the City Hospital want this building. As I understand it, it is purposed with all the money raised on this loan order to construct a new medical wing or department of the City Hospital and to provide housing facilities for the house officers. The representatives of the City Hospital who appeared before the committee said that it was desirable to have housing quarters on the property of the City Hospital, and that for various reasons—the age of the buildings and their location as well—the buildings of the Homeopathic Hospital were not suitable and were not adapted to the purposes for which they needed them. So that, in the absence of all information, although the learned counselor who preceded me is willing to assume that the price would be cheap, in the absence of all information as to the price, and in view of the perfectly definite statement of the authorities of the City Hospital that the buildings were not suitable, I cannot see why anybody can hesitate one moment in voting for the passage of this loan order.

Coun. WARD—Mr. President, I do not know whether "Doctor" Wilson and "Doctor" Guild are both right, as "Doctor" Wilson says "Homeopathic" Hospital and "Doctor" Guild says "Homeopathic," but I want to ask Coun. Wilson a question: Whether or not he has ever heard that the price of the Homeopathic or Homopathic Hospital was \$2,000,000?

Coun. WILSON—Mr. President, replying to both my fellow "doctor" and the gentleman who has corrected the pronunciation one way or the other, it is just because I do not know what the price is that I have criticized the fact that the order of May 2 has never been answered. My brother Guild says that he does not know whether the hospital is on the market or not. I do know that it is on the market and has been for some time, and that the full details of the building have been sent to City Hall and an offer made. I was fortunate enough, for purposes of my own information, to get the data with respect to the equipment and the buildings. For obvious reasons, I have not been able to obtain the price. It occurs to me that it would not take a vast amount of renovation in almost any building to make an existing supposedly modern building directly across the street from the City Hospital, good and sufficient for the needs of housing quarters for the house officers of the City Hospital. I think that, in the first place, I am entitled to receive the information which I requested on the 2d of May. I do not know the price, and it is for that reason I ask the information. It seems to me we could vote on this measure with a little more intelligence if we knew whether or not an adjacent hospital, or some of its buildings, right across from where they want to build these buildings, is on the market for sale, and that seems to me a reasonable inquiry, the gentleman on my right to the contrary notwithstanding.

Coun. WARD—I might answer the gentleman from Dorchester, Mr. President, relative to that question. If I remember correctly, the reason why Coun. Wilson placed this order before the Council inquiring the price of the Homeopathic Hospital was because they had contemplated spending a million dollars, which will end up in spending ten million, for the erection of a chronic hospital upon Parker Hill. I might say for the benefit of the gentleman from Dorchester that I believe the price of the Homeopathic Hospital is approximately \$2,000,000, and, since this order calls for only \$500,000, I cannot see where there is any argument.

Coun. GREEN—Mr. President, I would like to ask the counselor from Dorchester a question: If he appeared before our committee on finance that day and was asking some questions, or, rather, seeking some information from the chairman of the Board of Trustees, Mr. Manning, and Dr. Dowling, if he did not, at that time, in answer to one of the questions of the counselor, simply say that the Homeopathic Hospital was unfit, and if the City of Boston took it over they would have to tear down and rebuild, and it would be impossible to renovate or put it in any condition to satisfy their needs; and I want to ask the counselor from Dorchester, too, if he thinks that the City Council ought to interfere with the present program as laid down by the chairman and the Superintendent of the City Hospital?—I

think they know best what they need. They say they do not need the Homeopathic Hospital; they can't use it; because they would have to tear down and rebuild and retard the continuance of the program already laid out.

Coun. WILSON—Mr. President, if I can remember the questions that I have been asked—and I apparently seem to have started something, because they are all asking questions—I will try to answer them. With reference to whether that inquiry was made or not and what the gentleman's answer was, I would say this,—that I asked whether or not the buildings, or any of them, were available to the use of the hospital, and the first reply was they were too far off, apparently because they were across the street; and when we got the map out and it turned out that the buildings were but a stone's throw from the building they wanted to build, then it came out that the buildings were obsolete, although the City of Boston was in the market to buy the same property as short a while ago as six years, but now that the hospital wants to build they are too obsolete. For the purposes of the hospital officers I can't imagine the buildings have grown so obsolete that men cannot live and sleep in them now. I say, if we are being called upon to expend in excess of half a million dollars for a house building for some house officers, it is a pertinent and intelligent inquiry to make as to whether perhaps one of the buildings of this other hospital directly across the street cannot be bought and renovated, and I still think that is a perfectly logical suggestion—to find out whether there is not a building right across the street which can be used, and for some reason I am unable to find whether it is on the market and what the price is, although everybody in Roxbury and councilors from other districts of the city seem to know all about it. I am merely trying to find out what the others apparently know.

The report of the committee was accepted, and the four orders read once and passed, yeas 20, nays 0.

2. Report on the message and order (referred June 6) appropriating \$125,000 for a central power plant at the House of Correction, Deer Island—that the same ought to pass.

Coun. DOWLING—Mr. President, before the roll is called on that—I should like to vote intelligently on it—I think it is due the Council that the committee give a brief idea of what the proposition is.

Coun. GREEN—Mr. President, in answer to the counselor from Brighton, this appropriation is for a central power heating station at Deer Island, and it is a report and a recommendation of Ritchie, Parsons & Taylor, who made an extensive study of conditions down there and recommended it, and also it has been recommended by the Penal Institutions Commissioner. The \$125,000 will be needed to erect this new central heating station at the island because the other is too obsolete.

The report was accepted, and the order read once and passed, yeas 20, nays 0.

3. Report on message and order (referred June 6) for loan of \$750,000, for a fire station, West End—that there be substituted for the order recommended by the Mayor the following orders:

Ordered, That the sum of three hundred fifty thousand dollars be and hereby is appropriated to be expended under the direction of the Fire Commissioner for the construction of a new fire station in the West End district, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Ordered, That the sum of three hundred thousand be and hereby is appropriated to be expended under the direction of the Fire Commissioner for the purchase of a site for a new fire station in the West End district, and that to meet said appropriation the City Treasurer be authorized to issue from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

The report was accepted, and the question came upon rejection of the order as submitted by his Honor the Mayor and the substitution of the two orders, reported by the committee.

Coun. FITZGERALD—Mr. President, I would like to have you put that question again.

President HEFFERNAN—The question is upon the rejection of the order as submitted by the Mayor and the substitution therefor of the two orders reported by the committee.

Coun. FITZGERALD—Mr. President, on this matter of the proposed new fire station in the West End section of Boston, a good deal of agitation has taken place. The original order provided for \$750,000. Investigations have been made by the Finance Commission, the Real Estate Exchange has been called in, and the Committee on Finance held several hearings, and they now recommend that the loan order be reduced from \$750,000 to \$650,-

000. I am not so sure that the Fire Commissioner is right in his proposed plans of centralizing these fire stations. I know that district pretty well. I was born and raised there, and I have lived there all my life. We have in that section Ladder 24, which this commissioner proposes to remove and locate in this so-called central fire station. At the present time, that fire house is surrounded by the great Massachusetts General Hospital, recognized as the greatest institution in the world of its kind, or in the United States—I will not say the world. We have there the Charles Street Jail where many people are confined, some innocent, some guilty, but they are all entitled to protection, and you realize that many of these are waiting trial, waiting the judgment of a jury of their peers as to whether they are guilty or not, and many an innocent man is placed in confinement who never ought to be there. Also surrounding this fire station are fifteen schoolhouses, all within half a minute. But half a minute might be the saving of life, and, after all, that is the great, important matter. Boston has had some great fire commissioners in the gone-by days, and they stand well, and when they planned these houses they planned them for the future. Now the great question is, is he right? He said before the committee that the ladder would not reach the highest point in the Massachusetts General Hospital. That I question, for, after investigation upon my part, I find that the ladder reaches the highest point of any building in the Massachusetts General Hospital. Then he proposes to remove Engine 6 from the thickly, densely populated section of the West End, where thousands of human souls are. Of course, he does not have to live in that great section, and what if a few lives are lost. No explanation has been given. In the Back Bay section within a few weeks lives were lost, where I do not think there is a piece of fire apparatus from Commonwealth avenue to Harvard avenue, in Brighton or Allston. There was the spectacle of removing Engine 26 and Engine 35 from Mason street, taking them away from the heart of that great business section, the dry goods section, the department store section. Think of a fire starting in Gilchrist's, Jordan's—what it means! and locating it at the extreme end of the district—Broadway. That apparatus is now located, awaiting the final construction of that house on Broadway, down in Bulfinch street. Bulfinch street is nearer Mason street than Broadway. Is that right? Some may say it is all right. I believe the matter ought to be studied more. I hold in my hand a clipping from the Boston Post which says they have been unable to find out from the Mayor what is to be done with the great, valuable piece of property in the rear of this building. It will cost a lot of money if you want to buy that land. They say they do not know what is going to be done with it. There is a crying need today for a new building, for the Registry of Deeds and Registry of Probate. Perhaps it might be utilized for that. What is the purpose of it? Are they coming in there a little later and ask that that be sold? Is that going to be sold, that valuable piece of property in the rear? We haven't a municipal building in the great West End of Boston. It might be utilized for this Auditorium he talks about. I don't know any better place than right there in the heart of Bowdoin square for that. But, however, at the present time they have given no study. Now, aside from that, it is a question whether he is right on this matter. We agree that many of these houses are old and out of order now, and do not measure up to present day modern methods of motorized apparatus. But we must have more definite information and decide whether it is right to remove them. If those buildings are unfitted, let us build new buildings in their places. He takes that Ladder Company away and leaves the hill part of the district, represented by the gentleman from Back Bay, who is not here, not covered. That hill apparatus can't shoot right up there. There are apartment houses there without number and with no protection, and the only way we would have then is to come from Bowdoin square down. Already it is the center of activity. Now, Mr. President, I think we are a little hasty in this matter. I understand, today, before the committee—I was not present—the question was put. Perhaps some other members may enlighten the Council as to just what Mr. Freeman had to say. But this is the vital question and I believe, in all justice, also—the votes may be here today to pass this proposition—something should be done. We all thought that this man was going to be a great fire commissioner. Everybody looked forward, thinking that he would strengthen the Fire Department. Everybody recognized that it needed some strengthening. The man before him had a wonderful character, genial character, a man who treated them well and gave them every possible consideration, but there was a

lot of laxity. This man came. Everybody thought he was going to emulate the great Colonel Russell, but, alas, when we saw the list of promotions it told a different story, and we haven't got a Henry Russell. We thought we had. He was a great executive, a man who served the country in the time of the Civil War. He was a great leader, and every mayor begged him always to retain his position irrespective of whether he was Democrat or Republican. And, gentlemen, on that theory I do not agree yet that he is absolutely right. The people want to know definitely, even though he be allowed to build this station and bring the tower from Fort Hill square where it belongs, up there in the old station which was supposed to take care of the West End. Even Engine 4—I don't believe he should be allowed to remove that, together with Engine 6 and Ladder 24. Notwithstanding the fact, I think it would be far more feasible if he were to take Ladder 1 and bring it up there. Showing me that he does not know all the details of the great Fire Department, and when he says leave Ladder 1 where it is, almost directly at the foot of Chardon street, within half a minute from Bowdoin square, to leave that there but take the other ladder away, the only protection we have got down at the other end, he didn't give it the study and thought that a great engineer ought to give. He failed there. Ladder 1 is the thing to put in Bowdoin square, if anywhere. He hasn't given that the thought. I don't know where this report comes from, but it must have been hurriedly got together, and it is a serious matter. I think the members of this council will remember that the life of one child is important. Nobody knows whose child it may be or where it might belong. Remember that in voting for this proposition today. I say now the order ought to be postponed for further action and study.

Coun. KEENE—Mr. President, I move you, sir, that action on this matter be postponed for a period of one week. I do that because several members of the Council have stated that they would like a little more time to investigate further in order that they may vote on the matter intelligently, and I believe that when any member or members of the Council ask for further consideration, the Council then, so far as it can, should extend that courtesy to that member or members.

President HEFFERNAN—Coun. Keene, the Chair will ask if you are willing to withdraw your motion until a vote has been taken on the question of rejection and substitution?

Coun. KEENE—Mr. President, I withdraw my motion.

The question being put, the order for a loan of \$750,000 submitted by the Mayor was rejected, and the two orders reported by the committee were substituted therefor.

The question then came on the passage of the orders, and Coun. Keene renewed his motion to lay over for one week.

Coun. GUILD—Mr. President, I feel greatly as Coun. Keene, that every opportunity should be accorded to every member of the Council to investigate and satisfy himself in all reasonable ways regarding this loan order which has been presented to us. The loan order has been before us now for a matter of five weeks. Within that time the Committee on Finance have held various hearings and have reports from the Finance Commission of the city and various other unofficial bodies with regard to it. The councilor who spoke at some length is, of course, very directly affected by this loan order because it deals with his district, and I have every sympathy for the questions which he raises in connection with it, but it does seem to me that, in view of the number of hearings which the Committee on Finance have held, and in view of the length of time the matter has already been pending before it, the Council has had ample opportunity to present whatever there was in the way of evidence and testimony to the committee with regard to the policy of centralizing or not centralizing the Fire Department of the West End. It strikes me, however, that that question is probably a question for the administrative branch of the city government to decide. The administrative branch is represented in the Fire Department, of course, by the Fire Commissioner. The Fire Commissioner appeared before the Finance Committee of the City Council and stated his reasons for desiring to centralize the Fire Department in the West End, and they seemed to be good and sufficient reasons. Among others which he gave was the one that the present quarters for one of the ladder trucks is inadequate to accommodate ladders of such length as would reach to the remotest parts of some of the buildings in the West End, and that a house sufficiently long to house such a ladder was needed. If the question has been raised at all as to whether there is an opportunity to house a ladder sufficiently long to reach to any part of any building in the

West End, it seems to me that this body should resolve it on the safe side and not gamble and take chances with human lives and take a chance that what we have there now is inadequate. If the Fire Commissioner says that it is not adequate, we should resolve the question on the safe side, in any event. I do not think that the City Council, as such, is expected to form the administrative policy of the city in regard to the centralization or noncentralization of the fire stations. So far as the testimony that was elicited from Mr. Freeman at today's hearing is concerned, I happened to be presiding over the committee at that time, and for the information of those councilors who were not present and who desire to know what his attitude on the matter was, it is this. He was unwilling to make an estimate in regard to the value of the site which has been under discussion for the reason that he is interested in it. It was impossible to get from Mr. Freeman any statement whatever in regard to what he thought was an appropriate figure. Mr. Freeman stated, quite frankly and openly, that he had not given anybody any figures or any estimates of any sort or any kind; that, whatever the source of such figures as previously had been presented to the examination of our Committee, he was not responsible for them, and it was entirely impossible to get Mr. Freeman to take any responsibility for those figures. The elaborate report which the Finance Commission submitted was the basis of the amendment which was drafted and submitted in place of the original order and which the Council has now accepted. While I am entirely in accord with the desire to make a thorough study, I have no reason to suspect that any more testimony can be presented to the Committee, or to the Council, than has already been presented with regard to the advisability or nonadvisability of attempting to govern the administrative policy of the City in centralizing or not centralizing the Fire Department. I think we should act on the matter at this meeting and let it take its second reading.

Coun. McGRATH—Mr. President, I listened with a great deal of interest to the speech made by the councilor from the West End, because he is so familiar with that district where this fire station is to be located, and I know when he spoke of the property in back that he had in mind the difference between the city buying a piece of property and the city selling a piece of property. If we were to send over to our real estate expert a buyer of the piece where the Bulfinch street apparatus is located, he would tell us that, of course, you had to pay at least 25 per cent above the assessed valuation and perhaps more, but when it came to the sale of the property, which would be a good barometer as to the worth of this property now under discussion, we find it to be like your Station 2 out here, or the former Station 2 below, which for so many years we held on the fire without bringing in any assets to the city. It is the same with this property. If you want to find out what it is really worth, you put it under the hammer at auction and see how much it will bring. I, too, feel like the majority of this Council, that the City should not sacrifice that but should hold on to it because there may be some development in the future in which they will want that piece of property. And if there are any betterments that have accrued from the Cambridge street widening, the city should receive the benefit as well as private owners. So, if this matter had come to a vote today I would be forced to vote against it for the following reasons: When it came in here a few weeks ago it came in as an innocent lamb. It was on that desk, sir, when I arose and asked a few questions and said that I thought the price was exceedingly high. I think I can understand the English language, and, as I listened to the reading of the order, it said that the Street Commissioners recommend a price close to \$400,000, after securing the appraisal of three competent appraisers. I understood the appraisers were Mr. Kiley, Mr. Dillworth and Mr. Freeman, with all of whom I have worked in various deals in the past and for whose opinion I have great regard. But, on sending for the appraisers, Mr. Kiley was in Europe, Mr. Dillworth was not available, and Mr. Freeman came here, and said today, this to the Committee on Finance. He said, today he does not appear as the real estate expert of the city. The councilor from Roxbury said, "We seek advice. You are the paid real estate expert of the city. What do you think is the worth of this property?" He said, "I can't tell you that today, because I am not the real estate appraiser today—I am the owner of the property." So, today, Boston is without a real estate adviser, for one day, anyway. Perhaps that is fortunate, sir, because, when we found out that they were

asking \$400,000 for this, we then sent for the Street Commissioner, who had recommended, so his Honor the Mayor said, paying \$400,000, and the chairman of the Street Commissioner, Mr. Hurley, said, "It has never been called to my attention officially, and I will not accept the bid as mine." That brings it back in the lap of his Honor the Mayor, and to this hour he has not sent, officially, any information that he wants any less than \$400,000. Of course, he will now have to call for the resignation of Mr. Freeman, who has so hopelessly fallen down. It is the only thing for him to do—to prove that there is no collusion between Mr. Freeman, who still stands as the real estate expert, although he has been shown up as the owner who went down and looked at his own property. Perhaps he did not appraise, but then, if he did not appraise, the Mayor does not understand what an appraisal is, for he said he did appraise. Someone is in error. They went before the Finance Commission, and Mr. Freeman said, "I did not tell the Mayor I owned the property but he knows I own the property." Now someone is decidedly lax in this entire situation. We saw the Real Estate Exchange, and they certainly stand high in the estimation of the people of the city, today, for when they were called upon for an honest appraisal they went down there, knowing that three members of their Exchange had previously appraised that property, so far as was the general knowledge, and they did not quibble, sir. They came back here with an honest appraisal, and they backed up that appraisal with their entire committee, and the standing of the committee, sir, speaks for itself,—in which they cut the price just 25 per cent. That is a tremendous cut, sir, when you know there is a building on there; there is tangible property underneath it, there is one profit, supposed to be a reasonable profit, and somewhere between \$200,000, which we all agree it is worth, and \$400,000, they cut 50 per cent, sir. Somebody was stealing \$100,000. Mr. Freeman says he was not the man. Nobody will come forward. Who will walk into the Committee on Finance and say, "I stand as the one who wants \$400,000?" The only one who has is his Honor the Mayor. Nobody seems to be paying much attention to him, sir, in this particular matter. But it does stand to reason when those in authority in our city find that property is owned by a man and that that man went down and appraised the property and did not inform the men who had hired him that he owned the property, there is only one gentlemanly thing to do to remove suspicion personally, and that is to call for the immediate dismissal of the man who is employed to advise him. We are paying a real estate expert to give an honest opinion on it. Either the Real Estate Exchange are wrong or Mr. Freeman is wrong, and I leave it to his Honor the Mayor to decide. No matter what happens here today, this order can be re-introduced, and, while I do not quarrel with the price of \$300,000, and while I would be forced to agree with the Real Estate Exchange, because I know that surely it is the cream of this city, and, yes, of this state, sir, that Exchange would not quibble on the price, and while they do not go into confiscating property, and the city does not stand in that class today, they give a man a fair price, and I can assure the members of this Council, sir, that, at \$300,000, Mr. Freeman won't be a philanthropist. But when you think that we almost let get by here over and above \$300,000, the amount of \$100,000 and more,—and that is more than the salaries of all twenty-two members of this Council for two years—in one batch, sir, that is worth considering and it is perhaps worth our stopping to think who is advising the Mayor of Boston today. Mr. Freeman says he is not. Mr. Freeman, on this day, July 11, is not even the appraiser of the city. But he would start tomorrow morning, at 9 o'clock, being appraiser all over again, and, if we do not watch out, we will see another hot one coming up here. I wonder who is the guardian of the city money. Surely, it must be the Council. Every administration, or most every administration, has had some outstanding thing by which the administration was known. I say Mayor Nichols' administration will go down in history as the administration of the Revere House steal, and in the future, when people refer to it, the only reason it was not a steal was because the Council and the Finance Committee of the Council were on the job. But, sir, when Mr. Freeman, today, said that even though he is awarded the \$300,000 he would go into court, and when you know, if he does go to court, it goes up to the Law Department—they are gullible, they are decent fellows—they are perhaps give him back that \$100,000—wouldn't it be better if we got rid of the nasty situation by defeating it entirely? I

agree to this, sir. The site is an ideal one. The price may not be too high, and, if the Real Estate Exchange says it is not, that is good enough for me. But, when the man who owns it says he will go to court and sue for more, and when I know that the Law Department is at least friendly, I know he will get more. Aren't we defeating our purpose here? Why do we waste time? Why do we attempt to save \$100,000 in one deal for the citizens if they can wipe that all out and nullify it by one act of the Law Department? Wouldn't it be better to do the decent thing, to do the fair thing, to do the honest thing: defeat the entire situation today? Clean the dirty linen now and then let them send back an honest report of the real estate appraisal with the men who appraised it being honest enough to sign the appraisal, as the Real Estate Exchange does. Perhaps it is the best location, but we can best clear the skirts of the City Council today, who are saving \$100,000, by defeating the entire order and serving warning on his Honor the Mayor that the next time he sends up a loan order of any kind to at least have the men who are supposed to be the ones who fix the price have courage enough to stand behind the price. As it stands before the Council today, sir, the only one who has asked for \$400,000 is not the owner but it is his Honor the Mayor, and I do not like to see him in that situation, and I want to give him a chance, and I want to see him get out of a bad mess, just as we have got out of it, sir. Let us defeat it today. Let him send it up again with the reasons of the men who appraise the next piece of property. Let them be game enough to stand behind the appraisal they make if it is an honest one.

Coun. GREEN—Mr. President, I would like to ask the councilor from Dorchester a question. The councilor from Dorchester, of course, has made some damaging statements, and I have always known him to come pretty near knowing what he was talking about, but I am going to ask him if he does not think that the Real Estate Exchange and the Finance Commission and Mr. Freeman and all those other bodies have stolen the only prerogatives which the City Council has? By virtue of our position here, we are custodians of the city finances and should look after the welfare of the people throughout the city, the taxpayers, and I would like to know how he feels about the Chair appointing a special committee, to be made up of members of this body, men that are qualified by training or experience in the real estate market, and those men go down and make an exhaustive study of this whole situation and report back to the Committee on Finance so that they can act intelligently and vote intelligently on this order? I do not think there is a man in this body that has not an open mind on this transaction in the West End. We want to be fair and want to be upright and want to protect the people, and I think, Mr. President, that the councilor from Dorchester will agree with me that the only prerogatives which we are supposed to have as members of this body have been taken away from us, and I would like to hear from the councilor from Dorchester and find out how he feels about that.

Coun. McGRATH—Mr. President, I think we should first act on this proposition and defeat it and then go down with a perfectly open mind and, if there is an appraisal to be made, appraise this property, together with a couple of other propositions, one of which I understand a councilor here has knowledge of, which has already been considered and which is fully as good a site and the price of which is a great deal cheaper. If we could go down there with this matter disposed of, with open minds, I just as soon have a committee appointed.

Coun. GREEN—Mr. President, I think that the councilor from Jamaica Plain, when he introduced this motion for postponement, had in mind one member of the Committee on Finance whose duties have carried him out of town over week-end periods, and that man has not been able to sit in with the committee and make an exhaustive study of the situation, and out of fairness to him as a member of our committee I think the councilor from Jamaica Plain had that in mind when he asked for a postponement so that this man could sit down with us in committee and study this situation. I refer to the councilor from South Boston, my colleague, Coun. Lynch, who, because of his business, had to leave town and was away during that period, through no fault of his.

Coun. LYNCH—Mr. President, I did ask that the matter be laid on the table in committee, but later withdrew my motion, and I am very satisfied now to have the matter take action today.

Coun. WILSON—Mr. President, I, finally, am in favor of the laying over for one week, for this reason. I note that the remarks of the chairman of the Finance Committee and the remarks of the Finance Committee itself and the remarks of about everybody concerned, all have reference to this particular location to the exclusion, apparently, of all others, and it would have pleased me a great deal more if the Finance Committee of the City of Boston, or the Finance Commission, I should say, had spent less time attacking this particular location and gave more intensive study to other sites. It was for that reason that, at a meeting of the Finance Committee of this body, I asked the Fire Commissioner of the City of Boston with reference to the availability and the price of three large and nearby sites on Cambridge street, to wit, the one next to the Bowdoin Square garage, one across the street from this location, and another site far superior to the one above named, a site on which stands old and dilapidated buildings which, presumably, standing on an area of 11,000 square feet, would be bought for a cheaper price than a brand new building on 11,000 square feet. I asked the Fire Commissioner with reference to the availability and the price of these particular locations, the locations that I have in mind on Cambridge street, with Howard street in the rear, Cambridge street on the front, with the possibility of an extension of Somerset street through, with an alley on the other side, making a street on each of the four sides. And if this matter is put over one more week I think that the Finance Committee of the City Council, or a special committee appointed, or whoever makes the investigation, should not go into the matter with reference to this particular location to the exclusion of all others, but go into the question as to whether on Cambridge street we cannot buy more locations than we want; and for that reason, and having that in mind, I am in favor of it going over one week.

Coun. GREEN—Mr. President, I should like to ask the councilor from Dorchester who has just taken his seat if he has submitted those sites to the chairman of the Committee on Finance? Did he send them to the Mayor or the Fire Commissioner?

Coun. WILSON—Mr. President, not being a member of the Committee on Finance, I did not go into the matter as actively as I otherwise might, but I did take the opportunity to question the Fire Commissioner, who, I understand, was the man chief in interest, the executive in charge of the entire proposition, and I did ask him a set of questions with reference to the three locations, and particularly the latter location, which one I consider is far superior. I did not submit any figures to the Mayor. I am not interested in convincing the Mayor, necessarily. I merely wanted to know the opinion of the Fire Commissioner, if it is his opinion that we should buy this particular Bulfinch street corner.

Coun. GUILD—Mr. President, I should like to ask the councilor from Dorchester, if this matter is laid over for a week, whether he proposes to bring in experts to contradict the testimony of the Fire Commissioner and agree to convince the committee as to why the location which the Fire Commissioner has decided upon is not the best location in the district?

Coun. WILSON—Answering that question, Mr. President, I would state that, in my best recollection, the Fire Commissioner did not state that the so-called Freeman lot was the best location on Cambridge street in that particular locality, but that he said it was an excellent site, and, finally, he knew, or purported to know, very little about the location which I suggested, and that he did not even know it was in excess of 11,000 square feet, which is, I understood, the approximate area of the plot he proposes to buy.

Coun. RUBY—Mr. President, personally, I have no objection to the postponement for one week, but I do believe that on a proposition of this kind which involves not only such a great amount of money but such a responsible enterprise, I cannot see what is to be gained by delay. We will come here next Monday afternoon with nothing else before us but this proposition and what other little information we have already received. I sat in at one or two meetings, at one of which the Fire Commissioner himself was here, and there was discussion, at that time, about other sites independent of the present site in question, or independent of the site as suggested by the councilor from Ward 17; but it seemed that there was not any question of any site for any amount of money but this particular site in question. If I had an open mind when I came to this meeting this afternoon, my mind would have been changed by the attitude of Mr. Freeman, as

I understand he appeared before the committee. A man who would make the statement that, regardless of what the Council did with reference to this question, if \$100,000 was chopped off as recommended, he still would have recourse to the courts. Now, a man who takes that attitude does not care what you and I might do on a question of this kind. A man who takes that attitude is insistent on securing a certain amount of money for what he has for sale. If we postpone deliberations for a week, and even if we do appoint an investigating committee, they will go right down and see that site now and then come back and report to us that that site is worth approximately \$300,000, which is information that I think we will agree is right here now; but, Mr. President, if we appraise this lot for \$300,000, as has been so ably brought out by the councilor from Ward 13, the owners of this particular site will still have the redress of going above us, and we giving them that amount by the passage of this loan order for \$300,000 and giving them \$100,000 additional, which it is admitted, today, in our opinion, by all is \$100,000 in excess of the value of that property. I am not so sure but that \$300,000 is a good deal for that property from information that I have been getting around the city. I say that we have a right to be guided by people who know the district; that, regardless of the fact as to whether that is any particular site or not, if certain protection is going to be removed from other important sections of that locality, that should be brought back to the Fire Commissioner, and, with all due respect to Commissioner Hultman, I don't know how, in the short period that he has been Fire Commissioner, he is able to determine 100 per cent as to whether a site is good or not. Of that I am not so sure but that certain members of this Council could give him some information, especially with reference to that particular location, that might be of benefit to him, should he seek that information. Nothing is to be gained by postponement. I do not believe in postponements in the ordinary course of events in a matter of this kind. If the matter can be adjusted by the rejection of this order and the introduction of another order, we are all agreed that a central fire station in that section of Boston is necessary, but under the method that has been adopted I think we would be justified in defeating it, and if we are going to expediate matters, another order for a sum which is just and reasonable for this site, if it is the best site, should be introduced. But I am not so sure, as has been outlined by Coun. Wilson, in taking right on the next corner to this very site at a less amount of money, that the commissioner said he knew nothing about, but who, I understood through the councilor, got some information at some time or other, that he would give us some information as to the desirability of that site. A site was suggested of a vacant lot of land adjoining one of the hotels. There has also been a site on Sudbury street talked of. They have given considerable study to these different sites, and, surely, the real estate experts of Boston must have valued these different sites in question, and, while I have no objection if another week is needed by the Finance Committee, or any group of members of the Council, for an investigation, I do not think we will have any more information a week from today than we have today.

The question being put on the motion to lay over for one week, the Chair declared the motion lost.

Coun. KEENE—I ask for a roll call. The roll being called, the Chair declared the motion lost, yeas 10, nays 10.

Yeas—Coun. Arnold, Donovan, Dowd, Englert, Frecey, Green, Keene, Ward, Wilson, Wragg—10.

Nays—Coun. Bush, Dowling, Fitzgerald, Guild, Heffernan, Lynch, Mahoney, McGrath, Parkman, Ruby—10.

The question then came on the passage of the loan order for \$300,000 for the purchase of land, and after a roll call the chairman declared the order lost, yeas 12, nays 8.

Yeas—Coun. Arnold, Donovan, Dowd, Dowling, Englert, Frecey, Green, Guild, Keene, Parkman, Ward, Wragg—12.

Nays—Coun. Bush, Fitzgerald, Heffernan, Lynch, Mahoney, McGrath, Ruby, Wilson—8.

On the loan order calling for the appropriation of \$350,000 for the construction of buildings, a roll call was taken, and the Chair declared the order lost, yeas 14, nays 6:

Yeas—Coun. Arnold, Bush, Donovan, Dowd, Englert, Frecey, Green, Guild, Keene, McGrath, Parkman, Ruby, Ward, Wragg—14.

Nays—Coun. Dowling, Fitzgerald, Heffernan, Lynch, Mahoney, Wilson—6.

Coun. DOWLING—Mr. President, if I voted correctly, and I think I did, just to clear up an ambiguous situation, I think I am entitled to make an explanation. We not having provided a site, I desire to vote against building a building which necessarily will be suspended in the air, and the time has not arrived yet when fire stations are erected in the air.

CONFIRMATION OF APPOINTMENT OF CONSTABLE.

Coun. WILSON—In response to a request by Coun. McMahon, I ask that the name of Peter E. Paulson, under No. 2 on the calendar, be taken from the calendar.

The question came on confirmation. Committee—Coun. Dowling and Mahoney. Whole number of ballots cast 17, yeas 17, nays 0, and the appointment was confirmed.

NEXT MEETING.

Coun. GUILD—Mr. President, I move that when the Council adjourns it be to meet July 25.

The question being put, the Chair declared the motion carried.

Coun. WARD—Mr. President, I would like to inquire if there is anything coming in the next week that we must be here for, or anything to report?

Coun. DOWD—Mr. President, if I may I will ask the chairman of the Jitney Committee if there is a report of the Jitney Committee to go in today?

Coun. WARD—Mr. President, I would like to answer the gentleman through the Chair that there is, but I believe it is in the hands of the Clerk of the Committee.

Coun. DOWD—Mr. President, if there be no objection, I think we ought to clear up everything that possibly can be cleared up. I believe it is up to the chairman of the Jitney Committee, if he has a report to make, to make it.

Coun. WARD—The only report I can make, if the Clerk of the Committee will bring the report, will be made.

Coun. DOWD—Do I understand the report is in the hands of the committee?

Coun. WARD—The report is in the hands of the Clerk of the Committee. It has been acted on, and the Boston Motor Tours have been rejected for a permit.

Coun. DOWD—Mr. President, I move you, sir, that the Clerk of Committees be sent for.

The Clerk of Committees entered the Chamber and conferred with Coun. Ward.

Coun. WARD—Mr. President, in answer to the gentleman from Roxbury, the report is in the hands of the committee, I understand from the Clerk of Committees, and the chairman of the committee will report it back at his leisure.

Coun. DOWD—Mr. President, I move you, sir, that the report be taken from the hands of the Jitney Committee. As a member of the Jitney Committee I request it.

Coun. RUBY—I second it, Mr. President.

The Chair asking for a rising vote, twelve councilors rose in support of the motion and four against, and the Chair announced that more than the necessary two thirds having voted in favor, the petition was taken from the Committee on Jitneys.

Coun. WARD—Mr. President, I ask unanimous consent to make a statement.

President HEFFERNAN—Coun. Ward asks unanimous consent to make a statement. Is there objection?

Coun. DOWD—I object.

Coun. DOWLING—Mr. President, I rise on a question of personal privilege.

President HEFFERNAN—Will the gentleman kindly state his question of personal privilege.

Coun. DOWLING—Mr. President, I have been around this hall for nearly thirty years, and I do not think that I have ever seen anything as discourteous as the action of the Council in taking this matter from the committee, and I voted against requiring the committee to report because I believe that a committee has a right to take all the time that is necessary to investigate and make an intelligent report. I feel outraged, myself, and I feel outraged on account of the councilor on my left. I think the motion to take away from the committee came in after a little fight or loss of reason, or something of that kind, and I do not believe now that the action of the Council in requiring the committee to report

now was anywhere near right, nor anywhere near fair, and not ordinarily decent.

Coun. BUSH—I rise on a question of personal privilege.

President HEFFERNAN—Kindly state your question of personal privilege.

Coun. BUSH—Mr. President, I call the attention of the councilor who just spoke to the fact that the member who made that motion to take that from the committee is a member of the committee himself.

Coun. DOWLING—Well, Mr. President, referring to the gentleman on my left, whom I regard very highly, that does not change my opinion of the action of the Council, just the same.

Coun. DOWD—Mr. President, may I ask the chairman of the Jitney Committee a question?

President HEFFERNAN—The Chair will rule that there is nothing before the body at the present time, and there is nothing to debate. No statement can be made except with permission of the body.

Coun. GUILD—Mr. President, I now renew my motion that, when we adjourn, it be to meet on July 25.

President HEFFERNAN—The Chair will rule that the question has been voted on and was carried.

Coun. DOWD—I understood the vote was doubted.

President HEFFERNAN—The Chair will rule that, although two or three members said they doubted the vote, no member stood in his place, no one addressed the Chair, and no one was recognized.

Coun. DOWD—I stand corrected.

PETITION OF BOSTON MOTOR TOURS.

President HEFFERNAN—The petition of the Boston Motor Tours for license to operate is before the Council for such action as we see fit. What is the pleasure of the body?

Coun. WARD—Mr. President, I wish to make the same statement, only on this question, before the entire body, without having to bow to anybody who objects. The story of the Boston Motor Tours Bus Company dates back some years when a gentleman who put different requests in before the Council had a similar request here, and when he went to the Legislature on Beacon Hill he was the man who cried that he had to pay members of the Boston City Council to put his bus permit across. The same man went before the Legislature and told everybody in the State House that he had to pay this sum to get anything in the Boston City Council. After a meeting of the Committee on Jitneys, where Coun. Gilbody and Coun. Frecey were present, in conformity with the law there was a quorum present. I felt for that man when he appeared before that committee during my term—he was there each time, and each time I voted against him because I felt that the stigma was there that he had one time paid somebody, and I wanted it understood there was one member of this Council—and I don't know about the old Council—that could not be bought, and that was myself. Another question that he put up, I think, in all fairness to the people of Boston, was this. Here is a man that came before that committee requesting a bus permit to run a bus to Fall River. He was a stranger in Boston. He did not even pay a poll tax in the City of Boston, and he wanted to take away from a concern that is paying taxes on \$60,000,000 of property their revenue that made possible the upkeep of the New Haven Road; and I say, though it does not bring out the question on the Motor Tours, that the Committee on Jitneys acted in conformity with the law, the Committee on Jitneys voted on this matter in conformity with the law, and now that the order is before the Council I advise that we vote against the Boston Motor Tours.

Coun. DOWLING—Mr. President, in order to clear up the situation, I move that the matter be recommitted to the Committee on Jitneys.

The question being put, the Chairman declared the motion carried and the matter was recommitted to the Committee on Jitneys.

GENERAL RECONSIDERATION.

On motion of Coun. GUILD general reconsideration of all action taken today was refused.

Adjourned at 4.50 p. m., on motion of Coun. McMAHON, to meet on Monday, July 25, 1927, at 2 p. m.

BOSTON CITIZENS WELL FAVORED WITH SEA BATHING FACILITIES.

Mayor Malcolm E. Nichols received a report July 16 from Park Commissioner Long giving a history and some statistics relative to the bathing beaches in Boston, which are under the supervision of the City of Boston:

The system of salt water bathing beaches, which for many years has given the City of Boston a peculiar eminence among the great cities of the world, originated more than sixty years ago, when the city fathers of that time began the municipalization of old bathing places which had come into natural use and had been favored summer resorts from the days of the earliest settlers.

Beginning with the L Street Bath in 1866 the city took over independently, or acquired in the process of park extension, nearly three miles of water frontage, which is devoted exclusively to public bathing and kindred recreation. In this system nine separate units are comprehended: World War Memorial Park, East Boston; Dewey Beach, Charlestown; North End Park; Head House, L Street and Columbus Park, South Boston; Savin Hill and Freeport Street, Dorchester, and Tenean Beach, Neponset.

These beaches are intensely practical in the service they render to the health and happiness of the people of Boston, especially in the physical upbuilding of children of Boston, especially in the physical upbuilding of children who have no other means of summer enjoyment—and in nearly every case, by association with the city's park system, are given the beautiful settings with which Boston has always striven to surround its public benefactions.

But the fact which gives Boston its special leadership over other great metropolitan centers is that most of these bathing resorts, and particularly the largest of all, are within two miles of the center of the city. Visitors from other cities add something entirely new to their experience when they find at the end of a fifteen-minute car ride 150,000 people bathing along a two-mile stretch of open sea beach.

How many people are accommodated in the aggregate on these beaches during a season it is hard to estimate exactly. There is a bath house at each beach capable of housing at one time, in the case of L Street as many as 5,000 men, women and children; and these houses on hot days are overtaxed by succeeding relays of patrons. But another striking fact about Boston's municipal bathing system is that the very great majority of those who frequent the beaches are drawn from the immediate neighborhood of the beaches, going to and from their homes already dressed for the water either on foot or by auto. These people do not make use of the houses and consequently cannot be accurately reckoned. But it is safe to say that during the three months the beaches are open the attendance exceeds 3,000,000.

What does all this mean to the people of Boston and what do they get out of it?

Boston always had a high reputation as a breeder of boat men and swimmers. This supremacy was developed by the opportunities provided in Boston's seafront recreation grounds. The natural conformation of the waterfront gave the people places to bathe in summer which were frequented from colonial days. In every neighborhood whole families re-

sorted to the beaches, and generation after generation of swimmers rose up and added to the foundation of physical perfection begun so long before.

The City of Boston did not allow these places to be obliterated by the business development of the city; instead it adopted them officially, built them up and increased their serviceability.

In consequence of this policy the people of Boston have right at the doors of their homes the opportunity to learn how to swim, to indulge freely in that most beneficial of all physical exercises, to spend a large part of each summer day out-of-doors in clean and beautiful environment, and all this without expense worth mentioning. The old atmosphere still prevails and at every beach just as in the old days the whole family is represented; all ages and conditions play their part in the scene, the holiday spirit is predominant, and the objectionable aspects of the great ocean resorts are absent.

Out of all this comes the fact, that in all probability there are more accomplished swimmers of all ages in Boston than in any other large city in the world solely for the reason that Boston has outstripped the world in supplying its people with the means to excel.

All beaches with the houses attached to them are open for public use from June 15 to September 15 every year, except L Street, which is open all the year round. These houses are fitted with dressing closets and lockers for men, women and children, with shower baths, and with all conveniences required in a public building. There is no charge for admittance or the use of the privileges of the house. A charge of five cents is made for the use of a suit and one cent for a towel. Male attendants and matrons are on duty whose business it is to wait on patrons and give them every necessary service. Every effort to protect the safety of individuals is made, whether on the beach or in the water.

Before the beaches are opened for public use the Mayor orders the Park Commission to comb the beaches thoroughly, removing all debris, watching carefully for pieces of broken glass which may have been washed ashore during the winter months. The beaches are then resurfaced with high grade sand, to replace the loss by erosion, and again inspected carefully for any foreign substances which may appear and are put in first-class condition for the summer season. During the season the beaches are cleaned so that bathers will not injure themselves by stepping on boards with protruding rusty nails or any other pieces of jetsam which may have been washed ashore, especially after a heavy storm.

Particular attention is paid to the children who are unaccompanied by their parents. Every beach is covered by boatmen and life guards who are expert swimmers. They enforce the rules of the Park Department and protect patrons from the danger of drowning, and give instructions in swimming for those who desire to avail themselves of the opportunity. Many well-known swimmers have learned their first strokes in swimming at the beaches in Boston.

The Police department assigns officers to every beach and the rules of the Park Department for the protection and comfort of individuals are strictly enforced. No ball playing is permitted on the open beaches. Particular attention is given to the preservation of bathers from drowning and lesser injuries. In twenty-

five years only one life has been lost on a beach patrolled by employees of the city.

Visitors from outside Boston are always observant of the presence of great numbers of very old and very young people on the beaches. This is perhaps the most pleasing feature of the service rendered by the city to the public.

Competitive swimming is encouraged by holding annual races separately on each beach from which are picked winners who take part in one great event at the Head House in the month of August.

The following table shows the actual registered attendance in each beach bath-house for the season of 1926:

World War Memorial.....	104,336
Columbus Park.....	136,850
Dewey Beach.....	193,290
Freeport Street.....	42,187
Head House.....	666,357
North End Park.....	117,484
Savin Hill.....	46,312
Tenean Beach.....	130,479
L Street.....	595,865
Total.....	2,036,160

This table makes no account of the very great number of people who go to the beaches from their homes and are not recorded.

BYRD AND CREW ACCEPT INVITATION TO VISIT BOSTON.

Mayor Nichols received this morning a radiogram from Commander Byrd on board "Leviathan" stating that the crew of the America would be glad to accept the invitation extended by the Mayor to be the guest of the city July 23, unless the New York committee had made other arrangements.

Upon receipt of this communication Mayor Nichols talked with Grover Whalen of the New York Reception Committee who stated that his committee had made no arrangements which would interfere with the Boston reception on July 23. Mayor Nichols thereupon sent a radiogram to Commander Byrd containing this information and asking him if it would be convenient to come here on the morning of the 23d. The communications are as follows:

Steamship "Leviathan" via Louisburg, N. S.

Crew America glad accept your invitation 23rd unless Grover Whalen of New York Reception Committee has made other arrangements call him on phone. Best regards.

BYRD.

BOSTON, MASS., July 15, 1927.

POLICE DEPARTMENT ORDERS.*General Order No. 1102.*

A trial board consisting of Captains Grant, Murphy and Hoppe, having heard by reference a complaint against Patrolman Herbert E. Finn of Division 7, charging him with neglect of duty and conduct unbecoming an officer, reported to the commissioner a finding of guilty as charged. In accordance with which, the said Patrolman Herbert E. Finn was on July 5, 1927, dismissed from the Police Department.

Due written notice of such dismissal with the reasons therefor was duly and specifically given in hand on July 5, 1927, to the said Herbert E. Finn.

On the sixth day of July, 1927, the said Herbert E. Finn requested in writing a public hearing as provided by law, and the Police Commissioner set down Friday, July 15, 1927, at eleven o'clock a. m., at the office of the Police Commissioner, as the time and place of said hearing and duly notified the said Herbert E. Finn.

The said Herbert E. Finn was present with counsel at said time and place and was heard with his witnesses. Whereupon, after hearing the case, the Police Commissioner finds the said Herbert E. Finn guilty as charged and further finds that the said Herbert E. Finn shall stand dismissed from the Police Department.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 1103.

A trial board consisting of Captains Grant, Murphy and Hoppe, having heard by reference a complaint against Patrolman John J. Sullivan of Division 7, charging him with conduct unbecoming an officer, reported to the commissioner a finding of guilty as charged. In accordance with which, the said Patrolman John J. Sullivan was on July 5, 1927, dismissed from the Police Department.

Due notice of such dismissal with the reasons therefor was duly and specifically given in hand on July 5, 1927, to the said John J. Sullivan.

On the seventh day of July, 1927, the said John J. Sullivan requested in writing a public hearing as provided by law and the Police Commissioner set down Friday, July 15, 1927, at eleven o'clock a. m., at the office of the Police Commissioner, as the time and place of said hearing and duly notified the said John J. Sullivan.

The said John J. Sullivan was present at said time and place with counsel and was heard with his witnesses. Whereupon, after hearing the case, the Police Commissioner finds the said John J. Sullivan guilty as charged, and rescinds the order of dismissal; and it is hereby ordered that the said John J. Sullivan be reinstated as a patrolman of the Police Department of the City of Boston, to take effect as of today, with loss of pay from the date of the notice of his dismissal, and that he perform two hundred and ten hours' punishment duty.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 1104.

A trial board consisting of Captains Grant, Murphy and Hoppe, having heard by reference a complaint against Patrol-

man James J. O'Donnell of Division 7, charging him with conduct unbecoming an officer, reported to the commissioner a finding of guilty as charged. In accordance with which, the said Patrolman James J. O'Donnell was on July 5, 1927, dismissed from the Police Department.

Due written notice of such dismissal with the reasons therefor was duly and specifically given in hand on July 5, 1927, to the said James J. O'Donnell.

On the seventh day of July, 1927, the said James J. O'Donnell requested in writing a public hearing as provided by law and the Police Commissioner set down Friday, July 15, 1927, at eleven o'clock a. m., at the office of the Police Commissioner, as the time and place of said hearing, and duly notified the said James J. O'Donnell.

The said James J. O'Donnell was present at said time and place with counsel and was heard with his witnesses. Whereupon, after hearing the case, the Police Commissioner finds the said James J. O'Donnell guilty as charged, and rescinds the order of dismissal; and it is hereby ordered that the said James J. O'Donnell be reinstated as a patrolman of the Police Department of the City of Boston, to take effect as of today, with loss of pay from the date of the notice of his dismissal, and that he perform two hundred and ten hours' punishment duty.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 1105.

A trial board consisting of Captains Grant, Murphy and Hoppe, having heard by reference a complaint against Sergeant Robert Caverly of the superintendent's office, charging him with conduct unbecoming an officer and neglect of duty, has reported to the commissioner a finding of not guilty on both charges and the specifications thereunder. In accordance with which, it is hereby ordered that the complaint against the said Sergeant Robert Caverly be dismissed.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, supposed to belong to President and Fellows of Harvard College, bounded:

Northwesterly by South street, eight and 80-100 feet; northeasterly by land supposed to belong to Alice N. Lincoln, one hundred twenty-nine and 60-100 feet; southeasterly by other land supposed to belong to said President and Fellows of Harvard College, eight and 20-100 feet; and southwesterly by the same, one hundred thirty-five and 20-100 feet, containing ten hundred and fifty-nine square feet, more or less.

The sewerage works to be constructed are as follows: 160 linear feet of 10-inch pipe sanitary sewer, in the above described premises, being private land between South street and Metropolitan sewer easement.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Ordered, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes and construction of sewerage works therein, in private land off South street, West Roxbury, under the order of the Board, and awards no damages therefor.

REPAIRS OF STREETS.

The Mayor has approved the following vote of the Board of Street Commissioners:

Ordered, That this Board, having passed the order of notice relating to the public improvements hereinafter described, and having caused a copy of said order to be published June 24, 25, 27 and 28, 1927, in the *Boston Globe* and the *Boston Transcript*, two daily newspapers published in the City of Boston, and having given the public hearing, notice of which was given in said order, and being of the opinion that public convenience and necessity require, does hereby order that specific repairs be made in the following streets:

Dudley street, Roxbury district, from Harrison avenue to Blue Hill avenue, by substitution of asphalt or bitulithic pavement for the present brick pavement.

Brookline avenue, Roxbury district, from Audubon road to the Brookline line, by substitution of asphalt or bitulithic pavement for the present macadam pavement.

Longwood avenue, Roxbury district, from Brookline avenue to the parkway, by substitution of asphalt or bitulithic pavement for the present macadam pavement.

Boylston street, Boston proper district, from Exeter street across Berkeley street, and from Park square to Washington street, by substitution of asphalt or bitulithic pavement for the present wood block pavement.

Beacon street, Boston proper district, from Massachusetts avenue to Raleigh street, by substitution of asphalt or bitulithic pavement for the present wood block pavement.

Washington street, Boston proper district, from Massachusetts avenue to Dover street, by substitution of asphalt or bitulithic pavement for the present granite block pavement.

Quincy street, Roxbury district, from Warren street to Columbia road, by substitution of asphalt or bitulithic pavement for the present macadam pavement.

Stuart street, Boston proper district, from Huntington avenue to Dartmouth street, by substitution of asphalt or bitulithic pavement for the present macadam pavement.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Winston road, Dorchester district, as a highway, from Lucerne street to Willowood street, bounded and described as follows:

A highway named Winston road is hereby laid out from Lucerne street to Willowood street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northwesterly by Lucerne street, eighty-nine and 34-100 feet; northeasterly by the northeasterly line of said Winston road as hereby laid out, twenty-three and 61-100 feet on a curve of ten feet radius; northwesterly by the northwesterly line of said Winston road as hereby laid out, by three measurements, three hundred ninety-five and 55-100 feet, seventy-five and 97-100 feet on a curve of three hundred feet radius and three hundred forty-one and 2-100 feet; easterly by Willowood street, forty-two and 69-100 feet; southeasterly by the southeasterly line of said Winston road as hereby laid out, by four measurements, three hundred twenty-six and 12-100 feet, sixty-five and 84-100 feet on a curve of two hundred and sixty feet radius, four hundred fifty-one and 95-100 feet and fifteen and 62-100 feet on a curve of twenty feet radius.

Trees or structures standing upon or affixed to the aforesaid described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Winston road, from Lucerne street to Willowood street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Winston Road, Dorchester, Assessment Plan, May 5, 1927, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

CHILDREN'S HOSPITAL PATIENT APPEALS TO MAYOR TO HAVE COLONEL LINDBERGH FLY OVER BUILDING.

The following letter addressed to the Mayor was received special delivery this afternoon in the Mayor's mail, having been written on the stationery of the Children's Hospital:

DEAR MR. MAYOR,—This is an important letter to Colonel Lindbergh because I want to ask him to fly over the Children's Hospital Friday when he comes to Boston. Please don't lose it and will you send it to him.

From your friend,
NED.

The letter which was addressed to Colonel Lindbergh, which was unscaled, read as follows:

DEAR COLONEL LINDBERGH,—I made a mistake and sent my letter to you care of the Mayor of New York but my aunt said that was a mistake because he would lose it. So I am writing again and this time I will send it to the Mayor of Boston. I asked you in my other letter please to fly over the Children's Hospital when you come to Boston on Friday.

I would like it much better if you could come to see me but if you can't will you fly over the Hospital very low. I am on the third floor and I have double mastoids but I'm not sick and I will watch for you all day Friday on the porch and I'll tell the other children. I hope the Boston Mayor won't forget to send this to you. I live in Spokane Washington and I am here on a vacation.

From your friend
NED.

P. S. This is a pretty dumb letter but I can't sit up to write yet.

The letter addressed to Colonel Lindbergh was sent to the Providence Committee on Arrangements headed by City Councilman John W. Cunningham. According to the information given by Mr. Kusterer on Saturday, when he was in Boston, the colonel will leave Providence about noontime, circling over several of the larger cities en route to Boston. The Children's Hospital is right in his direct course to Boston.

WANTS REPORT ON WASHING MACHINE.

The Mayor received a communication on July 19 from Little Britain, Ontario, Canada, to which was attached an American one dollar bill. It read as follows:

LITTLE BRITAIN, ONTARIO, CANADA,

July 15, 1927.

To his Worship, the Mayor of Boston, Mass.
HONORED SIR,—In conversation with a vendor of power washers (electric or otherwise) he informed me that lately there was a test of 285 different kinds of washing machines for family use and only four of them failed to accomplish the work.

So I am inclosing \$1 for a report of this proceeding.

Yours truly.

LAND-TAKING IN WEST ROXBURY.

The mayor has approved the order of the board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of an extension of Aldrich street, West Roxbury district, as a highway, from Beech street to the West Roxbury parkway, bounded and described as follows:

An extension of the highway named Aldrich street is hereby laid out, from Beech street to the West Roxbury Parkway, and ordered constructed.

Said highway and the land exclusive of trees or structures standing upon or affixed thereto in which an easement for street purposes is hereby taken is bounded and described as follows:

Southwesterly by West Roxbury Parkway, by two measurements, sixty-two and 45-100 feet, and seventeen and 61-100 feet on a curve of three thousand feet radius; northerly by the northerly line of said extension of said Aldrich street as hereby laid out, thirty-one and 88-100 feet on a curve of twenty feet radius; northwesterly by the northwesterly line of said extension of said Aldrich street as hereby laid out, four hundred five and 70-100 feet; northwesterly by Beech street, forty and 1-100 feet; southeasterly by the southeasterly line of said extension of said Aldrich street as hereby laid out, four hundred seven and 38-100 feet; and easterly by the easterly line of said extension of said Aldrich street as hereby laid out, thirty-one and 7-100 feet on a curve of twenty feet radius.

Trees or structures standing upon or affixed to the aforesaid described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Aldrich street, from Beech street to the West Roxbury Parkway, will receive benefit or advantage, beyond the general advantage to all real estate in said city from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Aldrich street, Newburg street, West Roxbury, Assessment Plan, June 10, 1927, William J. LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Euston road, Brighton district, as a highway, from Washington street to Colonial road, bounded and described as follows:

A highway named Euston road is hereby laid out, from Washington street to Colborne road (formerly Colonial road), and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Part between Washington street and Claymoss road:

Northeasterly by Washington street, sixty-four and 32-100 feet; southerly by the southerly line of said Euston road as hereby laid out, twenty-two and 44-100 feet on a curve of fifteen feet radius; southeasterly by the southeasterly line of Euston road as hereby laid out, one hundred seventy-one and 59-100 feet; southwesterly by Claymoss road, forty feet; northwesterly by the northwesterly line of Euston road as hereby laid out, one hundred seventy-two and 81-100 feet; and westerly by the westerly line of Euston road as hereby laid out, sixteen and 5-100 feet.

Part between Claymoss road and Colborne road:

Northeasterly by Claymoss road, forty feet; southeasterly by the southeasterly line of Euston road as hereby laid out, four hundred forty-six and 92-100 feet; westerly by Colborne road, forty-six and 1-100 feet; and northwesterly by the northwesterly line of Euston road as hereby laid out, four hundred twenty-four and 40-100 feet.

Trees or structures standing upon or affixed to the aforesaid described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Included in the above described land (taken hereunder) are parts of certain parcels of land registered in the Land Court, said parcels being shown on the plan hereinbefore referred to, and said parts being the portions of said registered parcels which lie between the side lines of Euston road and the middle line thereof; the owners of said portions, the number of the certificate of title and the book and page where the same is registered are follows:

MAYOR VIEWS LINDBERGH PLANE IN FLOWERS ON PUBLIC GARDEN.

Mayor Malcolm E. Nichols, accompanied by his secretary Edward F. Condon and Park Commissioner William P. Long, made a special trip to the Public Garden to inspect the reproduction of Colonel Lindbergh's plane which was completed on July 16. The bed represents a three-quarters moon, stars, side view of the plane with the letters "Spirit of St. Louis" flying through the sky with a shield with the American flag underneath.

In planting this bed it was necessary to use approximately 26,900 plants, as follows:

Alternanthera brilliantissima.....	6,000
Alternanthera aurea.....	8,000
Alternanthera veitchii.....	2,000
Mesembryanthemum.....	2,500
Sedum.....	6,500
Pachyphytum.....	500
Echeveria.....	650
Kleinia.....	275
Haworthia.....	250
Lobelia.....	25
Pailia.....	200
	<u>26,900</u>

It is the first time that the building of a plane with plants has ever been attempted by any city and it is called "Carpet Bedding."

While the Mayor was at the Public Garden he took a walk over to look at the seal of the City of Boston which is situated halfway between Beacon street and the Washington Monument.

He praised the work of the Park Department in being able to reproduce both pieces with exactness.

PORT OF BOSTON.

Boston Harbor comprises an area of about 47 square miles, (exclusive of the islands) including all the expanse of tidewater within a straight line from Point Allerton to Point Shirley and extending therefrom to the mainland. It is the best of natural harbors, near open sea, sheltered and spacious for anchorage; main ship channel 35 feet in depth at mean low water, increasing to 40 feet from President Roads to open sea; new dredging operations in charge of U. S. engineers are under way for increasing depth of said main channel to 40 feet; waterfront (i.e., lineal pier space) 40 miles, 6 miles fronting on 30 feet depth at low water.

Commonwealth Pier No. 5, South Boston 1,200 feet long, 400 feet wide, accommodating five 600-foot ships at one time, 40 feet depth at mean low water on both sides, with three 2-story fireproof buildings of steel and concrete construction, containing 900,000 square feet of floor space, total cost of this enterprise to State, \$4,500,000. Commonwealth Pier No. 6, South Boston, (Fish Pier), buildings on same erected by lessee, Boston Fish Market Corporation, cost to State, \$1,487,361. Commonwealth Pier, No. 1, East Boston, 900 feet long, costing State \$764,600 for site and \$426,674 for construction. New dry dock at South Boston, (probably the largest in world), completed in 1919, 1,200 feet long and 120 wide, costing \$3,169,651 and taken by U. S. Government at total cost.

Islands in Boston Harbor over 3 acres in area, 17, with total area of 965 acres; Long Island the largest, or 215.5 acres. Owned by United States, 392 acres; by City of Boston, 334 acres. Number of wharves, 143, of which 8 are owned by the City.

There are 32 foreign steamship lines with regular sailings to and from Boston and 18 coastwise lines (5 to Pacific ports).

In 1915 a revision of the harbor lines was made and the project undertaken whereby 600 acres of flats between Governor's Island and Jeffries Point, will be filled in and used for extensive commercial developments under State control. About 175 acres of flats have recently been filled in and added to the land area of East Boston and 160 acres to that of South Boston.

In April, 1918, the Government decided to establish its Army Supply Base on a portion of the Commonwealth lands in South Boston. About 57.6 acres were purchased of the State, the price being \$1,317,510, soon followed by the construction of two pier sheds, each 920 feet long, a wharf shed and other buildings, including one of the largest storehouses in the world, built of reinforced concrete, eight stories high, 1,638 feet long, 126 feet wide and with floor space of over 1,650,000 square feet. The total outlay for the plant was \$26,000,000.

Total expenditures by State for improvement of Boston Harbor \$22,160,342, from 1859 to 1925, inclusive; in the same period, there was expended additionally \$843,676 on small channels; total Federal expenditure from 1790 to June 30, 1925, \$13,046,044 (corrected figure).

EXPORTS AND IMPORTS, 1925.

For Mass. Customs District (Boston and eight minor ports) in calendar year, 1925, the total value of exports was \$47,473,803 or \$9,881,843 less than in 1924; of imports, \$321,563,908 or \$67,712,375 more than in 1924; total foreign trade, \$369,037,711 or \$57,830,532 more than in 1924. Boston's total foreign trade for year 1925 ranked sixth among American ports, New York, Galveston, New Orleans, Seattle and San Francisco exceeding the former in value. As to imports alone, Boston ranked second, Seattle taking third place, and as to exports alone, 18th (the unusual decline in exports due largely to discrimination against Boston in through railroad freight rates). Tonnage of vessels in foreign trade in year 1925, entered 3,896,383; cleared, 2,457,605; number of vessels entered, 1,540; number cleared 1,082.

For the fiscal year ending June 30, 1926, the total imports at Boston reached \$327,860,000 in value.

VALUATION AND TAX RATES OF GREATER BOSTON.

Total valuation of taxable property in District on April 1, 1925, \$3,430,298,752 or an increase of \$167,103,259 (5.12 per cent) over the 1924 total. Of said 1925 valuation 51.30 per cent applied to property in Boston and 48.70 per cent to that in the 13 cities and 26 towns outside.

The 13 cities in the Metropolitan District outside of Boston all had higher tax rates than Boston's (\$26.70) in 1925. The highest of these was Revere's, \$48.80; (2) Chelsea's, \$38.80; (3) Lynn's, \$35.80; (4) Medford's, \$33.20; (5) Woburn's, \$33.20; (6) Cambridge's, \$32.50; (7) Everett's, \$32.20; (8) Malden's, \$32.20; (9) Melrose's, \$32.20; (10) Waltham's, \$31.40; (11) Newton's, \$27.40; (12) Somerville's, \$27.40; (13) Quincy's, \$27.00. Average tax rate of the 13 cities of Metropolitan District other than Boston, \$33.24 or \$6.54 more than Boston's rate. Said average tax rate was \$1.99 more than in 1924.

MAYOR PROTESTS INCREASE IN PRICE OF MILK BY DEALERS.

Mayor Nichols on July 16 issued the following statement on the newspaper account that the Milk Producers' Association had raised the wholesale price of milk one cent per quart, and that this may mean an increase in the price of milk to the consumers of Boston. The reason given for the increase was that in summer the demand is so great that there is a resultant shortage of milk, and that this increase is a customary one each year, and usually becomes effective July 1.

Mayor Nichols protests strongly against any increase in the price of milk at this time. He has been unable to discover where there is any shortage of milk.

The milk producers have not given as a reason for this increase the fact that the Interstate Commerce Commission allowed the railroads an increase in rates. The increase allowed the railroads was so insignificant that the milk producers could not assign this as the reason for raising the price of milk at this time.

The Mayor stated that mothers and children at this time particularly must have a large quantity of milk, perhaps more so than during any other part of the year, and an increase in price is not fair to them. It is well known that the people most affected by the increase are those who can least afford to pay such increases.

The milk producers and distributors have resorted to the usual subterfuge of "milk shortage" and "great demand" as the reason for the increase in milk prices and so are taking advantage of the helpless to extract more money without any valid reason or excuse.

They have not attempted to assign the insignificant increase allowed in railroad rates as an excuse for jumping prices of milk one cent, but have resorted to the old worn-out excuse of supply and demand, which in the opinion of the Mayor does not warrant their making such increases.

BOSTON TO CO-OPERATE WITH NEW V. F. W. COMMANDER IN AID OF NEEDY AND DISABLED.

Mayor Nichols wrote the following letter on July 15 to John Wallace, who assumes his duties July 16 as department commander of the Veterans of Foreign Wars:

JOHN WALLACE, *Department Commander, Veterans of Foreign Wars, State House, Boston.*

DEAR MR. WALLACE,—I wish to congratulate you upon taking up the duties of department commander of the Veterans of Foreign Wars for the ensuing year. I want you to know that the City of Boston desires to co-operate with you in every possible way in the future as it has in the past in behalf of the needy and disabled veteran.

Sincerely yours,

MALCOLM E. NICHOLS, *Mayor.*

BOSTON STILL ENTHUSIASM OVER WELCOMES AND RECEPTIONS—PLEASED THAT CITY HAD UNIQUE HONOR OF ENTERTAINING GREAT AVIATORS OVER WEEK END.

Boston has not yet settled to its former everyday existence following the departure of the six great fliers of all time, whom Mayor Malcolm E. Nichols assembled on Friday, Saturday and Sunday of last week, that the citizens might pay them the honors due their intrepid valor and their heroic achievements. Nearly two million persons, citizens of Greater Boston, are still talking of the receptions in which they shared to greet Col. Charles A. Lindbergh, Commander Richard E. Byrd, Lieut. George C. Noville, Bert Acosta, Bernt Balchen, Clarence D. Chamberlin, Lieut. Albert F. Hegenberger and Lieut. Lester J. Maitland.

These began with the arrival of Colonel Lindbergh at the Boston Airport on Friday, followed by a procession of the reception committee, with the noted flier, through the cities of Chelsea, Somerville, Cambridge and into Boston, at the Common, with Mayor Nichols heading the committee.

While Boston was still in the midst of gayeties connected with the entertainment of Colonel Lindbergh, including the presentation of gifts and a reception at the Boston Arena, there arrived the other group that had achieved the Atlantic flight. These were received into the welcoming and hospitable arms of Boston, thus adding to the honors thrust upon the city. The last of the noted fliers to arrive were Lieut. Albert F. Hegenberger of South Boston and Lieut. Lester P. Maitland, his flying mate, who with him achieved the nonstop flight from San Francisco to Hawaii.

To these two Boston gave a special reception at Marine Park, South Boston, on Sunday afternoon. Thus Boston achieved a fame that has been the good fortune of no other city in the world, that of entertaining all the most noted American aviators of the present day during a single three-day celebration.

At the request of Mayor Nichols the entire city was dressed in gala attire, both stores and private houses flying the national colors in tribute to the men who had achieved such lasting fame, and everywhere the aviators went they were greeted with cheers and handshakes by enthusiastic admirers.

The gifts received by the fliers and presented by Mayor Nichols in behalf of the citizens of Boston were:

Col. Charles A. Lindbergh, bronze statue, Appeal to the Great Spirit.

Commander Richard Evelyn Byrd, reproduction of Paul Revere silver bowl, large size.

Lieut. George Noville, Paul Revere silver bowl, small size.

Bernt Balchen, Paul Revere silver bowl, small size.

Bert Acosta, Paul Revere silver bowl, small size.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

RECEPTION TO FLIERS.

(Continued from page 865.)

Lieut. Albert F. Hegenberger, reproduction of Paul Revere pitcher and tray, which is silver.

Lieut. Lester J. Maitland, Paul Revere pitcher and tray, silver.

Clarence D. Chamberlin, Paul Revere pitcher and tray, in silver.

Colonel Lindbergh's gift was presented to him at the Arena, and those to the other aviators at high noon on Saturday.

The first American Legion Medal to be awarded Col. Charles A. Lindbergh was conferred upon him at 7 p. m. Friday evening, from a decorated stand in front of the Ritz-Carlton by Capt. Travers D. Carman, the Commander of the Crosscup-Pishon Post, designated by Col. Howard P. Savage, the National Commander of the American Legion, to make this award. It was in the form of a silver and gold Distinguished Service Medal, made by the Disabled Ex-Service Men's Exchange of Boston. An Honorary Comradeship in the Crosscup-Pishon Post was also conferred upon Colonel Lindbergh at this time.

Colonel Lindbergh, accompanied by his Excellency Governor Alvan T. Fuller, his Honor Mayor Malcolm E. Nichols and George H. Johnson, chairman of Public Celebrations, then proceeded to the Boston Arena, escorted by Post Commander Travers D. Carman, Past Commander Carroll J. Swan and State Commander William McGinnis, who represented National Commander Savage on this occasion.

The line of march was from the Ritz-Carlton Hotel to Commonwealth avenue, Massachusetts avenue, Huntington avenue, Gainsborough street and St. Botolph street to Arena, returning over same route.

In welcoming Colonel Lindbergh to Boston and presenting him to the citizens of Boston on the Common Mayor Nichols said:

No man that I can think of has ever shown greater devotion to the cause of science, commerce and industry than Col. Charles A. Lindbergh. He is consecrating his great achievement not to self-seeking but to the development of American aviation and the great promise which it brings for the wealth and happiness of all our people.

The world has not witnessed such self-mastery as that which you have shown not only during your marvelous exploit but afterwards. No man has ever taught a better lesson to American youth of its opportunity for accomplishment. It is a lesson made possible by character.

It is a high privilege for the Mayor of Boston to welcome you to Boston Common. I know of no place that is so intimately associated with the sturdy impulse of boyhood and youth. Here the Boston school boys of 150 years ago exhibited those sturdy qualities which lifted this country to its greatness.

Those qualities are yours. In the face of doubt and difficulty you kept your vision clear and remained steadfast to your purpose. There never has been a time when firmness and courage such as you possess were more needed than now. Boston Common is the historic meeting place of young men unafraid. Its greeting to you today is warm in the memory of a great past.

Your exploit has not only brought deserved and unbounded praise but a measure of imitation such as to astonish the whole world. You have shown the way, a new era has opened. For the past twenty years aviation has been struggling in the period of experimentation. The

airplane to be sure proved a great war machine, but its uses in the cause of peace have hardly been realized. You have brought an experiment to the stage of practical reality.

The complete program of the exercises in honor of Col. Charles A. Lindbergh was as follows:

George H. Johnson, Director of Public Celebrations.

For the general reception in the evening of Friday July 22, at the Boston Arena every available bit of space was occupied and when Colonel Lindbergh arrived the entire company, as if electrified, stood and cheered for minutes, welcoming him to their hearts as their own son. It was here that Mayor Nichols made the presentation of the gift in behalf of the citizens of Boston. In making the presentation the Mayor said:

The honor conferred upon me as Mayor of Boston in extending Col. Charles A. Lindbergh the official welcome of this great city is associated in my mind with the immense practical benefit which will flow from it to the commercial prosperity to the city by reason of the presence here of our distinguished guest.

He has set before the youth of America as fine an example as any young man I can think of in patience, in courage and in technical skill. His marvelous exploit has placed him in the sunlight of romance and has fired the imagination of the American people. But this is not fall. He has awakened us all from dreams of colossal enterprise into the realities of actual fulfillment.

The admiration which we express for him now will presently be transmitted into a gigantic development of new commercial methods from which our own City of Boston may take its just share of a fruitful harvest.

Colonel Lindbergh will soon proceed to many other great cities with whose chief executives I have been in correspondence relating to the new tides of commerce.

Soon air ways illuminated by night will be charted from one end of the continent to the other. The City of Boston has a rightful place as the eastern terminal of the most northern route east and west. Recently I have sought the support of the mayors of twenty-three cities of the United States in legislation which I propose to have introduced at the next session of Congress providing for the establishment of one of these great commercial air routes. Our city has an airport to whose upbuilding we have given earnest consideration. It has directly and indirectly cost us many thousands of dollars. It always should be under the control of the City of Boston. Our city was the last great American city over which Colonel Lindbergh pursued his epoch-making flight. It is the nearest of all American cities to the shores of Europe. It enjoys an unrivalled reputation for its commercial prosperity founded upon a tradition as noble as that wrought by the merchant princes of lordly Venice.

Boston in the days of the clipper ship was the mistress of the seas. With her natural advantages of geographical location and with the ability and progressive spirit of her citizens she ought in time soon to come to take her place as queen of the air. Every five years we have an increase of the population equivalent to the birth of a great city. We are the commercial center of one of the richest and most prosperous manufacturing centers in the Union. We have held our place in the severe competition arising from the upbuilding of this continent despite our long distance from the remote places where raw materials are produced. I do not feel that I have yielded to exaggeration that this in no small part is due to the splendid courage and persistence of our business men and artisans. The airplane operates altogether in our favor. We are no longer separated by time and space from our sister cities. This is being shown day by day but Colonel Lindbergh has shown it so forcefully and so wonderfully that he has quickened and kindled the minds of us all to the great things which are within our hands if we will but summon the power to grasp them.

We were quick to seize the opportunity to bring business to the Boston Airport. We have been tireless in showing that we are thoroughly in earnest. I solicit the co-operation of all in the endeavor which we are soon to make towards the establishment of this great northern air route for which legislation will be introduced into the next Congress.

I cannot close without saying something much more personal. A few days ago our guest was an unknown youth flying from San Diego to St. Louis, a distance of 1,860 miles in fourteen hours; from St. Louis to New York, a distance of 546 miles in seven hours, from New York to Paris, 3,800 miles in thirty-three hours. From San Diego to Paris he actually flew 6,215 miles in fifty four and one half hours. From an unknown youth over night you became the most celebrated young man in the civilized world. It is hard for most people to bear prosperity. It is much harder to bear it when it comes with such suddenness. But you are the same man that you always were. There is greatness in simplicity. This is one of the reasons why you have so profoundly stirred all hearts. I think much of it must be due to the sweet guidance of a mother whose good counsel you have always kept in your breast. Colonel Lindbergh has a steady hand, a cool head,

and a brave heart. In the triumph of high achievement his name is a symbol for the vigor of American youth.

Mayor Malcolm E. Nichols announced on Thursday afternoon, July 21, that he had extended through Governor Alvan T. Fuller an invitation to the visiting New England governors to participate in the City of Boston welcome to Colonel Lindbergh and to join in the escort from the airport to the Boston Common and participate in all the city's exercises.

Mayor Malcolm E. Nichols tendered a breakfast at the Hotel Bellevue on Saturday morning to the aviators: Col. Charles A. Lindbergh, Commander Richard Evelyn Byrd, U. S. N., Clarence D. Chamberlin, Lieut. Albert F. Hegenberger, U. S. A., Lieut. Lester P. Maitland, U. S. A., Bert Acosta, Lieut. George Noville, U. S. N., and Bernt Balchen.

Colonel Lindbergh left the Ritz-Carlton Hotel with a motorcycle escort accompanied by Mayor Nichols and Park Commissioner Long in time to get to the Hotel Bellevue for the breakfast at eight o'clock. After the breakfast the aviators were driven down to City Hall where they reviewed the National Guard parade.

Commander Richard Evelyn Byrd arrived at Back Bay Station about 7 a. m. with the crew of the America. They were greeted on behalf of the City of Boston by Lieut. Reginald D. Thomas, Commander of the United States Naval Air Station at Squantum, and escorted to the residence of Commander Byrd, at 9 Brimmer street. The crew of the America stopped at the Ritz-Carlton Hotel.

Clarence D. Chamberlin was met at the South Station by Maj. Charles T. Harding, Street Commissioner, and was escorted to the Hotel Bellevue.

MAYOR THANKS CITIZENS.

Following the departure of the fliers Mayor Nichols issued the following statement:

Mayor Nichols extends thanks to all for the magnificent co-operation shown in making the Boston reception to the fliers the great success it was, and in behalf of all the fliers, extends thanks to all.

The reception given the fliers was the most magnificent public demonstration ever held in this city and one of the most notable ever held in any American city. Close observers, who recently have witnessed other receptions, both in America and abroad, have stated to me that in Boston the arrangements were superior in every way for protection and enjoyment.

Nearly two million people greeted our guests during the three days they were here. Everybody who wanted to see them did so. The enormous crowds were well handled, nobody was hurt, and everybody was happy, and Boston opened her doors to the people of the whole state.

I wish to thank all who helped us make the Boston reception the great success it was.

First, thanks are due to the public for their generous co-operation in all our arrangements.

Second, to the able committee representing every municipal function, to whose untiring efforts many hundreds of thousands were able safely to participate in a marvellous spectacle.

Our distinguished guests, the eight great fliers, and the members of their families, were particularly pleased and wished me to extend to all their warm thanks and appreciation. In their opinion Boston has shown herself to be a marvellous city.

MAYOR PRAISES DIRECTOR OF PUBLIC CELEBRATIONS FOR AVIATORS' RECEPTION.

The Mayor has directed the following to George H. Johnson, Director of Public Celebrations:

CITY OF BOSTON,
MAYOR'S OFFICE, July 27, 1927.

MR. GEORGE H. JOHNSON, *Director of Public Celebrations.*

DEAR MR. JOHNSON,—I congratulate you for your remarkable success which you had as Director of Public Celebrations in arranging and conducting the exercises given by the City of Boston in honor of the distinguished aviators who were our guests on Friday, Saturday and Sunday.

It was a test of your executive ability which you fully met and helped raise to the level of being the greatest celebration ever held in this city.

Cordially and sincerely yours,
MALCOLM E. NICHOLS, *Mayor.*

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Dorchester and are bounded as follows:

A parcel of land, supposed to belong to William A. Hannan *et al.*, bounded:

Northerly by Codman street, eight and 2-100 feet; easterly by other land supposed to belong to said Hannan *et al.*, one hundred seventy-nine and 18-100 feet; again northerly by the same, fourteen and 17-100 feet; again easterly by land hereinafter described as taken from McGovern, eight and 9-100 feet; southerly by other land supposed to belong to said Hannan *et al.*, nineteen and 64-100 feet; and westerly by land supposed to belong to the City of Boston, one hundred eighty-six and 44-100 feet, containing fifteen hundred and ninety-eight square feet, more or less.

A parcel of land, supposed to belong to Edward J. McGovern, bounded:

Westerly by land hereinafter described as taken from Hannan *et al.*, eight and 9-100 feet; northerly by land supposed to belong to Hannan *et al.*, one hundred seven and 89-100 feet; easterly by land hereinafter described as taken from owners unknown (Rangeley street), eight feet; and southerly by other land supposed to belong to said McGovern, one hundred eight and 96-100 feet, containing eight hundred and sixty-seven square feet, more or less. This parcel is a part of a parcel of land registered in the Land Court, May 3, 1899, Book 1, page 23.

A parcel of land, owners unknown, being part of the private way known as Rangeley street, bounded:

Westerly by land hereinafter described as taken from McGovern, eight feet; northerly by land supposed to belong to Hannan *et al.*, twenty-four feet; easterly by another part of Rangeley street, two hundred thirty-two and 14-100 feet; southerly by the same, eight feet; westerly by the same, two hundred and twenty-four feet; and southerly by the same, sixteen feet, containing nineteen hundred and eighty-five square feet, more or less.

The sewerage works to be constructed are as follows: 526 linear feet of 10-inch pipe sanitary sewer, in the above described premises, being part of the private way known as Rangeley street and private land.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Rangeley street and land situated at the northerly end of Rangeley street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 780, Sewerage Works, Rangeley Street, Dorchester, June 20, 1927, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

POLICE DEPARTMENT ORDERS.

General Order No. 1106.

Sergt. Patrick J. McDonough of Division 16 having arrived at the age of fifty-seven and one twelfth years, having performed faithful service in the Police Department for thirty-one years, having requested to be retired from active service, and it appearing to the Police Commissioner that the said Sergeant McDonough is physically incapacitated for useful service in the Police Department, it is hereby,

Ordered, His Honor the Mayor having approved the same, that the said Sergt. Patrick J. McDonough be retired from active service and that his name be placed upon the department pension roll with pay at the rate of eleven hundred and fifty (1,150) dollars per annum, said sum being one half of the amount of compensation received by him in the office from which he is retired, to take effect Thursday, July 21, 1927, at 5.45 o'clock p. m.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 1107.

At this time I desire to express to the department my appreciation of the excellent work performed in the policing of this city during the visit of Col. Charles A. Lindbergh and other distinguished aviators. The military precision in the execution of the promulgated orders affecting the directing and control of traffic on Friday and Saturday of last week has caused many favorable comments.

Colonel Lindbergh before leaving Boston expressed to me his appreciation of the service rendered by the police during his stay in this city and commented on the fact that they were excellent in every way.

The citizens of Boston should indeed be grateful for the whole-hearted willingness exhibited by members of the department who worked many hours overtime without extra compensation, in order that

this memorable visit of distinguished flyers might be successful.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 1108.

A trial board consisting of Captains Grant, McConnell and Hoppe, having heard by reference a complaint against Patrolman Edward J. McGee of Division 21, charging him with absence without leave and conduct unbecoming an officer, has reported to the Commissioner a finding of guilty as charged. In accordance with which, it is hereby ordered that the said Patrolman Edward J. McGee perform two hundred and ten hours' punishment duty.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 1109.

A trial board consisting of Captains Grant, Murphy and Hoppe, having heard by reference a complaint against Patrolman Martin O'Sullivan of Division 9, charging him with conduct unbecoming an officer, reported to the commissioner a finding of guilty on charge and specification. In accordance with which, the said Patrolman Martin O'Sullivan was on July 15, 1927, dismissed from the Police Department.

Due notice of such dismissal with the reasons therefor was duly and specifically given in hand on July 15, 1927, to the said Martin O'Sullivan.

On the fifteenth day of July, 1927, the said Martin O'Sullivan requested in writing a public hearing as provided by law, and the Police Commissioner set down Tuesday, July 26, 1927, at eleven o'clock a. m., at the office of the Police Commissioner as the time and place of said hearing and duly notified the said Martin O'Sullivan.

The said Martin O'Sullivan was present at said time and place with counsel and was heard with his witnesses. Whereupon, after hearing the case, the Police Commissioner finds the said Martin O'Sullivan guilty as charged and further finds that the said Martin O'Sullivan shall stand dismissed from the Police Department.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

MESSAGE FROM ST. LOUIS.

The following telegram was received from Mayor of St. Louis by Mayor Nichols:

MAYOR MALCOLM E. NICHOLS,

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury, and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Wedgemere road, bounded:

Northwesterly by Centre street, ten and 6-100 feet; northeasterly by another part of Wedgemere road, two hundred sixty-eight and 27-100 feet; again northwesterly by the same, thirteen and 35-100 feet; northeasterly by land hereinafter described as taken from Edith F. VanHam, twelve and 1-100 feet; southeasterly by another part of Wedgemere road, twenty-two and 46-100 feet; and southwesterly by the same, two hundred seventy-eight and 80-100 feet; containing twenty-nine hundred and fifty square feet, more or less.

A parcel of land, supposed to belong to Edith F. VanHam, bounded:

Southwesterly by land hereinbefore described as taken from owners unknown (Wedgemere road), twelve and 1-100 feet; northwesterly by other land supposed to belong to Edith VanHam, sixty-four and 89-100 feet; northeasterly by the same, twelve and 4-100 feet; and southeasterly by the same, sixty-four and 35-100 feet, containing seven hundred and seventy-five square feet, more or less.

A parcel of land, supposed to belong to Edith F. VanHam, bounded:

Southwesterly by land hereinbefore described as taken from Edith F. VanHam, twelve and 4-100 feet; northwesterly by land supposed to belong to Quintin H. Cain, sixty-five and 8-100 feet; northeasterly by land hereinafter described as taken from owners unknown (Woodbrier road), twelve feet; and southeasterly by other land, supposed to belong to Edith F. VanHam, sixty-four and 3-100 feet, containing seven hundred and seventy-five square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Woodbrier road, bounded:

Southwesterly by land hereinbefore described as taken from Edith F. VanHam, twelve feet; northwesterly by another part of Woodbrier road, fifteen feet; southwesterly by the same, two hundred thirty-four and 43-100 feet; again northwesterly by the same, ten feet; northeasterly by the same, five hundred and 43-100 feet; southeasterly by the same, ten feet; again southwesterly by the same, two hundred and fifty-four feet; and southeasterly by the same, fifteen feet, containing fifty-one hundred and eighty-four square feet, more or less.

The sewerage works to be constructed are as follows: 504 linear feet of 10-inch and 12-inch pipe sanitary sewer in Woodbrier road; 290 linear feet of 12-inch pipe sanitary sewer and 130 linear feet of 12-inch pipe sanitary sewer in private land between Wedgemere road and Woodbrier road.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Woodbrier road, leading southeasterly from Centre street for a distance of approximately five hundred and ninety-two feet; and the lots of abutting land on both sides of Wedgemere road, leading southeasterly from Centre street for a distance of approximately three hundred and three feet, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 745, Sewerage Works, Woodbrier Road, Wedgemere Road, West

Roxbury, March 8, 1927, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

PETITIONS APPROVED.

The Mayor has approved the following petitions received from the Board of Street Commissioners:

Boston Elevated Railway Company, Geneva avenue, Dorchester, double track.

Georgiana Cavanaugh, 3826 Washington street, Ward 19, 1,000 gallons of gasoline.

Vasilos Primpos, 559 River street, Ward 18, 2,000 gallons of gasoline.

THE METROPOLITAN DISTRICT.

With its 40 Municipalities.

Consists in the most inclusive sense of 40 municipalities, including Boston, or 14 cities and 26 towns, all within 15 miles of the State House but not yet consolidated in one complete governmental system. The 7 cities in the first zone, *i. e.*, adjacent to Boston, are these, viz., Cambridge, Chelsea, Everett, Newton, Quincy, Revere and Somerville; the 6 cities in the second zone, not adjacent, are Lynn, Malden, Medford, Melrose, Waltham and Woburn. The 6 adjacent towns are Brookline, Dedham, Milton, Needham, Watertown and Winthrop; the 20 other towns are Arlington, Belmont, Braintree, Canton, Cohasset, Dover, Hingham, Hull, Lexington, Nahant, Reading, Saugus, Stoneham, Swampscott, Wakefield, Wellesley, Weston, Westwood, Weymouth and Winchester. North and northwest of Boston are situated 11 of the cities and 12 of the towns; south and southwest, 2 cities and 14 towns.

FINANCE COMMISSION REPORT.

The Mayor and City Council have received the following report from the Finance Commission:

Boston, July 20, 1927.

To the Honorable the Mayor and City Council.

GENTLEMEN,—The Finance Commission presents its third report on the large amount of real estate owned by the city which is no longer necessary for city purposes. In 1914 the Finance Commission first called the attention of the city government to this matter and as a result \$617,538 worth of real estate was sold and the proceeds turned into the city treasury. On May 26, 1926, the commission again called the city authorities' attention to this matter and as a result five parcels were sold for \$53,999. Thus the commission has been instrumental in turning into the city treasury \$671,538 and furthermore has added these properties to the tax lists. There remain, however, forty-three parcels, assessed at \$1,135,755, which could be disposed of. If sold, taxes at the present rate on these parcels would amount to \$36,000 a year. Some of this property is in the expensive downtown section.

DOWNTOWN PROPERTY.

Five of these downtown parcels represent a value of \$220,200. One of them is the site of the old police station 2, assessed for \$130,000. It is rapidly falling to decay. An effort was made in 1925 to sell it and an auction sale was held under Edward W. Foye, auctioneer. The property was bid in and a deposit of \$2,000 made, but the purchaser did not complete the sale and the city received only \$80.45 of the \$2,000, the balance being retained by the auctioneer, Mr. Foye, to cover his commission, \$1,646, and expenses.

Another valuable downtown parcel is the old abandoned police station at the corner of Battery and Commercial streets, assessed for \$39,800. The windows and doors are boarded up and it is used as a temporary electrical storehouse by the Schoolhouse Department, but such temporary use should not compel the city to keep this expensive property for storehouse purposes.

A third is the lot in the rear of 80 West Cedar street, Beacon Hill, assessed for \$2,400. The property is fenced in, but poorly kept. It is surrounded by high-class residential properties which have the benefit of the open space but pay no taxes for it. It could easily be sold. There have been many offers for it, but for some reason or other it has never been put on the market. It is one of the properties bequeathed to the city by Mr. George Parkman.

Another downtown parcel is the old Baldwin School on Chardon street, adjoining the woodyard of the Public Welfare Department. It is an abandoned school building. At one time it was used by the Schoolhouse Department for storage space, but for the last two years it has been unoccupied. It is in the center of the far downtown district and is assessed for \$33,000.

The Overseers of the Public Welfare control a lot on Cambridge street, containing 1,709 square feet, the total value of which is \$15,000. The City of Boston was left by the will of Lucy Bullman this property for the poor of the city, but with the proviso that the property should never be sold. When Cambridge street was widened the front portion of the property

was taken by the city by eminent domain and the remaining part was boarded up and left undeveloped. The Overseers of the Public Welfare have had the income for their trust fund work. The property in its present condition is worthless and an eyesore to the neighborhood. Something should be done to make the property productive. Either an appeal should be made to the courts to determine whether it may be sold, or the property should be improved so as to become income producing. As it adjoins the police station on Joy street it might be of value to the Police Department for enlarging this station. The commission believes that the wiser course would be to sell it, if possible.

PARKER HILL HOSPITAL SITE.

Since the abandonment of the chronic hospital plan for Parker Hill the investment of the city in this location has been unproductive. The city not only took the Elks' Hospital buildings, but also considerable adjoining land and houses. The total assessed value of the holding is \$350,000. The hospital buildings are rapidly deteriorating and it is a question whether they can ever be used. The city maintains two watchmen, however, at a yearly cost of \$3,000. The Robert Breck Brigham Hospital adjoins the city's lot and is desirous of purchasing from the city a portion of the land. The property should be sold at the earliest opportunity.

Other parcels which have been recommended by the Finance Commission for sale (see Finance Commission's Reports, Volume XXII, page 141) are as follows:

Miles Standish School, King street, corner Roxbury street. Total value, \$14,147; area, 14,147 square feet; gymnasium, Elmwood street, total value \$2,500; Savin Hill avenue ledge, total valuation, \$5,400; old Armory Building, Bremen street, corner Maverick street, \$11,300; old Police Station No. 7, Meridian and Paris streets, \$11,500, and lot in rear on Havre street, \$3,100; vacant land, Hyde Park avenue, \$600; vacant land, Prescott street, \$600; land, Harrison avenue, corner Plympton street, \$9,000; old Broadway Station, West Broadway, \$10,000; Broadway and C street, \$24,108; Marine Parkway, \$500; Marine Parkway, \$800; tool shed, Park Department, 1188 Columbia road, \$10,300; city scales, Eustis street, \$1,900; wharf, Freeport street, \$39,500; Neponset Playground, east side Old Colony Parkway, \$12,100; marsh, King's Mill pond, Tenean Creek, \$22,000; pumping station, Metropolitan avenue and Washington street, \$8,800; vacant land, Downer street, \$3,500; vacant land, Paul Gore street, \$8,100; land, corner Williams and Washington streets, \$1,100; Mount Vernon street, \$6,900; vacant land, Moreland, corner Prospect street, \$600; vacant land, Sprague street, \$500; vacant land, Thatcher street, \$400; part of reservoir and holder, Milton avenue, \$20,800; vacant land, Manning street, northwest corner of Berry street, \$500; vacant land, Union street, Brighton, corner Chestnut Hill avenue, \$16,000; buildings, Paving Division, Chestnut Hill avenue, \$85,300; Squantum, \$30,000; Rainsford Island, \$145,300; Jacob Foss School, 37 Chestnut street, Charlestown, \$25,500; Smith Street school lot, Roxbury, \$4,200; Paradise lane, Dedham, \$7,000; old Cross Street School, Charlestown, \$3,600.

The commission recommends:

1. That all parcels of land owned by the city that cannot be advantageously used be sold.

EXTENSION OF CONTRACTS.

PARK DEPARTMENT.

P. J. Dinn & Co. have been granted an extension of time until August 1, 1927, for the completion of the contract for wire fences at North End Park, Boston.

PUBLIC WORKS DEPARTMENT.

M. DeSisto Company has been granted an extension of time of completion of the contract for laying and relaying water pipes in Columbine street, Hosmer street, Norfolk terrace, Owencroft road, Dorchester; Chilton road, Hodgdon terrace, New Park avenue, Parkvale road, West Saville street and Wolfe road, West Roxbury, from July 23, 1927, to September 1, 1927.

Martino DeMatteo has been granted an extension of the time of completion of the contract for constructing sheet asphalt pavement in Greylock road, from Allston street to Glenville avenue; Walk Hill street, from Fottler road to Wellington Hill footway; and Hollingsworth street, from Oakland street to Randolph road, from June 30, 1927, to September 1, 1927.

FIRE DEPARTMENT ORDERS.

General Order No. 45.

I. COMMENDATION.

The Fire Commissioner is in receipt of the following letter from Allen-Squire Company, concerning the fire at 11 and 13 Columbia street, on July 16, 1927:

EUGENE C. HULTMAN, *Fire Commissioner.*

DEAR SIR,—Being the lessees of the building at 11 and 13 Columbia street, Boston, we necessarily are much gratified in the service which the Fire Department rendered here at the fire on the night of July 16.

The character of the fire was such that there was dense smoke, due to the oil covering of machinery parts on the floor where the fire originated, making difficult the work of your men, but the manner in which they handled the problem convinces the writer that they are not only resourceful in meeting such contingencies, but are willing to attack their problems with energy and thoroughness.

They confined the fire substantially to one floor, and yet it is not difficult to imagine how easily a fire starting at that time of night in such a location could result in a very disastrous loss.

I am writing this letter because I feel that one in your position needs, at least occasionally, to receive a few words which will show in part the appreciation for the service rendered.

Trusting that you will find this letter in order and thanking you and your department, we remain,

Very truly yours,
ALLEN-SQUIRE COMPANY,
CHESTER B. ALLEN.

H. REPORTS ON HIGH PRESSURE HYDRANTS.

Hereafter when submitting reports on the condition of high pressure hydrants only one report is to be forwarded and that report will be made by the officer commanding the fire company connecting to the hydrant. It will not be necessary for subsequent companies to report on the condition of the hydrant.

III. TYPEWRITER NUMBERS.

Heads of department branches and district and deputy chiefs will forward to this office, on or before July 29, the following information concerning department owned typewriters in their possession: Make, model, machine number.

For example: Remington, No. 10, machine No. LK49250.

The machine number will be found on the right-hand side of the machine or on the back of the carriage frame at the right end.

By order of Fire Commissioner E. C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

General Order No. 46.

I. VISIT OF COL. CHARLES A. LINDBERGH.

On the arrival of Col. Charles A. Lindbergh at the East Boston Airport, word will be given to the Fire Alarm Office where a special signal of ten blows on the gongs in all fire stations will be sounded, and upon receipt of the signal in the houses of the department all bells and sirens on apparatus, street signals and fireboat whistles will be sounded for ten minutes. All gongs in department stations will be cut in at 12 noon on Friday, July 22, 1927, and allowed to remain in that position until after the special signal herein referred to has been received.

Rescue Company 2 and the Hose Car of Engine Company 9, with a detail of fifteen men, will be assigned to the East Boston Airport. This detail will report to Deputy Chief Henry J. Power at the quarters of Engine Company 9.

The detail at the Arena on Friday evening will be under command of Capt. William A. Donovan of Engine Company 6. The detail will report to Captain Donovan at 6.30 p. m., at Engine Company 33. Sufficient time will be allowed men who are volunteering from the off-platoon for this service to go to supper. Sack coats and white gloves will be worn.

The detail will see that all fire prevention rules are observed, principally that no smoking is allowed in any part of the Arena, and that all entrances and exits and all approaches thereto are kept free and clear.

By order of Fire Commissioner E. C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

EXTRA WORK UNDER CONTRACT.

Edward J. McHugh & Son have been directed to perform the following extra work under the contract for fence, filling and slope paving, Marginal street, East Boston. Items ordered: Furnish labor and trucks necessary to break, load and haul stone to be furnished by the city from storage points to Marginal street. Although this is in addition to the work contemplated in the original contract, it is incidental thereto. Estimated cost of extra work, \$700.

THE BOSTON AIRPORT.

An interesting and very informative article on The Boston Airport and Commercial Aviation appeared in Boston Year Book, 1924-1925, a publication issued by the Boston Statistics Department.

The year 1926 witnessed the inauguration of an air mail system between Boston and New York, with Hartford as a way station. The Colonial Air Transport, Inc., are the present operators over a distance of 185 miles.

On the morning of July 1, 1926, a Fokker Universal and a Curtiss Lark landed at the airport with the first load of air mail, and on the afternoon of the same day, in the presence of five thousand persons assembled, three hundred and thirty-seven pounds of mail left Boston for Hartford, New York and points west.

The airplane leaves Boston daily.

By chapter 275 of the acts of 1926 the aircraft landing field has been leased to the United States until 1947. In October, 1926, a fireproof hangar large enough to house about ten of the small commercial type planes was completed for the Boston Airport Corporation.

The Weather Bureau has an agent stationed regularly at the Airport to make daily tests of aerological conditions at the field.

On October 30, 1926, a public-spirited gentleman presented the city, through the Mayor, with a revolving beacon light on the top of a down-town building for the guidance of aviators on their way to Boston after dark.

Eventually, the Airport is to be equipped with flood lights which will give an impetus to commercial air transportation here.

PROCEEDINGS OF CITY
COUNCIL.

Thursday, July 21, 1927.

Special meeting of the City Council, held in the Council Chamber, City Hall, at two o'clock p. m., President HEFFERNAN in the chair.

Absent—Coun. Gilbody, Guild, Keene, Lynch, Parkman and Ward.

The meeting was held pursuant to the following call:

City of Boston,
Office of the Mayor, July 19, 1927.
To the Members of the City Council.

Gentlemen,—You are hereby requested to assemble in the City Council Chamber, City Hall, on Thursday, July 21, 1927, at 2 p. m., for the purpose of taking action on a transfer order from Reserve Fund to Public Celebrations, amounting to \$20,000.

The purpose of this transfer is to provide sufficient funds for the entertainment of Col. Charles A. Lindbergh and his party on Friday, and for the entertainment of Commander Richard E. Byrd and his party, Lieut. Albert F. Hegenberger and Lieut. Lester J. Maitland and party, and Clarence D. Chamberlin and party on Saturday next.

Yours respectfully,
MALCOLM E. NICHOLS, Mayor.

Placed on file.

SPECIAL APPROPRIATION, LINDBERGH
CELEBRATION.

The following was received:

City of Boston,
Office of the Mayor, July 19, 1927.
To the City Council.

Gentlemen,—I transmit herewith to you a request for the transfer from the Reserve Fund to Public Celebrations of \$20,000.

The purpose of this transfer is to provide sufficient funds for the entertainment of Col. Charles A. Lindbergh and his party on Friday, and for the entertainment of Commander Richard E. Byrd and his party, Lieut. Albert F. Hegenberger and Lieut. Lester J. Maitland and party, and Clarence D. Chamberlin and party on Saturday next.

In consideration of the foregoing, I recommend the passage of the accompanying order.

Respectfully yours,
MALCOLM E. NICHOLS, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be and hereby is authorized to transfer:

From the appropriation for Reserve Fund, \$20,000, to the appropriation for Public Celebrations, \$20,000.

Referred to the Executive Committee.
 Coun. McGRATH—Mr. President, I rise to a point of information.

President HEFFERNAN—The gentleman will kindly state his point of information.

Coun. McGRATH—Was this meeting called in the customary manner, by the Chair, or was it called by his Honor the Mayor.

President HEFFERNAN—The Chair will state that the call was sent out by his Honor the Mayor, but before the call was sent out his Honor the Mayor asked me if it would be agreeable to have a meeting this afternoon, and I told him it would be as far as I was concerned.

Coun. McGRATH—Mr. President, Coun. Freeley makes a suggestion about holding the executive meeting in here. I should like to make the suggestion that we send for the Director of Public Celebrations, Mr. Johnson, so that we can learn something about this affair.

President HEFFERNAN—The Chair asks the City Messenger to send for Mr. Johnson. And the Chair will also ask Coun. Dowling to preside over the meeting of the Executive Committee in the absence of Coun. Gilbody.

RECESS TAKEN.

The Council voted, on motion of Coun. BUSH, at 2.20 p. m., to take a recess subject to the call of the Chair.

The members reassembled in the Council Chamber and were called to order by the President at 2.50 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. DOWLING, for the Executive Committee, submitted the following, viz.:

1. On the message and order of his Honor the Mayor requesting the transfer from the Reserve Fund to Public Celebrations of \$20,000 for the entertainment of Col. Charles A. Lindbergh and other famous airmen on July 22 and 23, 1927—that the same ought to pass.

Report accepted, said order passed, yeas 16, nays 0.

ADJOURNMENT.

President HEFFERNAN—The purpose for which the meeting was called having been accomplished, the Council stands adjourned.

Adjourned at 2.55 p. m.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz. 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, CITY HALL ANNEX, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped areas for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the regulation of street traffic; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin

Field, Commonwealth avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts; also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 906, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

EXTENSION OF CONTRACTS.

A. Grande has been granted an extension of time until August 1, 1927, for the completion of the contract for repairs to public landing and building at Marine Park, South Boston.

W. A. Snow Iron Works, Inc., has been granted an extension of time until August 25, 1927, for the completion of the contract for repairs to iron fence around the Public Garden.

AUTHORITY TO DO WORK.

The Mayor has granted the request of the Public Works Department for authority to resurface with asphalt macadam, Capen street, Dorchester, from Norfolk street to Fairmount street, with department forces, without advertising, the estimated cost for labor and material being \$6,000.

MAYOR APPEALS TO PRESIDENT COOLIDGE IN BEHALF OF BOSTON CITIZENS.

Mayor Malcolm E. Nichols sent the following communication on August 3 to President Coolidge at Rapid City, South Dakota:

PRESIDENT CALVIN COOLIDGE, Rapid City, South Dakota.

MY DEAR MR. PRESIDENT,—Four years ago under most distressing circumstances, through the untimely death of the lamented President Warren G. Harding, you took the oath of office to serve your country as President of the United States.

For your accomplishments over those four years no extended encomium is necessary. Your administration has given us:

1. The most striking tax reduction in history.
2. An enormous reduction in the national debt.
3. The establishment of prosperity, public confidence and good will both at home and abroad.
4. The continuance of a beneficial protective tariff with an epoch of unprecedented industrial supremacy.
5. The promotion of sound policies of economics through the nation.
6. The extension of the American Merchant Marine.
7. The conservation of our natural resources.
8. The extension of the merit system in the civil service appointments and the notable exemplification of meeting the high test of American public service.

Boston in its great pride of you and what you have done views with dismay and apprehension your statement that you did not choose to be a candidate for President in 1928. From all quarters of the city, from all types of our citizens, I have been asked to address you with the salient fact the country needs you today more than ever.

I ask you to heed the inevitable call of a United America to continue with your sane policies in efficient and constructive leadership of the country.

Cordially and sincerely yours,

MALCOLM E. NICHOLS, Mayor.

MAYOR PRAISED FOR BRINGING AVIATORS TO BOSTON.

Mayor Malcolm E. Nichols received the following letter from Edward P. Warner, Assistant Secretary of the Navy for Aeronautics in Washington, relative to the recent celebration in Boston when the eight trans-oceanic flyers were assembled together for the first time since their epoch-making trips. The letter reads as follows:

DEAR MAYOR NICHOLS,—I have been meaning for some days to write and congratulate the City of Boston and you as its chief executive on having brought all

(Continued on page 889.)

From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the

following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Brighton and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Colonial road, bounded:

Westerly by Blenford road, twelve feet; northerly by another part of Colonial road, by three measurements, ninety-two and 87-100 feet, eighty-five feet, and three hundred forty-four and 49-100 feet; easterly by the same, twelve and 16-100 feet; and southerly by the same, by three measurements, three hundred forty-one and 81-100 feet, eighty-two and 84-100 feet, and ninety-one and 38-100 feet, containing sixty-two hundred and thirty square feet, more or less.

The sewerage works to be constructed are as follows: 520 linear feet of 10-inch pipe sanitary sewer in the above described premises, being part of the private way known as Colonial road, from Blenford road to Monastery road.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on the northerly side of Colonial road, from Monastery road to a point approximately 24 feet east of Blenford road, and the lots of abutting land on the southerly side of Colonial road, from Colonial path to a point approximately 423 feet westerly, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 752, Sewerage Works, Colonial Road, Brighton, March 12, 1927, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

POLICE DEPARTMENT ORDERS.

General Order No. 1110.

Patrolman Richard H. Leary of Division 2 having arrived at the age of seventy

years, and having performed faithful service in the Police Department for forty-one and four-twelfths years, it is hereby

Ordered, His Honor the Mayor having approved the same, that the said Patrolman Richard H. Leary be retired from active service and that his name be placed upon the Department Pension Roll with pay at the rate of one thousand (1,000) dollars per annum, said sum being one-half of the amount of compensation received by him in the office from which he is retired, to take effect Thursday, July 28, 1927, at 5.45 o'clock p. m.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 1111.

A trial board consisting of Captains Grant, Perry and Hoppe having heard by reference a complaint against Patrolman William W. MacDonald of Division 12, charging him with conduct unbecoming an officer and neglect of duty, reported to the commissioner a finding of guilty as charged. In accordance with which, the said Patrolman William W. MacDonald was on July 21, 1927, dismissed from the Police Department.

Due notice of such dismissal with the reasons therefor was duly and specifically given in hand on July 21, 1927, to the said William W. MacDonald.

On the twenty-second day of July, 1927, the said William W. MacDonald requested in writing, through his attorney, a public hearing as provided by law, and the Police Commissioner set down Thursday, July 28, 1927, at eleven o'clock a. m., at the office of the Police Commissioner as the time and place of said hearing and duly notified the said William W. MacDonald.

The said William W. MacDonald was present at said time and place with counsel and was heard with his witnesses. Whereupon, after hearing the case, the Police Commissioner finds the said William W. MacDonald guilty as charged and further finds that the said William W. MacDonald shall stand dismissed from the Police Department.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

General Order No. 1112.

The resignation of Patrolman Joseph D. Parker of Division 17 having been presented while charges against him are pending, it is hereby accepted, to take effect Tuesday, August 2, 1927, at 5.45 o'clock p. m. Seven days' notice waived.

The Superintendent of Police will promulgate this order.

HERBERT A. WILSON,
Commissioner.

ADDITIONAL DAMAGES.

The Mayor has approved the following order of the Board of Street Commissioners:

Whereas, An award of \$40,375 for the taking of an easement for highway purposes in 332, 223, 193, 165, 135 and 129 square feet of land from Michael A. Sullivan *et al* for the widening and relocation of Kneeland street, was made to said

Sullivan *et al.* under the order for said improvement, dated October 26, 1925; and

Whereas, Said sum (\$40,375) was accepted by said Michael A. Sullivan *et al.*, not in full satisfaction of all damages so sustained, but as payment *pro tanto* without prejudice to any right to have the remainder of said damages, if any, assessed by the appropriate tribunal; and

Whereas, Said Michael A. Sullivan *et al.* petitioned the Superior Court for a jury to determine said damages in excess of the amount (\$40,375) so awarded, accepted and paid; now, therefore, it is

Voted, After consultation with the Law Department, and on its advice, that additional damages in the amount of \$30,000 be and the same hereby is awarded to Michael A. Sullivan *et al.*, and it is further ordered that the Corporation Counsel agree to judgment in said case on the terms herein stated.

MAYOR WANTS WORK ON STREETS SPEEDED UP.

Mayor Nichols conferred on August 2 with Commissioner Sullivan of the Public Works Department and Deputy Commissioner Atwood in charge of paving upon the street program, and directed that the work be expedited with all possible dispatch.

Following is the progress of the work:

Construction has just been started on Park square, from Boylston street to Columbus avenue. On Columbus avenue at Park square across Stuart street; on Broadway at Park square across Stuart street; on Stuart street, from Broadway to Columbus avenue; on Church street and Columbus avenue to Stuart street.

For some time work has been under way on Alford, Lexington, Quincy and A streets, and on Brookline and Longwood avenues. Harold street and Stuart street from Huntington avenue and Dartmouth street have been advertised. Bids on River street are opened August 15. Washington street, from Massachusetts avenue to Dover; East and West Brookline, Ashland and Oakland streets are soon to be advertised.

The Mayor announced that Broadway, South Boston, would be resurfaced between L street and Marine Park; and Rutherford avenue, between Chapman street and City square, Charlestown.

The Mayor yesterday signed contracts for resurfacing Beacon street, from Massachusetts avenue to Raleigh and Boylston streets; from Exeter street across Berkeley street, and from Park square to Tremont street. The Mayor also conferred with the three members of the Street Laying-Out Department and afterwards announced that nineteen new streets had been laid out, and hearings held on twenty-five more. Among the nineteen streets are the widening of Sullivan square, extension of Arlington street to Piedmont street, and the widening of Gardner and Alcorn streets.

OPEN-AIR MARKET.

The Mayor has approved the following request of the office of Superintendent of Markets:

BOSTON, August 2, 1927.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—I most respectfully desire your approval to open five open-air markets for the benefit of the public at the following places:

Tuesday, August 9, Columbus avenue at Roxbury Crossing.

Wednesday, August 10, Central square and Day square, East Boston.

Thursday, August 11, Thomas Park, South Boston.

Friday, August 12, Kane square, Bowdoin and Hancock streets, Dorchester.

Saturday, August 13, Monument square, Charlestown.

During the year 1926 from August 10 to December 24 the farmers who occupied stands at the above markets sold direct to the consumer 1,803 truck loads of fresh produce. The demands from the public to this office showed that they are anxious for the re-establishment of the markets.

Hoping that this will meet with your approval, I am,

Yours respectfully,

DANIEL H. ROSE,
Superintendent of Markets.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Samuel J. Tomasello has been directed to perform the following extra work under contract for constructing sheet asphalt pavement in Gordon street, Williston road, Walworth street and Roslindale avenue. Although this is in addition to the work contemplated in the original contract, it is incidental thereto. Items ordered: (1.) Excavate, backfill and construct two concrete retaining walls with picket fences in Walworth street. Price to be paid, the sum of (\$2,400). (2.) LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Hyde Park and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Prescott street, bounded:

Easterly by Hawthorne street, six feet; southerly by another part of Prescott street, twenty-five feet; westerly by the same, six feet; and northerly by the same, twenty-five feet, containing one hundred and fifty square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Hawthorne street, bounded:

Westerly by Prescott street, six feet; northerly by another part of Hawthorne street, two hundred feet; easterly by Hyde Park avenue, six feet; and southerly by another part of Hawthorne street, two hundred feet, containing twelve hundred square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Hawthorne street, bounded:

Westerly by Hyde Park avenue, six feet; northerly by another part of Hawthorne street, two hundred and forty feet; easterly by Hamilton street, six feet; and southerly by another part of Hawthorne street, two hundred and forty feet, containing fourteen hundred and forty square feet, more or less.

The sewerage works to be constructed are as follows: 440 linear feet of 12-inch

pipe sanitary sewer, in the above described premises, being parts of the private way known as Hawthorne street and part of the private way known as Prescott street.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lot of abutting land at the north-easterly corner of Prescott and Hawthorne streets and the lots of abutting land on the southerly side of Hawthorne street for a distance of approximately 100 feet easterly from Prescott street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 783, Sewerage Works, Hawthorne Street, Hyde Park, June 22, 1927, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

CIRCULAR LETTER NO. 37.

OFFICE OF THE MAYOR,
CITY HALL, BOSTON, July 25, 1927.

To Heads of all Departments.

GENTLEMEN,—The National Committee to Save Old Ironsides is engaged in the very worthy cause of raising \$750,000 for the rebuilding of the Old Constitution and to form an endowment fund for her upkeep.

Rear Admiral Philip H. Andrews of the Charlestown Navy Yard, a champion of this cause, has secured a number of the "Constitution" are to be sold under the direction of the navy officials at a price of 25 cents each and framed pictures at a price of \$1.70 each.

I have today designated Mr. James A. Parsons, Assistant Director of the Commercial, Industrial and Publicity Bureau of the city, to take charge of the sale to city employees and I should appreciate it if you would communicate with him for all necessary information.

I hope it will be possible for every city employee to secure a copy of this patriotic picture.

Very truly yours,

MALCOLM E. NICHOLS, Mayor.

AUTHORITY TO DO WORK.

The Mayor has approved the request of the Public Works Department for authority to resurface with asphalt macadam, Hollander street, Roxbury, from Crawford street to Humboldt avenue, with division forces, without advertising, the estimated cost for labor and material being \$4,000.

PROCEEDINGS OF SCHOOL COMMITTEE.

July 11, 1927.

A special meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 6.54 o'clock P. M., the Chairman presiding.

Present: Mrs. Barron, Messrs. Bogan, Gray, O'Hare and Sullivan.

APPROVAL OF MINUTES.

The reading of the minutes of the previous meeting was omitted, the Board approving them as printed.

ANNUAL APPROPRIATION ORDER.

The following communication was received:

OFFICE OF THE MAYOR CITY HALL

July 6, 1927.

To the School Committee of the City of Boston:

I return herewith Appropriation Order of the School Committee dated June 21, 1927, with my approval, after reducing the total amount \$150,000 for the reason that, in my opinion, certain amounts voted are in excess of the actual requirements for the current financial year.

The reductions in the items of the Appropriation Order are as follows:

Salaries of Instructors.....	\$100,000.00
Salaries of Officers.....	10,000.00
Fuel and Light.....	30,000.00
Supplies, Equipment and	
Incidentals	10,000.00
	<u>\$150,000.00</u>

In my veto communication to you on May 21, I submitted certain facts and figures based on four months' expenditures that indicated a surplus at the end of the year in excess of \$500,000. Your action in supporting my veto clearly showed that at least two members of your Committee agreed with me that the original appropriations were excessive and would produce a surplus which would not be expended until the year 1928.

In support of my contention, I quote one member of your Honorable Committee as follows: "On further consideration, I reached the conclusion, which was agreed to by the Business Manager and other members of the Committee, that the passing of the budget as originally submitted would mean a surplus of approximately \$600,000. I do not believe in appropriating money which admittedly cannot be used in any one year."

Another member of your Committee is quoted as follows: "I feel, and have felt for some time, that too much money is being spent by the School Committee. I feel that we might leave unappropriated a sum greater than \$200,000, but in order to insure the continuance of education here in Boston, I have joined in the compromise effected, namely the withholding from appropriation of the sum of \$200,000."

Other members of your Committee have stated in meeting that they were aware that the appropriations voted would produce a surplus beyond the probable expenditures of the year and that they believed that this procedure was proper. It may be of interest to these other members to learn that their action in appropriating more than the prob-

able expenditures of the current financial year was in direct conflict with Section 109 of the Rules and Regulations of the School Committee, which provides in paragraph 2:

"He (Business Manager) shall annually prepare and submit to the School Committee at the last regular meeting in February or as soon thereafter as may be practicable, an itemized appropriation order prepared under the instructions of the School Committee to cover the expenses of the school system for the current financial year with the detailed estimates of the probable cost of the several items."

Thus it appears that the School Committee have no authority for intentionally voting appropriations so as to produce a surplus to be expended in the following year. Such procedure is of course unsound and unwise.

It is quite evident that my veto has caused two admissions to be made by your Honorable Body; first—that on the basis of your original appropriation order a surplus of \$600,000 would result, and second—that a majority of your Committee deliberately voted to establish a surplus for use next year.

In support of my opinion that your original appropriations would produce a surplus in excess of \$500,000 which you admit might reach \$600,000, I respectfully submit the following tabulation:

	Increases in Appropriations for 1927 over expenditures for 1926.	Actual increases in expenditures for 1927 over 1926 to June 30, inclusive, (6 months)
Salaries of Instructors	\$811,590.90	*\$298,985.10
Salaries of Officers	40,180.61	8,802.75
Salaries of Custodians	60,307.78	26,674.38
Fuel and Light.....	99,764.31	14,329.39
Supplies and Incidentals	153,603.04	76,513.28
Pensions to Attendance Officers and Custodians..	†107.95	†301.58
Physical Education. Salaries of School Physicians and Nurses	38,891.57	11,700.52
Extended Use of the Public Schools	25,422.72	*12,113.09
	12,742.76	6,132.42
	<u>\$1,242,385.74</u>	<u>\$454,999.35</u>

*Includes double payment in June; approximately 7 months' increases.
†Decrease.

The above figures should be interesting to you. As you well know there will be substantial reductions in expenditures due to the summer vacation, which should be considered in analyzing the figures for the first six months.

As a result of my veto you reduced your original appropriations \$200,000. I have made a further reduction of \$150,000. This total of \$350,000, in my opinion, should be \$500,000, but not having detailed information such as you should possess, I refrain from further reduction. I am convinced, however, that the appropriations as reduced are more than ample to take care of all the requirements for the financial year.

Respectfully yours,
MALCOLM E. NICHOLS,
Mayor.

Placed on file.

(Accompanying the communication was the order referred to therein as printed in the minutes of June 21, 1927, (see p. 165).

Question came on the passage of the appropriation order of June 21, 1927, calling for appropriations totaling \$6,059,293.05, notwithstanding the veto in part by His Honor the Mayor, making reductions totaling \$150,000, to wit:

Salaries of Instructors	\$100,000.00
Salaries of Officers.....	10,000.00
Fuel and Light.....	30,000.00
Supplies, Equipment and	
Incidentals	10,000.00
	<u>\$150,000.00</u>

The order passed by the following vote:

YEAS—Mrs. Barron, Messrs. Bogan, Gray and Sullivan—4.

NAYS—0.

NOT VOTING—Mr. O'Hare—1.

As the members responded to the roll call, they made the following statements:

Mrs. Barron: At the meeting of June 21, 1927, in order to effect a compromise, because I was willing to go half way with the other members, I voted in favor of the passage of the order making the \$200,000 reduction, though I had suggested a larger reduction. It seems futile at the present time to ask for a larger reduction inasmuch as the matter has been fully discussed by the members of the Committee and an agreement for more than the \$200,000 reduction could not be obtained. I am consequently voting for the passage of the order as adopted at the meeting of June 21, 1927.

Mr. Gray: I am voting for the order as passed at the meeting of June 21, 1927, making a reduction of \$200,000 in estimates for the reasons which I stated at that time.

Mr. O'Hare: I believe in the original budget and not in the budget reducing the total expenditures in the sum of \$200,000, as provided under the terms of the order passed at the meeting of June 21, 1927. Consequently I will be recorded this evening as not voting on the question.

Mr. Sullivan: On May 9, 1927, I voted for the budget as then presented and for the passage of the order carrying the budget into effect, for procedure purposes. I then felt and still feel that the appropriation order permits of too great expenditures, particularly in the face of the present tax rate. On June 8, 1927, I voted to sustain His Honor's veto. At the meeting of June 21, 1927, in order to effect a compromise, I voted to leave unappropriated the sum of \$200,000. As I have said, that action was a compromise on the part of the members of the Board and was the best compromise that could then be effected. I consequently stand by my previous action.

WITHDRAWAL OF TRANSFER.

At the close of the eighth paragraph add the following—if the course is the equivalent of one full year (at least 300 hours) of approved work of college grade in salesmanship and allied subjects—so that these paragraphs shall read as follows:

IV.—High School: To masters, junior masters, advisers of girls, first assistants, and assistants in day high schools, to junior masters (military drill), to junior masters (physical education), and to assistants (physical education) in The Teachers College, Latin or day high schools; to senior instructors and senior assistants in the Boston Clerical School; to assistants, senior assistants, senior instructors, and heads of divisions, Continuation School; to instructors, senior instructors and vice-principal, Boston Trade School; and to senior assistants in the Day School for Immigrants.

A candidate who elects the group in which Salesmanship is the major subject, for his advanced examination shall, in addition to the forego-

ing requirements, have completed a one-year course in salesmanship approved by the board of superintendents, which course may be accepted by said board as equivalent to one of the required three years' experience in teaching, if the course is the equivalent of one full year (at least 300 hours) of approved work of college grade in salesmanship and allied subjects.

Paragraph XI.—certificates valid in day high schools. Strike out paragraphs 1 and 2 and substitute in place thereof the following:

For the special certificate in commercial branches.

Certificate discontinued January 1, 1925.

Paragraphs XII., XIII., XIV., XV., XVI., XVIII. and XX.: In each of the above certificates strike out all that follows the sentence defining the ranks covered by these certificates, and add the following as a new paragraph after each certificate.

Certificate discontinued June, 1927.

Paragraph XVII-A.—Rename to read paragraph XVII., and add the following new paragraph:

Certificate XVII.—Evening School, Limited, shall expire on the thirtieth day of June following the date of issue, but may be extended upon evidence of successful teaching experience and satisfactory completion of a training course approved by the board of superintendents.

Paragraph XVII-B.—Strike out the paragraph and substitute in place thereof the following.

XVII-B.—Evening School, Limited: To teachers of English and citizenship in evening elementary schools.

Certificate discontinued June, 1927.

Paragraph XXX.—In the last paragraph strike out—XVII-A. Evening School, Limited—and substitute in place thereof—XVII. Evening School, Limited—so that the paragraph will read as follows:

This certificate includes certificates designated XI. Special: Instructor—shop work; XVII. Evening School, Limited.

Paragraph XXXI-B., add the following new paragraph as a note to precede "Licenses":

NOTE: Candidates for the industrial certificates XXX., XXXI-A., and XXXI-B. are not eligible for appointment until they have reached their twenty-fourth birthday.

Section 81, paragraph 1—Strike out (b) and substitute in place thereof the following: (b) when two years' credit is allowed for work done for the Master's Degree in Education; so that the paragraph will read as follows:

SECT. 81. 1. A satisfactory certificate in pedagogy, or graduation from the Boston Normal School or from The Teachers College of the City of Boston, or from a Massachusetts State Normal School, is accepted as equivalent to one year's successful experience in teaching and governing schools, except (a) when normal school graduation is a prerequisite for a certificate; or (b) when two years' credit is allowed for work done for the Master's Degree in Education; or, (c) when but one year's experience in teaching is required.

Section 245, paragraph 1. Strike out the paragraph and insert the following paragraphs as paragraphs 1 and 2:

SECT. 245. 1. The commercial coordinator shall ascertain the demands of business regarding the commercial training required of

employees and shall advise with principals regarding courses to meet these requirements.

2. He shall have general supervision of the instruction in salesmanship in the schools and shall act as co-ordinator between the school and the business houses in securing practice work in salesmanship and such other co-operative commercial courses as may be approved by the School Committee. He shall co-operate with principals in the conduct of the academic work of pupils in such courses and shall supervise their business experience and their relations with employers.

Section 291, paragraph 5.—In the tenth line strike out the figures "40" and substitute in place thereof—35—so that the paragraph will read as follows:

5.—Except as provided in paragraph 6 of this section, the number of teachers to which a day elementary school district, except the Martin District, shall be entitled shall be based on the following quota of pupils belonging on the last school day of the preceding month:

Kindergartens	25
Grade I	40
Grades II to VI, inclusive	42
Grades VII and VIII	35
Classes for conservation of eyesight	12
Hospital classes	15
Open air classes	30
Rapid advancement classes	30
Special classes	15
Special English classes	30
Ungraded classes	30

and in speech improvement classes there may be one teacher for every fifteen pupils in average hourly attendance for each four-hour day for the month next preceding the date upon which an appointment is made.

Note.—The number of teachers to which the Martin District shall be entitled shall be based on a quota of thirty-five pupils for grades I to VIII, inclusive, which unit shall be taken from the number of pupils belonging on the last school day of the preceding month.

Paragraph 8.—In the table entitled "Number of teachers above the kindergarten" strike out the third and fourth lines and substitute in place thereof the following: Grades VII, VIII and IX, 182 divided by 35—5—7, so that the table will read as follows:

Number of Teachers Above the Kindergarten.	
Grade I	82 divided by 40 2 2
Grades II to VI, inclusive	838 divided by 42 20 18
Grades VII, VIII and IX	182 divided by 35 5 7

Totals.....1,444 39 48 2

For excess pupils

46 divided by 30 1

Number of teachers above the kindergarten

Note.—Only those classes which are organized as a unit are included in the above tabulation.

Paragraph 11 (c). In the last line strike out the figure 1,200 and substitute in place thereof 1,100, so that the paragraph will read as follows:

11 (c). A half-time clerical assistant in day elementary and day intermediate schools when the number belonging exceeds 1,100.

Section 298. Strike out the sec-

tion and insert in place thereof the following:

SECT. 298. 1.—Teachers in the Boston Trade School shall consist of a principal holding the rank of master, and subordinate teachers as follows: a vice principal, a shop superintendent, division heads, division foremen, shop foremen, shop instructors, senior instructors, and instructors.

2.—Temporary teachers and junior assistants may be appointed in the Boston Trade School, but the total number of teachers in said school shall not exceed the total number of teachers to which the school is entitled as provided in this section.

3.—Such special assistants, mechanical department, and toolkeepers may be appointed as the superintendent may deem necessary; subject to the approval of the School Committee.

4.—There shall be one bookkeeper and two clerical assistants, whose duties shall also include the clerical work of the evening classes.

5.—Division heads and division foremen in the Boston Trade School shall have distinct duties in addition to teaching. These duties shall include the supervision of a subject, or of a curriculum, or of both.

6.—The whole number of teachers to which the Boston Trade School is entitled, exclusive of the principal, vice principal, and shop superintendent, and the amount of teaching to be allotted to the several teachers shall be determined by standards stated in terms of teaching units (pupil periods per week of instruction in ordinary academic subjects, as follows:

(a) During the first week of October, or on some other date fixed by the superintendent, the principal shall report to the superintendent, in such manner as the superintendent may determine, the number of teaching units of instruction given by each teacher in his school.

(b) The standard number of teaching units of instruction in academic subjects shall be seven hundred sixty-eight pupil periods per week, based on twenty-four periods of teaching per week, with thirty-two pupils in each class.

7.—Modifications of the above standards shall be made, as follows:

(a) Ordinary academic work is called "A" work; laboratory instruction in science is called "B" work; instruction in shop work and drawing is called "C" work.

(b) The number of teaching units to be credited for "A" work is to be secured by multiplying the number of pupil periods by .875.

(c) The number of teaching units to be credited for "B" work is to be secured by adding to the number of pupil hours eight for every laboratory period in which the class is divided into two sections, and thirty for every laboratory period in which the class is not so divided; and multiplying the result thereof by .875.

(d) The number of teaching units to be credited for "C" work is to be secured by multiplying the number of pupil hours by 1.12 (1.12X.875).

8.—The number of teachers to which the Boston Trade School is entitled shall be computed as follows:

(a) The number of pupil periods of instruction of each teacher, as shown in the report called for in paragraph 6 (a), shall be entered in the appropriate column. The number of teaching units to be credited to the school shall be entered in the next column. The standard number of pupil periods in "A" work—768—

shall be entered in the next column. Deviation from this standard shall be entered in the fourth column and shall be marked X or —, according as the credit for each teacher is greater or less than the standard.

(b) The difference between the totals obtained as footings of the second and third columns; that is, between the totals of credits in teaching units, and the totals of standard numbers of pupil periods, will show whether the teaching force of the school is more or less than adequate.

(c) The number of additional teachers to which the school is entitled shall be determined by dividing the plus balance by 768—the standard for men teachers.

(d) The number of teachers in excess shall be determined by dividing the minus balance by 768—the standard for men teachers.

Evening Classes.

9. In the Boston Trade School, evening classes, a principal; assistants in charge; assistants; second assistants; assistants, building trades; second assistants, building trades; and toolkeepers may be appointed.

Section 299, paragraph 1. In the fourth line, to follow the words "vocational assistants," insert the words—senior trade assistants—so that the paragraph will read as follows:

SECT. 299. 1.—Teachers in the Trade School for Girls shall consist of a principal, holding the rank of master; a master's assistant; heads of departments; vocational assistants; senior trade assistants; and trade assistants.

Paragraph 2. In the third line strike out the words "one hundred" and substitute in place thereof—one hundred and fifty—so that the paragraph will read as follows:

2.—There shall be a head of department for each trade taught and for related work; a vocational assistant for every one hundred and fifty pupils; and a sufficient number of trade assistants to equal one for every fifteen pupils.

Section 300, paragraph 3.—Strike out the paragraph and insert in place thereof the following:

3.—In computing the number of teachers to which a day intermediate school is entitled, thirty-five pupils shall be taken as a class unit for Grades VII, VIII and IX.

Section 301, paragraph 1.—Strike out the paragraph and substitute in place thereof the following:

SECT. 301. 1.—Teachers in the Boston Clerical School shall consist of a principal, with the rank of head master; head instructors; senior instructors; senior assistants; instructors, and assistants.

Section 302, paragraph 9.—Add the following as new paragraph (h)

(h) Each head of department shall be credited with forty pupil hours for each teacher whose time is employed wholly in the department supervised by said head. In addition, appropriate credit shall be given for supervision of a teacher who serves only part time in a department.

Section 302, paragraph 13.—Insert the following as paragraph (c). Re-letter present paragraph (c) as paragraph (d):

(c) Three when the number of pupils in a school reaches 2500, so that the paragraph will read as follows:

13. Secretaries in Latin and day high schools may be appointed as follows:

(a) One for each school.

(b) Two when the number of pupils in a school reaches fifteen hundred.

(c) Three when the number of pupils in a school reaches twenty-five hundred.

(d) One full-time or part-time for co-operative courses, with the approval of the School Committee.

Section 308, paragraph 11. In the second line strike out the words "an assistant, educational research," and insert in place thereof—educational statistician—so that the paragraph will read as follows:

11.—A director of educational investigation and measurement; an educational statistician; a first assistant director of educational investigation and measurement; an assistant director of educational investigation and measurement; and a research assistant.

Section 375, paragraph 1.—In the third line, insert the words "senior trade assistants" to follow the words—shop instructors—so that the paragraph will read as follows:

SECT. 375. 1.—Teachers and other employees shall consist of a principal; heads of divisions, division foremen; shop foremen; shop instructors, senior trade assistants; trade assistants; senior instructors; instructors, boys' classes; instructors; senior assistants; assistants; vocational assistants; special instructors; junior assistants; clerical assistants, toolkeepers.

SALARY SCHEDULE FOR TEACHERS, MEMBERS OF SUPERVISING STAFF AND OTHERS, YEAR ENDING AUG. 31, 1928.

The following ten orders, establishing a salary schedule for teachers, members of the supervising staff and others, for the year ending Aug. 31, 1928, were offered:

1. ORDERED, That the salaries of teachers, members of the supervising staff and others, are hereby established for the school year September 1, 1927, to August 31, 1928, inclusive, in accordance with the following schedule and subject to the following adjustments or limitations:

2. ORDERED, That teachers, members of the supervising staff and others, who on August 31, 1927, shall not have reached the maximum of their respective salary schedules, shall on September 1, 1927, be advanced by one annual increment, and that all advances on such schedules shall take effect thereafter on September 1 of each year until such time as the maximum is reached.

3. ORDERED, That first assistants and assistants, kindergartens, who have been transferred or who will be transferred to two-session kindergartens, shall be placed on Sept. 1, 1927, on a salary equal to that step of the schedule of assistants, elementary, which corresponds to their length of service in the Boston schools; provided that no assistant, kindergarten, two sessions, may be placed on a salary greater than the established maximum of her rank, namely, \$2,016; and provided furthermore that no first assistant or assistant, kindergarten, shall be placed on a step of the salary schedule that exceeds the salary received by an elementary teacher appointed at the same time.

4. ORDERED, That teachers, members of the supervising staff and others, whose annual increment has been changed from that allowed in the salary schedule for the school year immediately preceding (September 1, 1926, to August 31, 1927), shall on September 1, 1927, be advanced by one annual increment as provided in the following schedule, and where necessary, by such additional amount as shall place them on an even step of their respective schedules.

8. ORDERED, That Frederick J. Murray, instructor, Continuation School, is hereby placed upon the sixth year of the salary of the rank, namely, two thousand sixteen dollars (\$2,016) per annum, to take effect Sept. 1, 1927.

9. ORDERED, That Lillian I. Goldsmith, secretary, Brighton High School, and clerical assistant, Thomas Gardner District, is hereby established at the rate of fourteen hundred forty dollars (\$1440) per annum, to take effect Sept. 1, 1927.

10. ORDERED, That during the school year 1927-28 the Superintendent is hereby authorized to fix the compensation of all persons giving lectures and improvement and promotional courses for teachers other than those whose compensation is fixed in the salary schedule for teachers and members of the supervising staff.

Question came on the adoption of the ten orders establishing a general salary schedule for the year ending Aug. 31, 1928, which orders were passed collectively by the following vote:

YEAS—Mrs. Barron, Messrs. Bogan, Gray, O'Hare and Sullivan—5.
NAYS—0.

In connection with the adoption of the salary schedule, the following statements were made:

Mr. Gray: While I have not found myself able to agree with every item covered by the salary schedule, it seems scarcely necessary to go into each item in detail at this time. Consequently, with this reservation, I vote in favor of the schedule. I wish to state, however, that it is to me a source of keen regret that the schedule does not carry the salary increase recommended by the Board of Apportionment for the group headed by the junior masters and the group headed by the head masters.

Mr. Sullivan: I want to be recorded also as regretting the fact that the schedule does not carry a recommendation for an increase for the group of junior masters and sub-masters. I think it is a serious error not to recognize by an increase this meritorious service.

Mr. O'Hare: The question of salaries of teachers is always a vexatious problem. Five people get together and do the best they can, to my mind. This year the School Committee, by a vote of 4 to 1,—I representing the minority,—decided not to go to the Legislature for additional funds for general salary evaluation and increase. Therefore, I felt this year that no groups numerically large could be raised without causing serious disproportion in the working of the salary schedule. The only group I voted for this year was an increase of \$120. for a group of two armorers. Their salary was \$2,160 and they go to \$2,280, and I do that without qualm of conscience because these men take care of all the military equipment of the schools. I do not think they are being overpaid; they are not a teaching group. I feel that

the salary schedule as adopted, without additional appropriation, is as fair a proposition as we can get, and I assent to it.

Mrs. Barron: I also assent to the salary schedule but with regret that we could not raise all groups in our service. It is my keen desire that the women directors, each one of whom is receiving less than any man director, should receive an increase; but inasmuch as the majority of the School Committee felt that this would be a group increase, this increase was not given. May I express my opinion as to the junior masters. I would have been delighted to give the junior masters an increase if we could have given an increase to the women who do exactly the same work and receive less pay. Under present conditions the women high school teachers receive a minimum of \$1728 with an annual increase of \$96, and a maximum of \$2976, as against the junior masters who receive a minimum of \$2016, with an annual increase of \$144, and a maximum of \$3600, so there already is more than \$600 difference between the salaries of the women high school teachers and the men high school teachers. To raise the salary of junior masters at this time and thus further increase the difference between the salaries of the corresponding rank for women—that of assistant—would, it seems to me, be decidedly unfair to the women and tend to dissatisfaction and disturbance of the morale of the service.

The Board of Superintendents' study of salary schedules of other cities of corresponding size throughout the country led that Board this year to recommend substantial increases in our salary schedule, but because of the lack of funds it was not possible to adopt these recommendations this year.

I believe that in this report the Board of Superintendents recommended—and bear in mind that their recommendations were based on a scientific study of salaries and fact-ratios—the same number of additional increments for high school women as was recommended for junior masters. If we could give the high school women and other women's ranks in the service as substantial an increase at this time. I most certainly would vote to give the junior masters a corresponding increase.

Since we cannot give it to the women, I cannot in fairness vote to give it to any group or groups of men.

Dr. Bogan: I feel that no group should be given salary increase this year. As Mr. O'Hare has stated, the only group which has been given an increase on this year's schedule is the one consisting of two individuals. I am therefore voting in favor of the salary schedule as presented.

TRANSFER OF CUSTODIANS.

A communication was received from the Schoolhouse Custodian, under date of July 18, 1927, transmitting a list of applicants desiring transfer to the custodianship of the Benjamin Cushing Schoolhouse and Portable No. 4, and recommending that Martin P. Breen, custodian of the Curtis Guild Schoolhouse, who stands at the head of the list, be appointed to the position, to take effect July 29, 1927.

Placed on file and the transfer of Martin P. Breen approved, to take effect on the date stated.

A communication was received from the Schoolhouse Custodian, under date of July 18, 1927, transmitting a list of applicants desiring transfer to the custodianship of the Dwight Schoolhouse, and recommending that John E. Murphy, custodian of the Parkman Schoolhouse, who stands at the head of the list, be appointed to the position to take effect July 22, 1927.

Placed on file and the transfer of John E. Murphy approved, to take effect on the date stated.

A communication was received from the Schoolhouse Custodian, under date of July 18, 1927, recommending that Thomas J. McDonough, custodian, Jamaica Plain High School Annex, the only candidate in the service desiring transfer to the custodianship of the Hillside Schoolhouse, be appointed to the position, to take effect July 15, 1927.

Placed on file and the transfer of Thomas J. McDonough approved, to take effect on the date stated.

SALARY OF CUSTODIAN OF ADMINISTRATION BUILDING

On motion, it was

ORDERED, That the compensation of the custodian of the Administration Building, 15 Beacon Street, is hereby established at the rate of eleven thousand, nine hundred twelve dollars and ninety-nine cents (\$11,912.99) per annum, which amount shall be for all the services rendered by him in that capacity as required by the regulations, and that such rate of compensation shall take effect Sept. 1, 1927. Compensation provided for in this order shall not include payment for services which may be rendered because of evening occupancy of the building.

SALARIES OF EMPLOYEES IN ADMINISTRATIVE OFFICES AND SUPPLY ROOM.

A communication was received from the Salary Board, under date of July 18, 1927, recommending the creation of a new group in the classification of employees in the administrative offices and in the supply room, in order to provide for clerks who carry a certain amount of administrative duties but who do not come within the Salary Board's interpretation of the present Group B. To carry this recommendation into effect, the Salary Board recommended that the rules be amended in accordance with an accompanying order. The Salary Board further recommended reclassification of clerks and other employees in accordance with accompanying orders. Placed on file.

The following was offered:

ORDERED, That the rules are hereby amended as follows:

Section 156, paragraph 2. Strike out "Group B" and substitute the following new paragraph as Groups B and C. Re-letter present Groups C and D as Groups D and E:—

Group B—Persons occupying positions which, in addition to clerical duties, have large administrative responsibilities, as determined by the salary board.

Group C—Persons occupying positions which, in addition to clerical duties, have certain administrative responsibilities and years of experience, as determined by the salary board so that the paragraph will read as follows:

2—The classification of all persons employed in the administrative offices and in the supply room of the School Committee shall be as follows:

Group A—Persons occupying administrative positions.

Group B—Persons occupying positions which, in addition to clerical duties, have large administrative responsibilities, as determined by the salary board.

Group C—Persons occupying positions which, in addition to clerical duties, have certain administrative responsibilities and years of experience, as determined by the salary board.

Group D—Persons performing clerical services, but without administrative responsibilities.

Group E—Employees not otherwise classified.

Passed under a suspension of the rules.

On motion, it was

ORDERED, That for the year ending Dec. 31, 1927, the salary or compensation of employees of the Administrative Offices and the Supply Room, is hereby established as follows:

Group A. As determined by the Salary Board.

Group B. Minimum—forty (40) dollars per week; maximum—forty-five (45) dollars per week.

On motion, it was

ORDERED, That the salary of the following-named persons employed in the office of the Business Manager, are hereby established for the year beginning Sept. 1, 1927, and until otherwise ordered, as follows:

J. George Herlihy, assistant business manager, \$4,500; James J. Mahar, domestic engineer, \$4,500.

SALARIES OF OFFICERS.

On motion, it was

ORDERED, That the salary of the Business Manager is hereby estab-

lished at the rate of seventy-five hundred dollars (\$7,500) per annum, to take effect Sept. 1, 1927, and to continue until otherwise ordered.

On motion, it was

ORDERED, That the salary of the Secretary is hereby established at the rate of six thousand dollars (\$6,000) per annum, to take effect Sept. 1, 1927, and to continue until otherwise ordered.

On motion, it was

ORDERED, That the salary of the Schoolhouse Custodian is hereby established at the rate of forty-eight hundred dollars (\$4,800) per annum, to take effect Sept. 1, 1927, and to continue until otherwise ordered.

UNFINISHED BUSINESS.

The order laid over at the meeting of June 21, 1927 (see p. 163), amending section 80, paragraph XI. of the rules, providing a definition of supervisory experience, was taken up and passed.

In response to reference to the Board of Superintendents for study and report, of the advisability of caring for habitual truants with special reference to truants now committed to the Middlesex County Training School (meeting of June 28, 1926, see p. 72), the Board of Superintendents reported that it has considered the suggestion that Boston establish and maintain its own training school for truants and other juvenile delinquents who are now committed by the courts to the Middlesex County Training School.

The policy of the School Committee has been to minimize commitments to training schools and for this purpose maintains the Disciplinary Day School. During the year just closed, out of an enrollment of 226 boys only 18 were committed to the Middlesex County Training School. There are at present only 35 boys at that institution.

If Boston were to conduct a training school, many boys who are now saved by the Disciplinary School would be sent by the courts directly to the proposed training school, and the good work now done by the Disciplinary School would become less and less with the lapse of years.

To construct and maintain a Boston training school would require an outlay of money which as compared with the present low cost would be almost prohibitive. To purchase a suitable site, to construct and equip suitable buildings, to pay the salaries of superintendent, and workers, would necessitate an initial outlay, and an annual expenditure which would seem unwarranted considering the small number of boys to be served. As to the institution at Chelmsford, its equipment, personnel, methods of discipline, and general suitability for confinement of juvenile delinquents: the Chief Attendance Officer and the Assistant in Charge of the Disciplinary School are in constant communication with the institution, visit it frequently and commend it highly. The Assistant Superintendent in Charge has personally inspected the buildings, and has conferred with the Superintendent of the school, discussing in great detail the treatment of the boys, the method of discipline and parole, and the general conduct of

the school. On his visitation he found the grounds spacious, the buildings well ventilated, clean and sanitary, the food wholesome, the entire atmosphere good, and the boys as contented as could be expected.

The treatment the boys receive is on the whole as good as may be expected in such an institution, and the Boston authorities feel that they have no reasonable ground for complaint.

Finally, the Board of Superintendents reported that in its judgment it is inadvisable at this time to recommend the establishment of a training school in the City of Boston.

The report was accepted and a copy ordered sent each member of the Committee.

The Board adjourned.

Secretary.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

ASSISTANT BACTERIOLOGIST, DEPARTMENT OF PUBLIC HEALTH, AUGUST 12, 1927.

Requisition is for a male but the examination is open to both males and females.

The salary is \$3,600 per year. Applicants must be graduates from a reputable college with special training in biochemistry and bacteriology.

The duties of this position are as follows: The concentration of diphtheria antitoxic plasma and other serums; the making of standard chemical solutions and the titration of bacteriological media; assisting in the performing of potency and sterility tests on toxins, antitoxins, and other products, and such other related duties as may be assigned.

The subjects of examination with their respective weights will be as follows: Training and experience, 3; practical questions, 2; total, 5.

Applicants will be required to obtain a mark of at least 50 per cent in practical questions and at least 65 per cent in training and experience and in general average in order to become eligible.

Successful applicants will be required to file a certificate, satisfactory to the commissioners, as to their physical fitness for the position.

PHYSICIST, PONDVILLE HOSPITAL, DEPARTMENT OF PUBLIC HEALTH, AUGUST 12, 1927.

Requisition is for a male but the examination is open to both males and females.

The salary is \$2,400 per year with lunches, for part-time work.

The duties of this position require that applicants be thoroughly familiar with the highly technical matters pertaining to the physical and chemical properties of radium. They should have had actual practical experience in taking off the emanations, measuring the strength of both the element and the emanation, and distinguishing between alpha, beta, gamma, and other rays, and being able to protect against those not needed for the particular case.

The subjects of examination with their respective weights will be as follows: Training and experience, 3; practical questions, 2; total, 5.

Applicants will be required to obtain a mark of at least 65 per cent in each subject of the examination in order to become eligible.

Successful applicants will be required to file a certificate, satisfactory to the commissioners, as to their physical fitness for the position.

THE BOSTON AIRPORT.

An interesting and very informative article on The Boston Airport and Commercial Aviation appeared in Boston Year Book, 1924-1925, a publication issued by the Boston Statistics Department.

The year 1926 witnessed the inauguration of an air mail system between Boston and New York, with Hartford as a way station. The Colonial Air Transport, Inc., are the present operators over a distance of 185 miles.

On the morning of July 1, 1926, a Fokker Universal and a Curtiss Lark landed at the airport with the first load of air mail, and on the afternoon of the same day, in the presence of five thousand persons assembled, three hundred and thirty-seven pounds of mail left Boston for Hartford, New York and points west.

The airplane leaves Boston daily.

By chapter 275 of the acts of 1926 the aircraft landing field has been leased to the United States until 1947. In October, 1926, a fireproof hangar large enough to house about ten of the small commercial type planes was completed for the Boston Airport Corporation.

The Weather Bureau has an agent stationed regularly at the Airport to make daily tests of aerological conditions at the field.

On October 30, 1926, a public-spirited gentleman presented the city, through the Mayor, with a revolving beacon light on the top of a down-town building for the guidance of aviators on their way to Boston after dark.

Eventually, the Airport is to be equipped with flood lights which will give an impetus to commercial air transportation here.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 906, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

ASSESSMENTS SUSPENDED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Whereas, by orders dated June 6, 1913, June 6, 1918, June 6, 1921, June 6, 1924, June 7, 1926, and January 1, 1927, the Board of Street Commissioners, in accordance with the provisions of chapter 359 of the Acts of the year 1896, ordered suspension of the collection of the following described assessments for sewerage works, River street, Dorchester, levied under date of September 23, 1909:

Lot 5, Horatio N. Glover *et al.*, trustees, \$1,100; lot 17, Horatio N. Glover *et al.*, trustees, \$1,935.

Whereas, the Board of Street Commissioners deem it just and proper that the collection of said assessments should be further postponed.

Ordered, That the collection of the aforesaid assessments be and the same are hereby suspended to January 1, 1928.

HEALTH DEPARTMENT MAKES BIG SEIZURE OF BAD FOOD PRODUCTS.

The constant vigilance of the Food Inspection Division of the Health Department of the City of Boston is shown in a communication received on August 3 by Mayor Nichols from Dr. Francis X. Mahoney of the Health Department.

It reads in part:

"The inspector attached to the Food Inspection Division while calling on a frankfort and sausage plant in the market district discovered eighty pounds of frankforts which had been returned by dealers because they were slimy and unfit for food.

"Further inspection disclosed fifteen tierces of bonded meats intended for use in frankforts. This meat consisted of shin beef, pork trimmings, veal and rinds. A close examination of this meat showed it to be unfit for food. This particular lot weighed between 5,500 and 6,000 pounds.

"It was found that this meat had been received from wholesalers at various times during the month, and the shortest period of time that any of it had been in full possession was at least a week. The first meat was put down in pickle on July 6, 1927. The temperature had been excessively high during the last ten days.

"Three facts operated to cause the decomposition of this meat. First: Improper refrigeration, allowing too high a temperature in the ice box. At one time the temperature was 45 degrees Fahrenheit. Second: Insufficient, or under salting, and not evenly distributing salt throughout the meat. Third: Placing meat in dirty, unclean barrels, which had not been steamed out, and which had communicated sourness to the meat. The meat in the center of all the barrels was 'gassy' showing that active decomposition was taking place.

"The importance of this seizure is shown in the fact that this meat was intended to be used for frankforts, and the meat could be spiced and treated in such a manner that the odor could be detected only by an expert, while all the time the frankforts were potentially dangerous and liable to cause serious food poisoning.

"All of the above meat has been condemned for food purposes, denatured and will be taken to a rendering plant.

"The Food Division has to be especially vigilant during the heated period to detect decomposition in meats and meat food products."

The Mayor commended the work of the Health Department for it has been proven that such vigilance helps to reduce to a minimum some of the causes for illness of the people especially during the hot weather by protecting them from purchasing tainted and unfit foodstuffs.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Dorchester and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Gene street, bounded:

Northwesterly by Humphreys street, six and 1-100 feet; northeasterly by another part of Gene street, by two measurements, one hundred and twenty-three feet and one hundred and twenty-two feet; southeasterly by the same, six feet; and southwesterly by the same, by two measurements, one hundred twenty-two and 10-100 feet and one hundred twenty-three and 51-100 feet, containing four-hundred and seventy-two square feet, more or less.

The sewerage works to be constructed are as follows: 240 linear feet of 12-inch pipe sanitary sewer.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Gene street, for a distance of approximately 272 feet southeasterly from Humphreys street, excluding the lots at the corners of Humphreys street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 785, Sewerage Works, Gene Street, Dorchester, July 18, 1927, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

MAYOR MOVES TO REDUCE FIRE INSURANCE RATES.

Mayor Nichols announced on August 4 that he held a conference with Insurance Commissioner Monks at the State House relative to the action on the part of the city to reduce the rates on fire insurance which the Mayor states are altogether too high.

The Mayor stated that he had already taken this matter up with the Board of Fire Insurance Underwriters and had told them the same thing. When asked if he had heard of a rumor that rates in Boston were to be raised, he stated that he had heard there was such a rumor, but that it had originated in cities and towns outside of Boston.

The Mayor states that he did not believe that the rumors were true. He also said that at his recent conference with the underwriters, he had pointed out to them that the City of Boston through its fire prevention and reorganization of the department had decreased the fire losses by \$1,000,000. This the Fire Underwriters disputed, but did say that their own figures showed that the losses had been reduced by one quarter of a million dollars.

The Mayor feels sure that the city's estimate is a very good estimate, and he told the Fire Insurance Underwriters that he thought they ought to show their own figures in appreciation of what the city is trying to do by reduction in rates. The Fire Underwriters thought this good record ought to be extended for a period of years before any talk of a reduction ought to be made.

The underwriters furthermore claim that the per capita losses in Boston were unusually high as compared with other great cities.

The Mayor pointed out that in other cities the estimates of fire adjustments or fire losses were made the basis of per capita estimates, while in Boston the basis is on the fire adjustment. The Mayor states that even if we used the same basis as compared with other great cities it would show that the per capita figures in Boston were probably the lowest in the country.

GOOD-WILL, DELEGATION AT CITY HALL.

A good-will delegation of eleven representatives of military, scientific, agricultural and political colleges headed by Mr. and Mrs. Rondet-Saint, director of the League Maritime and Colonial Française called at City Hall on August 1 to pay their respects to Mayor Nichols.

The party was received by City Treasurer Frank L. Brier in the absence of the Mayor. The scholars in this party are picked from approximately 1,000 candidates from all classes of colleges in France each year to make a good-will tour of the United States giving them an opportunity to study and compare conditions in all walks of life.

They took a trip to Concord and Lexington, a trip down the harbor and left August 1 on the Fall River Line for New York. They visited West Point August 2. They have already been received at Quebec, Montreal, Ottawa, Toronto, Niagara Falls and Buffalo. The party sailed for France on Saturday from New York.

SUPPLY DEPARTMENT.

Upon August 4 the Mayor approved a contract with E. Weiler & Sons for furnishing milk and cream to the Boston Sanatorium. A communication from Herbert S. Frost of the Supply Department was as follows:

BOSTON, August 1, 1927.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—Under date of April 26, 1927, your Honor approved a contract to the Maple Farm Milk Company of Massachusetts, the lowest bidder, for furnishing and delivering milk for the period from April 1, 1927, to September 30, 1927, to the Boston Sanatorium and the Infirmary Division, Long Island.

We were obliged to cancel this contract under date of July 13, 1927, owing to the fact that the Maple Farm Milk Company did not deliver according to the specifications of the contract. Under date of July 22, 1927, new bids were advertised to take care of this contract until September 30, 1927, and prices were received as per the attached sheet.

This department has made investigation of the two lowest bidders, namely, E. Weiler & Sons, who were low for supplying the Boston Sanatorium and the United Farmers Co-operative Cream Association, who were low on the requirements for the Long Island Hospital, and I feel that they will be able to complete the contract in a satisfactory manner.

In view of the facts outlined above, I would request that permission be granted me to award the contract for furnishing milk and cream to the Boston Sanatorium to E. Weiler & Sons, and that I also be given permission to award the contract for furnishing milk and cream to the Long Island Hospital to the United Farmers' Co-operative Creamery Association, the lowest bidders in each case.

Respectfully yours,

HERBERT S. FROST,
Superintendent of Supplies.

PUBLIC LIBRARY.

Upon July 22 the Mayor approved a contract with Walter A. Wentworth Company for pointing deteriorated joints of the court, Central Library. A communication from Arthur T. Connolly of the Board of Trustees was as follows:

BOSTON, July 19, 1927.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

SIR,—In a report submitted to the Director, July 15, 1927, Messrs. Fox & Gale, architects, review conditions pertaining to pointing deteriorated joints of the walls of the court, Central Library Building.

The architects made investigations of the court walls last year in conference with expert mason builders and finding that reparations were essential to the preservation of the structure from damage by seepage they advised a budget allowance of \$8,000 for the undertaking. The said sum is now available (in the appropriation for this year) for the work here under consideration.

The Board, under date of May 13, 1927, requested your Honor's authorization to employ a contractor, without competition, to repoint defective joints of the exterior stone facades of the building. Ample reasons and explanations for this request were fully set forth and submitted only after full consideration of the situation and the request of the Board was approved by your Honor, May 19.

(a) The cost of pointing the brick walls of the court, and certain other masonry work, cannot be estimated in advance of performing the work as the amount of deterioration and the quantity of defective joints could only be determined after examination of the walls all around the court from top to bottom, foot by foot, from swinging stages or other means. The architects believe, therefore, and with their opinion the Board fully concurs, that it would be impracticable to advertise for bids.

(b) The same necessity for this pointing, and the same reasons for the procedure herewith requested, in fact obtain, and in even fuller degree, as they obtained in connection with the work on the exterior facades.

(c) As the pointing of the exterior facades is being exceptionally well and very economically prosecuted by the contractor appointed to do the work, and as the contractor is well equipped to continue operations and furthermore is willing to undertake the work in the court on the same basis of costs and payments as was incorporated in his contract for exterior pointing, and in consideration of the other conditions herewith reviewed, and upon the recommendations of the architects, the trustees respectfully request your authorization to employ Messrs. Walter A. Wentworth Company, 107 Pacific street, Cambridge, Mass., without competition, to rake out and repoint, and grout and point, where necessary, the deteriorate and defective joints of the brick work and other masonry of the walls of the court, including the arcade, and also of the rear wall, and to reset any stone or other masonry work, where necessary, in connection with the foregoing operations, all

at the Central Library Building, Copley square, and upon the basis here summarized:

The contractor shall be allowed and paid by the city a sum equal to the costs of labor and materials incorporated into the structure, together with such other sums for reimbursement and profit as are set forth herewith except that the scope of the work shall be limited not to exceed in total cost to the city the sum of \$8,000. The sum to be allowed and paid to the contractor by the city shall be computed (as will be scheduled in detail in the contract) on the following basis:

Labor and materials—special gutter hooks and fittings which upon completion remain the property of the city; bonds, permits, fees, and insurance, reimbursement of net costs.

Each swinging stage and usual equipment (covering depreciation, renewal of equipment, liability for damage, etc.)—an allowance of \$15 per week.

Truck and driver—an allowance of \$3 per hour.

For contractor's services and profit, and all incurred expenses of every nature other than those above named, including all overhead—an allowance of a sum equal to 20 per cent of the sum reimbursed the contractor for net costs, necessarily incurred by him and by him directly paid, of labor and materials furnished in accordance with the agreement and properly incorporated into the structure.

I inclose herewith recommendations, herein above referred to, of the architects under date of July 15.

Trusting for your favorable consideration of this request as being in the best interest of the department, I beg to remain,

Respectfully yours,

TRUSTEES OF THE PUBLIC LIBRARY,
OF THE CITY OF BOSTON,
by ARTHUR T. CONNOLLY,
President.

PUBLIC WORKS DEPARTMENT (Paving Service).

Upon August 3 the Mayor approved a contract with Charles L. Shea for the construction of artificial stone sidewalks. A communication from James H. Sullivan of the Public Works Department was as follows:

BOSTON, August 2, 1927.

To the Mayor of Boston.

Permission to award a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to Charles L. Shea, 15 Fenelon street, Dorchester, is hereby requested on the ground that this contractor is not selected by the city in the first instance but by the abutters; secondly the expense of construction is to be divided by the city and abutters; also because such contracts vary greatly in amounts and seldom involve one thousand (1,000) dollars.

Respectfully yours,

JAMES H. SULLIVAN,
Commissioner of Public Works.

Upon August 4 the Mayor approved a contract with Frank C. Cutler for the construction of artificial stone sidewalks. A communication from James H. Sullivan of the Public Works Department was as follows:

BOSTON, August 4, 1927.

To the Mayor of Boston.

Permission to award a contract for the construction of artificial stone sidewalks in

the public streets, without advertising, to Frank C. Cutler, 15 Barrows street, Allston, is hereby requested on the ground that this contractor is not selected by the city in the first instance but by the abutters; secondly, the expense of construction is to be divided by the city and abutters; also because such contracts vary greatly in amounts and seldom involve one thousand (1,000) dollars.

Respectfully yours,

JAMES H. SULLIVAN,
Commissioner of Public Works.

Upon August 9 the Mayor approved a contract with Taylor and Huff for the construction of artificial sidewalks. A communication from James H. Sullivan of the Public Works Department was as follows:

BOSTON, August 8, 1927.

To the Mayor of Boston.

Permission to award a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to Taylor and Huff, 3 Glover place, Dorchester, is hereby requested on the ground that this contractor is not selected by the city in the first instance but by the abutters; secondly, the expense of construction is to be divided by the city and abutters; also because such contracts vary greatly in amounts and seldom involve one thousand dollars (\$1,000).

Respectfully yours,

JAMES H. SULLIVAN,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

Upon July 27 the Mayor approved a contract with the Ingersoll-Rand Company for furnishing the Cemetery Division of the Park Department one portable compressor with parts. A communication from Herbert S. Frost of the Supply Department was as follows:

Upon August 4 the Mayor approved a contract with the White Company for delivering to the City Hospital one Model 15 White chassis with equipment. A communication from Herbert S. Frost of the Supply Department was as follows:

BOSTON, August 4, 1927.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising for same, to the White Company, to deliver to the Boston City Hospital the following:

One Model 15 White chassis, \$1,545; freight, \$90; electric starter and lights,

\$175; speedometer, \$35; cab, \$140; body, \$325; painting chassis, \$30; total \$2,340; allowance on 1920 White, \$200; net amount of contract, delivered, \$2,140.

As this concern is the manufacturer, no advantage would be gained by publicly advertising for same.

Respectfully yours,

HERBERT S. FROST,
Superintendent of Supplies.

Upon August 9 the Mayor approved a contract with the Atia Corporation for furnishing the Public Works Department, Sanitary Service, with special ash and garbage remover. A communication from Herbert S. Frost of the Supply Department was as follows:

BOSTON, August 5, 1927.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising for same, to the Atia Corporation for furnishing to the Public Works Department, Sanitary Service, the following:

One (1) special Atia ash and garbage removal body mounted on Model V American LaFrance 5 to 7 ton capacity truck, f. o. b. New York City, \$10,907; less discount, \$1,357.50; net amount of contract, \$9,549.50.

The Commissioner of Public Works recommends that this purchase be made, as the Atia ash and garbage removal machine is the best suited for his use.

The Atia Corporation have mounted the special Atia ash and garbage removal body which they manufacture on a 5-ton American LaFrance chassis, which they are to furnish to the City of Boston at the same price that this department could purchase the chassis direct from the American LaFrance Fire Engine Company, namely, \$5,500, less 20 per cent.

In view of these facts I feel that no advantage would accrue from publicly advertising for same.

Respectfully yours,

HERBERT S. FROST,
Superintendent of Supplies.

Upon August 9 the Mayor approved a contract with the Dailey Chevrolet Company for furnishing the Public Works Department, Water Service, with three Chevrolet chassis. A communication from Herbert S. Frost of the Supply Department was as follows:

BOSTON, August 6, 1927.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising for same, to the Dailey Chevrolet Company for furnishing to the Water Service the following:

Two Chevrolet one-ton chassis, with Fisher cab and open express bodies, \$819, less \$36, \$783 each, \$1,566; one Chevrolet chassis, one-ton with Fisher cab and open express body and special steel lining and header, \$875.50, less \$36, \$839.50; total, \$2,405.50; less allowance on the following: W-24-1922 Ford one-ton truck, \$15; W-41-1924 Ford one-ton truck, \$25—\$40; net amount of the contract, \$2,365.50.

As the Dailey Chevrolet Company are the manufacturers no advantage would accrue from publicly advertising for same.

Respectfully yours,

HERBERT S. FROST,
Superintendent of Supplies.

SEEKS BOSTON'S AID IN RESTORING BELLS IN OLD BOSTON, ENGLAND.

Mayor Malcolm E. Nichols received a letter on August 4 from James Tait, Mayor of Boston, England, appealing to the citizens of Boston, Mass., and vicinity for funds to defray the cost of restoration of the bells in the Boston Parish House in Boston, England, some of them originally being cast in 1617.

The letter written in the Mayor's "Parlour" states that they are in rather a bad way as regards the principal industry there, which is farming, and while

they are securing a fair measure of support towards the object they shall have to rely upon outside help from those who value all the traditions attached to their fine old church and its peal of bells.

The appeal reads as follows:

MAYOR'S PARLOUR,
BOSTON, ENGLAND.

BOSTON PARISH HOUSE.

An Appeal for the Restoration
of the Bells.

It has been apparent to the townspeople of Boston, and has frequently been mentioned by visitors to the town, that the condition of the bells in the Parish House is far from satisfactory. This is especially noticeable on national and civic occasions when they are rung.

From inquiries made as to their condition I am convinced that unless something is done very promptly there is a danger that serious trouble may occur.

With the greatest confidence in the generosity of my fellow townspeople I have decided to issue this appeal for funds to defray the cost of putting the bells in such a state as will be in keeping with the fine church of which we are justly proud.

The casting of the earliest bells dates from 1617, and it is now over thirty years since four were recast and the peal taken out for repairing and retuning. Nothing has been done since that time, except the necessary repairs to broken fittings, which have been executed locally at small expense.

The fittings are now in a very bad state of repair and the bells are out of tune, and a report from Messrs. Taylor, of Loughborough, who have made a close examination, states that it is absolutely necessary, to obtain satisfaction, to recast and retune the peal before rehanging.

No funds are available for this work, which is estimated to cost 800 pounds, and while I am conscious that there are several other important matters which call for attention in connection with the Parish Church, these are not of such a character as the maintenance of the bells which serve a public need.

The small parish churches around Boston are all better served by their peals than our own and, for the sake of all the traditions attached to the church and town, I hope that the amount will be speedily forthcoming to put the bells in such a condition as will reflect credit to our town and church.

Donations, which may be sent to me at the Municipal Buildings, the Churchwardens, or Messrs. Lloyds Bank, will be gratefully acknowledged. All cheques made payable to "The Mayor's Parish Bells Restoration Fund."

Several promises have already been made to the fund, and I shall esteem your favorable response.

Yours faithfully,

JAMES TAIT, Mayor.

ADDITIONS TO CONTRACT.**PARK DEPARTMENT.**

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures, standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Dorchester and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Milton street, bounded:

Southeasterly by Adams street, seven and 2-100 feet; southerly by another part of Milton street, three hundred fifty-four and 35-100 feet; westerly by the same, six feet; and northerly by the same, three hundred and fifty-eight feet; containing twenty-one hundred and thirty-seven square feet, more or less.

The sewerage works to be constructed are as follows: 400 linear feet of 10-inch pipe sanitary sewer, in the above described premises, being part of the private way known as Milton street.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Milton street westerly from Adams street, excluding the lots at the corners of Adams street, and the lot at the westerly end of said street supposed to belong to the City of Boston, will receive benefit or advantage, beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 784, Sewerage Works, Milton Street, Dorchester, June 20, 1927, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Office of the Mayor,
City Hall, July 19, 1927.

To the City Council.

Gentlemen,—Subject to the confirmation of
your honorable body I hereby appoint as
weighers the following:

Weighers of Coal: J. J. Rabinovitz, 62 Well-
ington Hill street, Mattapan; Thomas F.
Riley, 12 Eastman street, Dorchester.

Weigher of Coal and Measurer of Wood and
Bark; Kenneth F. George, 21 Clark street,
Newton Centre.

Weigher of Goods: Samuel Guber, 56 Cam-
bridge street, East Cambridge.

Yours respectfully,

MALCOLM E. NICHOLS, Mayor.

Laid over under the law.

APPOINTMENT OF CONSTABLES.

The following was received:

City of Boston,

Office of the Mayor, July 18, 1927.

To the Honorable City Council.

VETO—LEASE TO VETERANS OF
FOREIGN WARS.

The following was received:

City of Boston,

Office of the Mayor, July 12, 1927.

To the Honorable City Council.

Gentlemen,—I hereby return, without my
approval, the order passed by your honorable
body authorizing the lease to Thomas J. Fitz-
gerald Post, No. 561, Veterans of Foreign
Wars of the United States, of the room in the
Municipal Building, South Boston, formerly
occupied by the American Red Cross, for the
reason that the Superintendent of Public Build-
ings, who is in charge of the Municipal Build-
ing, in a letter directed to me, states that he
is not yet satisfied that the proposed lease
will not interfere with the proper use of the
building for court purposes, and consequently
expresses a doubt whether it would be for the
best interests of the city.

I inclose herewith for your information a
copy of this communication.

Respectfully yours,

MALCOLM E. NICHOLS, Mayor.

City of Boston,

Public Buildings Department,

July 11, 1927.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

Dear Sir,—Replying to the order of the
City Council relative to granting a lease to
the Thomas J. Fitzgerald Post, No. 561, Vet-
erans of Foreign Wars, for headquarters in
a room of the South Boston Municipal Build-
ing formerly occupied by the American Red
Cross, I wish to say that I have considered
this matter and am not as yet satisfied that
it will not interfere with the proper use of
the building for court purposes and that it
would be for the best interests of the city.

Respectfully yours,

JOHN P. ENGLERT,

Superintendent of Public Buildings.

VETO—WEST END PLAYGROUND
APPROPRIATION.

The following was received:

City of Boston,

Office of the Mayor, July 12, 1927.

To the City Council.

Gentlemen,—I return without my approval
your order under date of June 27 providing

for the appropriation of \$250,000 for the purchase of land for playground purposes in the West End section of Ward 3.

At the present time requests and petitions are in the office of the Park Commission for new playgrounds in the following districts:
East Boston. Vicinity of Wordsworth street.
Charlestown. Vicinity of Charlestown Heights, extension of Emmons Playground to Austin street.

City Proper. Present proposal for West End. South End. Vicinity of Columbus avenue and Newton street.

Brighton. Vicinity of Market street and in Faneuil district.

West Roxbury. Germantown district and Clarendon Hill section.

Roxbury. Fairfield street section.

Dorchester. Uphams Corner section, Milton Lower Mills section, Mattapan section.

Jamaica Plain. Bromley Park section.

Forest Hills. Morton street section. Canterbury street section.

Hyde Park. Rugby section.

Since the introduction of the West End Playground order several other playground orders have been introduced and are now pending before your honorable body. These orders carry with effect the foregoing requests and petitions. If all were to be given favorable consideration the immediate investment required of the city would, in the opinion of the Park Department, amount to about three and one half millions.

The last comprehensive report upon playgrounds issued by the Park Department in November, 1925, does not indicate the need of future playground facilities in the West End, but is directed rather toward the establishment of playgrounds elsewhere. There is everything to be said in favor of more playgrounds, nevertheless, all pending requests and petitions have an equal claim upon our attention, and all should be considered before any one is granted.

Since I have been Mayor, so many have been the demands and so great the expense that it seemed the part of wise economy to consider how existing playgrounds could be made more widely serviceable. Under the plan adopted we have increased their utility by at least 75 per cent. In commendation of this plan, I quote from a letter to me under date of June 20 from Curtis L. Harrington, representative of the Playground and Recreation Association of America, as follows:

"At your play areas I found constructive work being done and was particularly pleased at the decidedly progressive steps taken last year in the appointing of twenty people to furnish leadership on these areas. From our national experience, leadership is vital if we are to secure the measure of results from recreation which we should have. These play areas in the City of Boston are effecting for good thousands of people daily and the number is constantly increasing, due to the instructions you have given the Park Department to utilize the playgrounds to the fullest extent and keep the children off the streets."

Only a few days ago the excellence of our park playground system was given nation wide publicity through the favorable comment of President Coolidge.

For the equipment and maintenance of playgrounds the sum of \$182,000 is provided in the budget this year. A survey of playgrounds recently made by the Park Department indicates that the sum of \$357,000 could be advantageously expended upon construction and equipment on existing play areas, and this need alone should be carefully noted when new playgrounds are being considered.

Your order is defective in its failure to make provision for the items of construction and equipment. It provides only for buying land. Without a further order covering such items, no playground could be established.

In view of the foregoing, I find it necessary to withhold my signature. I do so, however, without passing upon the merits of the playground denied. Every playground request undoubtedly has merit, although this proposal should be closely viewed with reference to the fine play area in the West End along the Charlesbank containing ten acres and having 150 acres of surrounding city limits within a quarter of a mile distance. The usefulness of the Charlesbank Playground has been greatly enhanced during the past year through the adoption of play leadership.

In providing for an expansion of play areas and the development of existing facilities, we should follow a systematic policy of giving a fair study to the needs of every section of the city. In pursuance of this policy, I have appointed today a special committee of representative citizens to study and compare these needs and to submit appropriate recommendations thereon.

William P. Long, chairman, Board of Park Commissioners.

Charles A. Coolidge, architect, former member of Park Commission.

James E. McConnell, lawyer, former member of Park Commission.

Francis D. Donoghue, M. D., medical adviser, Industrial Accident Board of the Commonwealth.

Mrs. Ely Feibelman, President of the League of Jewish Women's Organizations, a vice-president, Boston Section, Council of Jewish Women and a member of the Welfare Board of the Children's Hospital.

Stephen W. Sleeper, president, Boston real Estate Exchange.

V. C. Bruce Wetmore.

Respectfully yours,
MALCOLM E. NICHOLS, Mayor.

VETO OF ORDINANCE CONCERNING CONTRACTS.

The following was received:

City of Boston,
Office of the Mayor, July 23, 1927.
To the City Council.

Gentlemen,—I return, without my approval, your order of July 11, providing for an amendment of section 13, chapter 40, of the Revised Ordinances of 1925 relating to contracts with the city, together with an opinion of the Corporation Counsel relating to the same.

For the reasons stated in this opinion, I cannot give this order my approval.

Respectfully yours,
MALCOLM E. NICHOLS, Mayor.

City of Boston,
Law Department, July 20, 1927.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—I have your letter of July 13, 1927, in which you ask to be advised concerning the ordinance of the City Council passed on July 11, 1927, whereby section 13, chapter 40, of the Revised Ordinances of 1925, relating to contracts with the City of Boston, is amended by requiring all contracts made by the city to be made only with citizens or corporations, wherein the controlling interest is owned by citizens of the United States, whose plant or plants are in the United States.

In my opinion this amendment should not receive your Honor's approval. Before this amendment was passed by the City Council, section 13 restricted the city to making contracts with citizens of the United States or with corporations, the controlling interest in which was in the hands of citizens of the United States. This section has worked in many instances to the disadvantage of the city because of its inability to make contracts with individuals other than citizens, who have offered better prices than those submitted by individuals or corporations who come within the ordinance.

The existing ordinance has tended to restrict the possibility of the city securing better prices and more competition in bidding.

The proposed amendment still further restricts the city in this respect. The amendment is not a step towards economy but, on the contrary, will undoubtedly cause the city to expend larger sums of money because of a restricted field of bidders. There have been many instances where citizens of the United States and corporations, the controlling interest in which is in the hands of citizens of this country with plants in other countries, have offered better prices to the city than have citizens of this country and corporations controlled by citizens, whose plants are located in the United States. So too have bidders, who are citizens of this country but do their business through subcontractors who have plants in other countries, been able to offer better prices to the city. Why they should be penalized and the city required to pay higher prices, because their plants are not located in this country, is hard to understand.

Indeed it is common knowledge that many products sold in this country are made exclusively in foreign countries because of the source of supply and the necessity for manufacturing these products nearby such source of supply. These products manufactured in other countries it may be are better adapted for the purposes of the municipal departments and indeed may be much cheaper in price than the local products.

There are many circumstances that enter into the manufacture of merchandise. Many of the established and well advertised products of this country must necessarily be manufactured in plants in other countries and these same products are in many instances sold much cheaper in this country than the native products.

The proposed amendment, it seems to me, is in the direction of extravagance rather

than economy and should, therefore, not receive your Honor's approval.

The existing ordinance is restrictive and costly enough to the city no further restriction upon the power and right to purchase supplies should be placed upon the city government.

Yours very truly,
FRANK S. DELAND,
Corporation Counsel.

Referred, on motion of Coun. GUILD, to the Executive Committee.

GYMNASIUM AT FRANKLIN PARK.

The following was received:
City of Boston,
Office of the Mayor, July 18, 1927.
To the Honorable City Council.

Gentlemen,—I transmit herewith a communication from the Park Department, in reply to your order of July 11, 1927, relative to the equipping and maintaining as a public gymnasium and Refectory Building in Franklin Park.

Respectfully yours,
MALCOLM E. NICHOLS, Mayor.

City of Boston,
Park Department, July 16, 1927.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—I have your memorandum of July 13, with inclosure, order from the City Council that the Board of Park Commissioners be requested, through his Honor the Mayor to equip and maintain as a public gymnasium the Refectory Building in Franklin Park.

In reply I desire to say that this Refectory Building is used partly by the golfers as a locker room and the balance is let as a concession for a period of five years. Under the conditions it would be impossible to maintain such as a public gymnasium.

MALCOLM E. NICHOLS, Mayor.

City of Boston,
Park Department, July 16, 1927.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—I have your memorandum of July 13, with inclosure, order from the City Council that the Park Commission be requested, through his Honor the Mayor, to provide a sum sufficient for the establishment of a playground in the vicinity of Hampshire, Downing and Whittier streets, Ward 9.

In reply I desire to say that this communication will be referred to the Committee appointed by your Honor to survey the playground in the City of Boston.

SWIMMING POOL AT CHARLESTOWN HEIGHTS.

The following was received:
City of Boston,
Office of the Mayor, July 15, 1927.

Gentlemen,—I transmit herewith a communication from the Park Department, in reply to your order of June 27, 1927, relative to the advisability of constructing an all-year-round swimming pool on Charlestown Heights.

Respectfully yours,
MALCOLM E. NICHOLS, Mayor.

City of Boston,
Park Department, July 6, 1927.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—I have your memorandum of June 30, with inclosure, order of the City Council, that the Park Commission be requested to consider and report to the City Council as to the advisability of constructing an all-year around swimming pool on Charlestown Heights for the use of men, women and children in said section.

In reply I desire to say that it would cost at least \$400,000 to erect a building suitable for all-year around bathing. Furthermore, the erection of a building large enough to accommodate the numbers that would use it in this section, would despoil the playground area now used by the children in large numbers.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

HANDBALL COURTS AT WORLD WAR PARK.

The following was received:

City of Boston,
Office of the Mayor, July 15, 1927.
To the Honorable City Council.

Gentlemen,—I transmit herewith a communication from the Park Department, in reply to your order of June 27, 1927, relative to the construction of handball courts at World War Memorial Park, East Boston.

Respectfully yours,
MALCOLM E. NICHOLS, Mayor.

City of Boston,
Park Department, July 5, 1927.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—I have your memorandum of June 30, 1927, with inclosure, order from the City Council, that the Park Commission be requested, to provide for the installation of handball courts at World War Memorial Park, East Boston, and that the expense of same be charged to the Parkman Fund.

In reply I desire to say that the Board of Park Commissioners do not think it advisable to install handball courts on any of the playgrounds. Handball is a game that should be played inside—it is impossible to control outdoor handball courts—they are simply used as sanitariums on the playgrounds.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

PLAYGROUND, WARD 18.

The following was received:

City of Boston,
Office of the Mayor, July 15, 1927.
To the Honorable City Council.

Gentlemen,—I transmit herewith a communication from the Park Department, in reply to your order of June 27, 1927, relative to a playground in the vicinity of Clarendon Hills Station, Hyde Park.

Respectfully yours,
MALCOLM E. NICHOLS, Mayor.

City of Boston,
Park Department, July 6, 1927.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—I have your memorandum of June 30, with inclosure, order from the City Council, that the Park Commissioners be requested, through his Honor the Mayor, to provide a playground in the vicinity of Clarendon Hills Station, Hyde Park, to serve the new proposed high school, the Metropolitan Hill section and the Mt. Hope section of Ward 18.

In reply I desire to state that the Board of Park Commissioners are familiar with the needs of the Clarendon Hills section, and it would be a great pleasure to comply with the councilors' order, but we have no funds available for this purpose, and further, the Board is of the opinion that in consideration of the present financial condition of the city, further expenditures for land and extension of playgrounds should be discontinued for some time, except in a case where the requirements for a playground shall be of more than ordinary necessity. It is also of the opinion that there is a greater necessity for adequate improvements of the playgrounds already in existence and not yet developed, and that appropriations for this purpose will be more efficient for the general needs of the citizens than further extensions of the playgrounds at the present time.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

MALCOLM E. NICHOLS, Mayor.

City of Boston
Park Department, July 5, 1927.
Hon. Malcolm E. Nichols,
Mayor of Boston.

Dear Sir,—I have your memorandum of June 30, with inclosure, order from the City Council, that the Park Commission be requested through his Honor the Mayor, to provide for the installation of swings and sand boxes at the Father Buckley Playground, West Third street, South Boston.

In reply I desire to say that arrangements will be made to install swings at once; sand boxes have been discontinued on the playgrounds in Boston, owing to sanitary reasons—also, the danger to children from the sand being thrown into their eyes by others.

INFORMATION AS TO STREET LIGHTING.

The following was received:

City of Boston,
Office of the Mayor, July 13, 1927.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Public Works Commissioner in reply to your order of May 9, 1927, relative to street lighting as well as a letter from the Edison Electric Illuminating Company of Boston.

Yours respectfully,
MALCOLM E. NICHOLS, Mayor.

City of Boston,
Public Works Department, June 29, 1927.
To the Honorable the Mayor.

I inclose a report from the Edison Electric Illuminating Company, in response to the order of the City Council of May 9, requesting certain information relative to street lighting.

In this connection I also desire to say that a copy of the order was sent to the Board of Public Utilities, with whom I subsequently talked relative to it. The chairman of that Board does not feel that he will be able to go into the matter extensively as he does not feel that he has the information at hand necessary to answer all the questions. However, he stated that he would give the matter full consideration and would communicate with us as soon as possible.

Yours respectfully,
J. H. SULLIVAN,
Commissioner of Public Works.

Edison Electric Illuminating Company
of Boston,
Office of the President, 70 State Street,
Boston, June 21, 1927.
Mr. James H. Sullivan, Commissioner of Public Works.

Dear Sir,—I am giving you below the answers, in so far as they can be made, to the questions submitted with your letter of May 17 relative to the City of Boston street lighting:

1. The bills rendered the City of Boston for street lighting during the calendar year 1926 amounted in all to \$627,203.32, for which

\$520,832.35 was for magnetite arc lighting and the balance, \$106,370.97, for incandescent lighting.

2. All charges on the bills during the calendar year 1926 were made in accordance with Rate E on file with the Massachusetts Department of Public Utilities, effective September 1, 1925, revised September 1, 1926. A copy of the revision is attached and differs from the rate filed September 1, 1925, only in the addition of 1,500 c. p. and 2,500 c. p. incandescent series lamps and in certain minor changes in the wording under the title, "Lamp Service."

3. \$93.42 per lamp per year for 3,828 hours burning, the price charged for magnetite arc lamps and 1,500 c. p. incandescent lamps, is a rate originally filed by the Board of Gas and Electric Light Commissioners sitting as arbitrators under the provisions of a ten-year contract between the city and the company, approved December 7, 1914, as modified by an agreement between the city and the company in the spring of 1925, whereby the company waived a claim for additional compensation under the last five years of the 1914 contract and the city agreed that the above mentioned price was fair. (See answer 12.)

We do not know whether or not the Board of Gas and Electric Light Commissioners determined the proportionate portions of the charge which were applicable to the lamp and equipment, to maintenance and to the cost of electric current.

4. The new money required to pay the cost of installing a new lamp and post "ready to light" depends not only upon the cost of the post and the lamp and the cost of installation, but also upon the length of new wire and conduit which must be installed to reach the lamp, whether or not the installation of the new lamp requires the construction of new circuits or the rearrangements of old circuits from the substation, and also whether new street lighting converting apparatus is required at the substation. Unless the question is made more specific, it cannot be answered.

5. No separate charge is made by the company for the electricity supplied street lamps. (See answer 3.)

6. No separate charge is made for the maintenance, repair and replacement of property used in street lighting service. (See answer 3.)

7. No separate charge is made for electric light poles and other equipment. (See answer 3.)

8. See answer 4.

9 and 10. The feasibility and practicability of ownership by the city of the lamp-posts would seem properly a question for the city's engineers and attorneys rather than for the company. An answer to the question depends upon various considerations and whether by lamp-post it is intended to include the lamp and fixture and to include in the cost the cost of setting the pole, wiring the pole and assembling various parts. The initial investment of the city would depend of course upon how much of the above elements of cost it expected to assume. If the city owned the poles and lamps and intended to operate and maintain them itself, the answer to the question depends on whether it is as well equipped to do this work economically as the company is.

11. The question whether if the city owned the lamp-post the company would furnish the lamps for original installation and renewals depends entirely upon whether the rate charged for the service performed by the company includes the cost of lamp service.

12. The \$89 price for magnetite arc lamps in force during the term of the 1914 contract was a list price fixed by the Gas and Electric Light Commission, under the terms of the ten-year 1914 contract, for the first five years of the term. This contract provided that at the end of five years a new price should be fixed by the commission to be effective during the last five years of the term. The city and the company jointly petitioned the Department of Public Utilities (successors to the Gas and Electric Light Commission) to fix the price for the last five years, and in presenting its case to the department the company asked that the rates for the city be fixed at the rates then prevailing over the remainder of its territory and filed with the department, and showed that the increase in costs over costs of the year 1914 very largely exceeded the increase in the rates. The company's claim, if it had been prosecuted to a successful termination, would have required the city to pay the company very large sums of money for the five-year period in question. At the same time that this street lighting arbitration proceeding was pending before the department there was also pending the petition of the Mayor of Boston for a revision of the maximum lighting rate. The city and the company made an agreement whereby the company waived its claim for increased prices during the five-year period

in question, and the city agreed that the regular rates for street lighting filed with the Department of Public Utilities should apply from the termination of the ten-year contract. The difference between the new rate and the old rate reflects part of the increase in the cost of coal, material and labor over the cost in 1914.

13. See answer 3.

14. The poles referred to as in use by the Police Department of the city are owned by the city and we are unable to furnish the cost of the same.

Very truly yours,
C. L. EDGAR, President.

INSTALLATION OF ARC LAMPS.

The following was received:

City of Boston,
Office of the Mayor, July 13, 1927.
To the City Council.
Gentlemen,—I transmit herewith a communication from the Public Works Department, in reply to your orders of:
December 6, 1926—Relative to construction of electric arc lamp at corner of Talbot avenue and Blue Hill avenue, Ward 14.
March 7, 1927—Relative to construction of electric arc lamp at corner of Train street and Victory road, Ward 15.
April 4, 1927—Relative to construction of electric arc lamp at corner of Washington and Forest Hills streets, Ward 11.
Respectfully yours,
MALCOLM E. NICHOLS, Mayor.

City of Boston,
Public Works Department, July 6, 1927.
To the Honorable the Mayor.
I return three orders of the City Council relating to arc lamps, and report that orders have been given to the Edison Company to install arc lamps at the locations requested, which are as follows: Corner of Train street and Victory road, Ward 16. Corner of Washington and Forest Hills street, Ward 11. Corner of Talbot and Blue Hill avenues, Ward 14.

FIREPROOFING PUBLIC LIBRARY.

The following was received:

City of Boston,
Office of the Mayor, July 13, 1927.
To the City Council.
Gentlemen,—The Central Library Building in Copley square contains thousands of volumes and many valuable treasures which if destroyed by fire could never be replaced. While the building is of first-class construction and supposedly fireproof, nevertheless, in the opinion of the trustees of the library, safeguards should be provided and improvements made so that the possibility of loss from fire should be reduced to a minimum. I submit herewith correspondence and data submitted by the trustees relative to this subject and in accordance with the request contained therein, I recommend adoption by your honorable body of the accompanying loan order providing an appropriation of \$250,000 for the purpose of fireproofing and improving the Central Library Building at Copley Square. The detail in connection with this amount is shown below:

Safeguarding valuable collections.....	\$175,000
Fireproofing of building.....	35,000
Professional fees (architects and engineers)	20,000
Miscellaneous improvements.....	20,000
	<u>\$250,000</u>

In view of the investment which the Central Library Building represents to the city, I feel that the expenditure of the above mentioned sum for the purpose as outlined in the attached communications is highly justifiable. I accordingly recommend adoption of the accompanying order by your honorable body.

Respectfully,
MALCOLM E. NICHOLS, Mayor.

Ordered, That the sum of \$250,000 be and the same is hereby appropriated to be expended by the trustees of the Public Library for the Central Library Building, Fireproofing, Improvements, etc., and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds, or certificates of indebtedness of the city to said amount.

Referred to Committee on Finance.

LOAN FOR FIRE STATION, WEST END.

The following was received:

City of Boston,
Office of the Mayor, July 12, 1927.
To the City Council.

Gentlemen,—I submit for your consideration an order in the sum of \$650,000 for the acquisition of land and the construction of a Central Fire Station at the corner of Bulfinch and Cambridge streets. This land is commonly known as the Revere House site and is strongly recommended by the Fire Commissioner as the ideal location from which to protect life and property in the West and North End districts.

A survey of the existing fire houses in this neighborhood indicates the pressing need of a modern, efficient plant which should be put in operation with as little delay as possible. It appears that a majority of your honorable body are in entire accord with the findings of this survey but that upon a similar order the vote was three short of the necessary two-thirds vote required by law for the passing of this appropriation.

I have placed the amount of the appropriation at \$650,000, of which \$350,000 is for the construction of the fire station, and \$300,000 for the site. This latter figure is in accordance with the estimate set by the Boston Real Estate Exchange Appraisal Committee, and I earnestly recommend the passage of this order.

Respectfully yours,
MALCOLM E. NICHOLS, Mayor.

Ordered, That the sum of \$650,000 be and hereby is appropriated to be expended under the direction of the Fire Commissioner, for New Fire Station, West End District, and that to meet said appropriation the City Treasurer be authorized to issue from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to Committee on Finance.

TRANSFER FOR DORCHESTER COURT-HOUSE.

The following was received:

City of Boston,
Office of the Mayor, July 25, 1927.
To the City Council.

Gentlemen,—I am advised by the Superintendent of Public Buildings that in order to complete the toilet facilities at the new Dorchester Courthouse an additional appropriation is necessary. In view of the small sum required, I deem it advisable to secure the amount from an unexpended balance remaining in a special appropriation of the Public Buildings Department. I accordingly submit herewith a transfer order providing for the transfer of \$353.88 from the appropriation for Faneuil Hall Building, an appropriation against which all liabilities have been met, to the appropriation for New Courthouse, Dorchester District. I respectfully recommend adoption of this order by your honorable body.

Respectfully,
MALCOLM E. NICHOLS, Mayor.

Ordered, That under authority of Chapter 261 of the Acts of 1893, the City Auditor be and hereby is authorized to transfer:

DEPARTMENT TRANSFERS.

The following was received.

City of Boston,
Office of the Mayor, July 25, 1927.
To the City Council.

Gentlemen,—In connection with the preparation of the supplementary county budget two requests were received investigation of which disclosed the possibility of satisfying the requests within the original budget appropriations of the departments involved. I accordingly submit herewith two transfer orders providing for adjustments within the appropriations of the District Court of Chelsea and the Printing Department. I respectfully recommend adoption of these orders by your honorable body.

Respectfully,
MALCOLM E. NICHOLS, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be and hereby is authorized to make the following transfer in the appropriations for District Court of Chelsea:

From the appropriation for A-1, Permanent Employees, Probation Officer, Juvenile, 1 at

\$1,700 per year, \$550, to the appropriation for B-4, Transportation of Persons, \$100; B-18, Cleaning, \$65; B-39, General Plant, \$135; C-9, Office, \$50; D-1, Office, \$200.

Ordered, That under authority of Chapter 261 of the Acts of 1893, the City Auditor be and hereby is authorized to make the following transfer in the appropriations for Printing Department:

From the appropriation for B-10, Rent, Taxes and Water, \$481.99, to the appropriation for B-14, Motor Vehicle Repairs and Care, \$300; A-1, Permanent Employees, Cutters, 2 at \$38 (\$40) per week, \$121.33; Sheet Stockman, 1 at \$38 (\$40) per week, \$60.66.

Referred to the Executive Committee.

SUPPLEMENTARY BUDGET, COUNTY OF SUFFOLK.

The following was received:

City of Boston,
Office of the Mayor, July 25, 1927.
To the City Council.

Gentlemen,—I submit herewith a supplementary appropriation order for the County of Suffolk. This budget totals \$38,243.11 and is the smallest supplementary budget submitted in recent years. Various items of expense making up this document may be grouped according to origin or cause as follows:

Alteration and repair of county buildings.....	\$16,500 00
Increased costs of correctional institutions.....	7,975 00
Personal service changes.....	7,803 11
Additional equipment for county offices and courts.....	5,105 00
Miscellaneous.....	860 00
	<u>\$38,243 11</u>

Under the first item in the above schedule, appropriations are made available for alterations in the quarters of the Superior Court, improved ventilation in the Roxbury District Court, replacement of a boiler in the central courthouse, and the remodeling of the stairway in the East Boston District Court. Under the second item, appropriations are recommended for additional food allowances at the Suffolk County Jail and House of Correction. Under the third item, appropriations are recommended to take care of increases in salary authorized by the Legislature of 1927 to the Medical Examiners of Suffolk County and their associates and to the officials of the South Boston District Court. In addition changes in the personal service schedules of the Superior and Municipal Courts are provided. All of the changes under this item are mandatory upon the city, being based on current legislation or existing statutes. Under the fourth item, appropriations sufficient to complete the furnishing and equipping of the new courthouses in Dorchester and Brighton are recommended.

In the event of the adoption of these recommendations by your honorable body, the tax levy requirements for Suffolk County for the current year will stand at \$3,384,301.09, a figure \$61,016.99 less than the requirements of the county for the year 1926. I respectfully recommend the passage of the accompanying order.

Respectfully,
MALCOLM E. NICHOLS, Mayor.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1927, for performing the duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during the year, upon the City of Boston or County of Suffolk or the departments or officers thereof, the respective sums of money specified in the tables and schedules hereinafter set out be and the same are hereby appropriated for the several departments and for the objects and purposes hereinafter stated, that the same be raised by taxation upon the polls and estates in the City of Boston, and that all orders heretofore passed by the City Council relating to appropriations and taxes and the interest thereon apply to the taxes herein provided for.

COLUMBUS PARK FILLING.

The following communication was received from the Finance Commission.

Boston, July 18, 1927.

To the Honorable the Mayor and City Council. Gentlemen,—By report dated September 16, 1924, to the Mayor and City Council of that year, the Finance Commission disclosed the fact that for filling furnished at Columbus Park the J. C. Coleman & Sons Company had been overpaid in an amount over \$200,000. Before the contract was awarded to this company a plan had been made, after survey, showing the levels of the area to be filled. The contract provided that all filling materials furnished, except sand, should be put in place, leveled and rolled. The amount would then be determined by finding the new levels by a survey and calculating the material between the old and the new levels. This was an accurate method of determining the amount delivered. Instead of following the method thus provided by the contract, the Park Commissioners of that year undertook to ascertain the amount of filling by counting the loads delivered, an inaccurate method and liable to fraud. This method was contrary to the contract provisions. After the Finance Commission had begun to investigate the situation, the Park Commissioners of that year attempted to legalize their over-payments by an amendment to the original contract, made on August 7, by which they attempted to establish a new method of measurement instead of that provided in the contract.

In concluding its report the Finance Commission made the following recommendations: "Action should now be taken by a taxpayers committee in the courts to prevent further waste of the city's money and to have the amendment to this contract made on August 7 declared void. The money paid to the contractor in excess of his performance of the contract should be recovered by the proper authorities."

The recommendations of the commission were followed. The petition was brought and tried and under the decision of the Supreme Judicial Court, handed down June 29, 1927, the first two propositions of the commission were established, namely, (1) the further waste of the city's money was prevented by the ordering of an injunction "perpetually enjoining the city of Boston and all officers and agents of the city of Boston from paying directly or indirectly to the defendant, J. C. Coleman & Sons Company, any further sums of money under the contract" (2) the August 7 amendment to the contract was declared void.

The third proposition of the commission, that the money paid to the contractor in excess of the provisions of the contract should be recovered, now awaits fulfillment. The court held it had no jurisdiction on the ten taxpayers' petition to order repayment and left the recovery for further proceedings.

The amount of the overpayment was estimated by the engineer of the Finance Commission, as shown in the commission's report, his estimates being based on the levels fur-

nished by engineers in the employ of the Park Department of that year. Although furnishing an estimate of the over-payment, the engineer made the following statement: "under the provisions of the contract as originally made a discussion of these theories (relating to the alleged disappearance of filling material) would not be particularly important, as the contractor under that contract assumed responsibility for all losses due to settlement, either of the surface upon which the filling was placed, or of the filling after it was put in place by him." This proposition was entirely sustained by the decision of the Supreme Judicial Court.

At the trial of the petition on facts the master to whom the case was referred saw fit to follow the testimony offered by the contractor and by the city's Law Department, and to believe that some of the filling had settled. Whether he was right or not is of no importance in view of the decision of the court. Nevertheless, on the facts found by him on this evidence put in by the contractor and the city, it appears, as the result of this decision, that there is due the City of Boston for overpayments approximately \$200,000. Furthermore, as the contract has not been completed by the contractor, there may be a claim for damages against him.

The final step remains to be taken and suit should now be brought against the contractor to recover what is due the city by reason of the overpayments and for damages, if the contractor refuses to go on and complete the contract.

In all the proceedings of the petitioners, both before the master and before the Court, their case was opposed not only by counsel for the contractor but by the Law Department of the City of Boston. This opposition was made notwithstanding the fact that the success of the petitioners would mean a large saving of money for the City of Boston. It is obvious that it would now be embarrassing for the city Law Department to face about and bring suit to recover sums illegally paid to the contractor it had helped to defend. The only course open, therefore, is the appointment by the Law Department of special counsel to handle the new proceedings which should be brought against the contractor.

The thanks of the community are due to Mr. Francis A. Morse and his associates for their courage in bringing the ten taxpayers' petition against the contractor, and to Charles P. Curtis, Jr., Esq., and Richard C. Curtis, Esq., for their public spirit which led them to devote many weeks of preparation and some twenty days of actual trial to these proceedings brought in the interest of the public.

The Commission recommends:

1. That proceedings be instituted immediately to recover from the contractor the full amount of overpayment and damages, if the contractor refuses to complete the work.
2. That special counsel be appointed to handle these proceedings.

Respectfully submitted,

THE FINANCE COMMISSION,
by CHARLES L. CARR,
Chairman.

Placed on file.

THIRD REPORT ON CITY-OWNED REAL ESTATE.

The following report was received from the Finance Commission:

Boston, July 20, 1927.

To the Honorable the Mayor and City Council. Gentlemen,—The Finance Commission presents its third report on the large amount of real estate owned by the city which is no longer necessary for city purposes. In 1914 the Finance Commission first called the attention of the city government to this matter and as a result \$617,538 worth of real estate was sold and the proceeds turned into the city treasury. On May 26, 1926, the commission again called the city authorities' attention to this matter and as a result five parcels were sold for \$53,999. Thus the commission has been instrumental in turning into the city treasury \$671,538 and further more has added these properties to the tax lists. There remain, however, forty-three parcels, assessed at \$1,135,755, which could be disposed of. If sold, taxes at the present rate on these parcels would amount to \$36,000 a year. Some of this property is in the expensive down-town section.

DOWN-TOWN PROPERTY.

Five of these down-town parcels represent a value of \$220,200. One of them is the site

*Referred to in the Court's decision as Amendment made August 8, the commission using the date when the contract was approved by the Mayor.

of the old Police Station 2, assessed for \$130,000. It is rapidly falling to decay. An effort was made in 1925 to sell it and an auction sale was held under Edward W. Foye, auctioneer. The property was bid in and a deposit of \$2,000 made, but the purchaser did not complete the sale and the city received only \$80.45 of the \$2,000, the balance being retained by the auctioneer, Mr. Foye, to over his commission, \$1,646, and expenses.

Another valuable down-town parcel is the old abandoned police station at the corner of Battery and Commercial streets, assessed for \$39,800. The windows and doors are boarded up and it is used as a temporary electrical storehouse by the Schoolhouse Department, but such temporary use should not compel the city to keep this expensive property for storehouse purposes.

A third is the lot in the rear of 80 West Cedar street, Beacon Hill, assessed for \$2,400. The property is fenced in, but poorly kept. It is surrounded by high-class residential properties which have the benefit of the open space but pay no taxes for it. It could easily be sold. There have been many offers for it, but for some reason or other it has never been put on the market. It is one of the properties bequeathed to the city by Mr. George Parkman.

Another down-town parcel is the old Baldwin School on Chardon street, adjoining the woodyard of the Public Welfare Department. It is an abandoned school building. At one time it was used by the Schoolhouse Department for storage space, but for the last two years unoccupied. It is in the center of the far down-town district and is assessed for \$33,000.

The Overseers of the Public Welfare control a lot on Cambridge street, containing 1,709 square feet, the total value of which is \$15,000. The City of Boston was left by the will of Lucy Bullman this property for the poor of the city, but with the proviso that the property should never be sold. When Cambridge street was widened the front portion of the property was taken by the city by eminent domain and the remaining part was boarded up and left undeveloped. The Overseers of the Public Welfare have had the income for their trust fund work. The property in its present condition is worthless and an eyesore to the neighborhood. Something should be done to make the property productive. Either an appeal should be made to the courts to determine whether it may be sold, or the property should be improved so as to become income producing. As it adjoins the police station on Joy street it might be of value to the Police Department for enlarging this station. The commission believes that the wiser course would be to sell it, if possible.

PARKER HILL HOSPITAL SITE.

Since the abandonment of the chronic hospital plan for Parker Hill, the investment of the city in this location has been unproductive. The city not only took the Elks' Hospital buildings, but also considerable adjoining land and houses. The total assessed value of the holding is \$350,000. The hospital buildings are rapidly deteriorating and it is a question whether they can ever be used. The city maintains two watchmen, however, at a yearly cost of \$3,000. The Robert Breck Brigham Hospital adjoins the city's lot and is desirous of purchasing from the city a portion of the land. The property should be sold at the earliest opportunity.

Other parcels which have been recommended by the Finance Commission for sale (see Finance Commission's Reports, Volume XXII, page 141) are as follows:

MILES STANDISH SCHOOL, KING STREET, CORNER ROXBURY STREET. TOTAL VALUE, \$14,147, AREA, 14,147 SQUARE FEET.

The Miles Standish School lot is now vacant, the school having been demolished. The lot is on a street that has become so noisy that it would not be good policy to use it for school purposes again. The school authorities have no further use for it.

GYMNASIUM, ELMWOOD STREET, TOTAL VALUE, \$2,500.

This building has not been used for gymnasium purposes for twenty years or more. It was used as the wardroom of the district until the Curley administration, when it was turned over to a Spanish War Veteran Post on a lease. Though the original agreement provided that the Post would stand all expense of its maintenance, the city has twice granted allotments of \$2,000 from the Public Buildings general repair fund to provide changes, and now a proposition to spend another \$2,000 is being urged. This building adjoins the rear of Police Station 10.

SAVIN HILL AVENUE LEDGE, TOTAL VALUATION, \$5,400.

The Transit Department took over 43,757 feet of a large ledge, so as to provide for a change in Savin Hill avenue made necessary by the construction of a station at Savin Hill. The alteration has been completed. The Transit Department still holds the record title, although part of it has been sold to a man named Hamilton, who has moved a house on to the property. Because the deed to this parcel has never been placed on record, the Hamilton parcel has never been taxed and it is still assessed to the City of Boston. Meanwhile, the Transit Department insists that the property is not on the market. With the prospect of opening a tunnel station at this point, the property should become quite valuable.

OLD ARMORY BUILDING, BREMEN STREET, CORNER MAVERICK, \$11,200.

The old Armory Building, within two minutes' walk of the old police station, is an old wooden structure very much out of repair, inside and out.

OLD POLICE STATION No. 7, MERIDIAN AND PARIS STREETS, \$11,500, AND LOT IN REAR ON HAVRE STREET, \$3,100.

The old police station is brick with ample passage space on both sides. A lot in the rear contains 4,204 square feet and is surrounded by valuable manufacturing property. While some use is made of the building itself, no use is made of the land in the rear. The building supplies headquarters for the Lawrence J. Flaherty Post of the American Legion.

VACANT LAND, HYDE PARK AVENUE, \$600;

VACANT LAND, PRESCOTT STREET, \$600.

Two parcels of undeveloped land back to back, immediately adjoining the main entrance to the Readville Trotting Park. They were acquired by the city in the taking over of the Eastern Massachusetts Street Railway Company, having been kept by that company for the storage of extra cars needed in the handling of crowds when there was racing at the park. Inasmuch as the park has recently been sold for residential development, and these parcels occupy a commanding location bordering on the railroad yards, it should be easy to dispose of them.

LAND, HARRISON AVENUE, CORNER PLYMPTON STREET, \$9,000.

The building formerly on this land was not used for gymnasium purposes, for which it was built, or for any purpose for a number of years. In 1914 the Finance Commission (see Reports, Volume X, page 106) recommended its sale. The building has been torn down. On the opposite corner of Plympton street is the South Bay Union, a social service house. To the rear and other sides are manufacturing plants.

OLD BROADWAY STATION, WEST BROADWAY, \$10,000.

This building was formerly used as Police Station 6. The lot adjoins the Parkman School. The Mayor and Council voted in 1925 to authorize the sale of this parcel at public auction, but there were no bidders at the upset price named. The rear of the building is partially demolished and the doors and windows are boarded up. It is an eyesore to the main street of this section and should be sold.

BROADWAY AND C STREET, \$24,108.

This property has been examined by representatives of the School Committee, who wish to use it for the purpose of constructing a new building for a storehouse.

MARINE PARKWAY, \$500; MARINE PARKWAY, \$800.

These are small parcels that were included in the original taking for the Strandway improvement, but were never used in the parkway. Nevertheless they are on the parkway and should be attractive for home sites. These parcels were recommended for sale in 1914 by the Finance Commission, but nothing was ever done with them.

TOOL SHED, PARK DEPARTMENT, 1188 COLUMBIA ROAD, \$10,300.

This large parcel occupies a prominent location on the Strandway at the junction of Old Colony avenue and Preble street. There is a small stucco office building at the corner, and on the back of the lot is a row of sheds, there and the one caretaker stated that it is used in the summer to store a small section of the wooden walks that are used on the Common and Public Garden in winter. From the ap-

pearance of its use it would seem to be poor policy for the city to use boulevard land for such purposes. There are many other parcels of city-owned land in the same section which might be used for storing the wooden walks. Private interests have been interested in purchasing the property.

CITY SCALES, EUSTIS STREET, \$1,000.

In 1914 the Finance Commission commented on this property (see Volume X, page 100 of the Finance Commission's reports). The building has steadily deteriorated since that time and is now in a state of dilapidation. It is one of the many eyesores owned by the city. It should be a valuable little parcel for somebody, and inasmuch as the city has no use for it, it should be sold. The doors are boarded up but some old material is stored there.

WHARF, FREEPORT STREET, \$39,500.

This is a large waterfront parcel on Freeport street at the foot of Park street. It was acquired many years ago by the old Street Department, when it was stated that the Street Department needed wharfage in that vicinity. It was never used to any great extent. Some years later by an order of the City Council control of it was transferred to the Park Department. This department has no use for it and intends to make no use of it. The city derives a little income now from it by a lease to a man who operates it as a landing place and for boat storage. It adjoins valuable mercantile property and undoubtedly would find a ready buyer.

NEPONSET PLAYGROUND, EAST SIDE OLD COLONY PARKWAY, \$12,100.

This parcel is part of a large tract originally bought for the Neponset Playground. When the state built the Old Colony Parkway through it the major portion of the tract, 605,686 square feet, was separated by the roadway from this part. Inasmuch as the other furnished all the playground space needed, this part was never developed.

MARSH, KINGS MILL POND, TENEAN CREEK, \$22,000.

This is a large tract on Victory road, just off Neponset avenue, partially filled in. It was turned over to the Park Department some years ago, but the department has no use for it.

PUMPING STATION, METROPOLITAN AVENUE AND WASHINGTON STREET, \$8,800.

This parcel is on a conspicuous corner of two prominent streets in a growing business district. The building is not used and is boarded up. The building appears to be in good condition. The property would probably be bought if placed on the market. The Department of Public Works has no use for it.

VACANT LAND, DOWNER AVENUE, \$3,500.

A lot on very high ground, located on a ledge back of the Hancock Street Yard of the Paving Division. No use is now made of it. It is good residential land and should be sold as the Public Works Department has no use for it.

VACANT LAND, PAUL GORE STREET, \$8,100.

This is a parcel that was originally taken for school purposes, but was never used for that purpose and was eventually turned over to the Park Department. It has been leveled and graded and is now inclosed with a wire fence erected by the Park Department. It is on high land surrounded by good residential property and the department is willing it should be sold.

LAND, CORNER WILLIAMS AND WASHINGTON STREETS, \$1,100.

This parcel was taken for the Stony Brook channel. The building on it is part of a building erected and now used by the abutter. It was recommended for sale in 1914. (See Finance Commission's Reports, Volume X, pages 102, 103.)

MT. VERNON STREET, \$6,900.

A parcel of unimproved land at the entrance on the water side of the "Mile Road," which runs out to the Calf Pasture pumping station. It was acquired by the city in an exchange of land with the Boston Consolidated Gas Company, which owns a big tract with tanks on it on the opposite side of Mt. Vernon street. The Public Works Department does not need it; 44,000 feet is marshland and 10,000 feet flat land.

VACANT LAND, MORELAND STREET, CORNER PROSPECT STREET, \$600.

A large parcel of rocky land in the center of a large area of vacant land. It is on the

corner of two streets that were never built. The city does not use it now though many years ago gravel was taken from it.

VACANT LAND, SPRAGUE STREET, \$500.

This is a parcel that lies between Nos. 64 and 70 Sprague street, extending back to Sprague Pond. It was acquired when Hyde Park was a town by itself, undoubtedly as an entrance to the pond. It is a poor appearing neighborhood, close to the Dedham line, and can hardly serve any useful purpose for the City of Boston.

VACANT LAND, THATCHER STREET, \$400.

This parcel was acquired by the Public Works Department in years past, in order to obtain gravel from it. This has now been taken off. Some edgestone is stored there. It was recommended for sale by the Finance Commission in 1914 but nothing was ever done with it.

PART OF RESERVOIR AND HOLDER, MILTON AVENUE, \$20,800.

This is a large tract which formerly contained the reservoir of the old Hyde Park Water Company. The total area of the parcel is 206,020 square feet, but only 144,314 square feet are in Boston, the remainder being in Milton. The reservoir itself has been emptied and the buildings on the property dismantled. The Water Service makes no use of it. It is in the best residential section of Hyde Park, the Fairmount section.

VACANT LAND, MANNING STREET, NORTHWEST CORNER OF BERRY STREET, \$500.

This is a parcel on the corner of a street that was never built. It is not far from the entrance to Calvary Cemetery and the rear entrance of Mt. Hope, the city cemetery. It is across the street from the parcel that adjoins the city cemetery and is so situated that the city cemetery will probably never use it. It is the top of a ledge that has been opened from the back side.

VACANT LAND, UNION STREET, BRIGHTON, CORNER CHESTNUT HILL AVENUE, \$16,000.

This is a valuable lot of land on which formerly stood an old school. It was recommended by the Finance Commission for sale in 1914, but nothing was ever done. It is mostly ledge and has been considered by the school authorities many times for a school site in the past. On account of the expense there would be in preparing it for a sizable school the school authorities have always turned to some other location.

BUILDINGS, PAVING DIVISION, CHESTNUT HILL AVENUE, \$85,300.

This is an immense tract, containing a ledge, that was acquired for a Street Department yard. It is used in small part for such purposes now, but the major portion of it is unused. It is adjacent to some of the best residential land in Brighton. On one side is a fine single house section. On the other side is the apartment house section of Commonwealth avenue. It is on high land, five minutes from the reservoir, with ample school accommodations both on the Commonwealth avenue side and the Brighton square side. The Brighton Library and the new courthouse are within two minutes' walk.

SQUANTUM, \$30,000.

This parcel was acquired about twenty-five years ago for sewer purposes. It is not used by the city for any purpose. It is situated on a headland projecting into Quincy Bay, on a delightful location, is hilly and now is a fine park much used by picnic parties in the summer. Formerly there were several buildings and a wharf but these have been removed. There are two house boats moored on the shore. The Public Works Department has no use for it and believes it should be sold.

RAINSFORD ISLAND, \$145,300.

This was formerly the site of the Suffolk School for Boys. It has not been used for many years, except for a caretaker, whom the Institutions Department keeps there. It is the intention to use it in the summer for the Randigge Fund excursions. The wharf is in poor condition. There are several buildings in good condition, including a power plant.

JACOB FOSS SCHOOL, 37 CHESTNUT STREET, CHARLESTOWN, \$25,500.

This is an old wooden building no longer used by the School Department, but leased to the American Legion Post. It is on a prominent street corner, Adams and Chestnut streets, leading up to Monument square. The building occupies the extreme Chestnut

street end of the property, leaving three fourths of it in the best part vacant. Considering the value of the parcel either the whole or the largest part of it should be sold.

SMITH STREET SCHOOL LOT, ROXBURY, \$4,200.

This lot is now vacant, the old building having been torn down. It is not far from a large school property and is not likely to be needed for school purposes. It should be sold.

PARADISE LANE, DEDHAM, \$7,000.

This in one of the two pumping stations connected with the old Hyde Park Water Works that became the property of the City of Boston by the annexation of Hyde Park. It has never been used since it came into the possession of Boston. It is situated in the East Dedham section.

OLD CROSS STREET SCHOOL, CHARLESTOWN, \$3,600.

This is an old wooden building that is occupied by the Colonel Fred B. Bogan Camp, Spanish War Veterans. It is located on the corner of Cross and Bartlett streets, about opposite the new Charlestown High School Annex. About one half the lot is occupied by the building. On account of the large number of buildings in Charlestown owned by the city, many of which the quarters for military posts, it would seem that a plan might be adopted providing quarters for military organizations in one building.

The Commission recommends:

1. That all parcels of land owned by the city that cannot be advantageously used be sold.
2. That some official in the employ of the city be assigned the duty of finding purchases for said parcels.
3. That this report be circulated among persons engaged in buying and selling real estate.

Respectfully submitted,
THE FINANCE COMMISSION,
By CHARLES L. CARR,
Chairman.

The rule was suspended and the resolution adopted.

NOTICE OF HEARING.

Notice was received from the Street Commissioners of a hearing on Monday, August 1, 1927, on various petitions for licenses to keep and sell gasoline.

Referred to the Executive Committee.

SIDEWALK ALONG PARK STREET, WARD 17.

Coun. WILSON offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Park street, south side, from Alpha road to 200 feet westerly, Ward 17, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

The rule was suspended and the order passed.

INCREASING WIDOWS' ANNUITY.

Coun. WILSON offered the following:

Ordered, That the Legislative Committee of the Boston City Council be, and said committee hereby is, authorized and directed to appear and submit to the Legislature of this Commonwealth at its next session, a petition to amend the existing statutes relating to the City of Boston so as to provide that the annuity which may be paid to the widow or minor children of any policeman or fireman who dies from injuries received in the performance of his duties may be increased to not less than one thousand dollars.

Coun. WILSON—Mr. President, human nature is a peculiar thing, and it is interesting to see how, one day, we are thrilled with pride at the bravery of a police officer going in with his gun and taking a man and losing his life in the act, and then, if, as, and when, we get around to it, we provide an annuity of \$600, and after we have provided the man's wife and family with the "munificent" sum of \$12 a week we then forget all about it. I believe that where a police officer lives to ripe old age he is entitled, as a matter of pension, to more than \$12 a week; and it has occurred to me more than once, and the recent death of Patrolman McInnes brings it more forcibly to mind, that the least we can do for the family of a young police officer who has done his duty and protected our lives and property is to furnish to his family at least \$1,000 a year; and, accordingly, I am asking that the Legislative Committee of this body press for an amendment of the present act, which allows only \$600, or approximately \$12 a week, to be given by the city to the family of this man in all its "munificence."

The rule was suspended and the order passed.

SECOND PUBLIC GOLF COURSE.

Coun. WILSON offered the following:

Ordered, That the sum of two hundred thousand (200,000) dollars be, and the same hereby is, appropriated to be expended under the direction of the Park Commissioners, for the purchase of a tract of easily accessible land of sufficient area for the construction of a second public golf course in the City of Boston, and that to meet said appropriation the City Treasurer be, and he hereby is, authorized to issue from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city for said amount.

Further ordered, That the sum of one hundred thousand (100,000) dollars be and the same hereby is appropriated to be spent under the direction of the Park Commissioners for the construction of an eighteen-hole public golf course in the City of Boston, and that to meet said appropriation the City Treasurer be, and he hereby is, authorized to issue from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city for said amount.

Coun. WILSON—Mr. President, I ask the serious consideration of the Council with reference to this order, introduced at the present time for the purchase of available, accessible land for the construction of a second public golf course in the City of Boston. Some weeks ago, Coun. Gilbody introduced an order in this body for the construction of a second course on one of the islands in the harbor, I believe, and it occurred to me, at that time, and I still believe, that a public golf course should be more accessible. I understand that there is available, at the present time, in the city limits, along some street—I believe it is West street in Hyde Park—immediately adjacent to the Stony Brook Park Reservation, a tract of at least 130 acres of virgin territory, easily accessible, which could be used for this purpose. I believe, from the point of view of accessibility, this tract of land is within 600 feet of the Hazelwood (if I have the name right) station, twenty minutes from Boston on the New York, New Haven & Hartford Railroad, and only one block farther away on the lines of the Boston Elevated Railway. I put this order in at this time because, while I may be incorrect, I believe this is probably one of the few remaining, if not the only remaining, sufficiently large tract of land within the city limits to serve as a public golf course. I understand that cities half the size of Boston at the present time have three or more public golf courses. I believe the city of Chicago has in excess of thirty at the present time. One last remark I would make with reference to a course is that a public golf course is no longer a luxury only. I understand that, where one is erected, no public golf course anywhere in the United States has proved to be a losing proposition, and, if my figures are correct, the only course that the City of Boston has at the present time, located at Franklin Park, cost less than \$12,000 to run last year and took in an income in excess of \$50,000—showing not only the tremendous interest in the course, but that the proposition is a financially sound one, and that a second golf course located in the city will pay for itself inside of fifteen years.

Referred to the Committee on Finance.

REPAVING O STREET, WARD 6.

Coun. MAHONEY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving O street, from East First street to East Sixth street, Ward 6.

The rule was suspended and the order passed.

SIDEWALK ON AUBURN STREET, WARD 20.

Coun. KEENE offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Auburn street, both sides, Ward 20, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

The rule was suspended and the order passed.

SEWER IN WOODBRIER ROAD.

Coun. KEENE offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to construct a sewer in Woodbrier road, West Roxbury.

The rule was suspended and the order passed.

SIDEWALK ON CHICKATAWBUT STREET, WARD 16.

Coun. GILBODY offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Chickatawbut street, from Neponset avenue to Glide street, south side, Ward 16, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edge-stones, under the provisions of chapter 196 of the Special Acts of 1917.

The rule was suspended and the order passed.

NAMING OF HEGENBERGER ROAD.

Coun. MAHONEY offered the following:

Ordered, That the new causeway from Gardner way, Marine Park, to Castle Island, be named Hegenberger road, in honor of Lieut. Albert F. Hegenberger, U. S. A., native son of South Boston, whose flight from San Francisco to Honolulu has won him a place among America's immortals of the air.

The rule was suspended and the order passed.

HANDBALL COURTS ON BARRY PLAYGROUND.

Coun. GREEN offered the following:

Ordered, That the Park Department be requested, through his Honor the Mayor, to install handball courts on Barry Playground, Ward 2.

The rule was suspended and the order passed.

RESOLUTION ON DEATH OF COL. WILLIAM A. GASTON.

Coun. GILBODY offered the following:

Resolved, That the City Council of the City of Boston has learned with deep sorrow of the death of Col. William A. Gaston. He gave unstintingly and without thought of reward of his time, energies and fortune to the best interests of the city, state and nation, both in public and private capacities. The fruits of his labors on behalf of this city and the results of his benefactions will long remain as a monument to his career and as an example and inspiration to future generations of the citizens of Boston.

The City Council extends to the family of the late Col. William A. Gaston the sincere sympathy of Boston.

Adopted by a unanimous rising vote.

FIRST-AID KITS IN BATH HOUSES.

Coun. LYNCH offered the following:

Ordered, That the Park Department be requested, through his Honor the Mayor, to provide each bath house under its jurisdiction with a medical first-aid kit.

The rule was suspended and the order passed.

PROTECTION OF CHILDREN AT LAMAR- TINE STREET YARD.

Coun. FREELEY offered the following:

Ordered, That his Honor the Mayor be requested to take whatever steps may be necessary to provide for the proper protection of children at the Lamartine street yard of the New York, New Haven & Hartford Railroad.

The rule was suspended and the order passed.

HYMAN HILLSON PARK.

Coun. ENGLERT offered the following:

Ordered, That the space in the center of Walnut park, Roxbury, be named Hyman Hillson Park, in honor and memory of Hyman Hillson, who gave his life in France to the cause of freedom during the World War, and that said space be suitably marked with signs.

The rule was suspended and the order passed.

SECOND READING OF VARIOUS LOAN ORDERS.

President HEFFERNAN called up Nos. 9, 10, 11, 12 and 13 on the calendar, viz.:

9. Ordered, That the sum of \$125,000 be and hereby is appropriated to be expended under the direction of the Penal Institutions Commissioner, for Central Power Plant, House of Correction, Deer Island, and that to meet

said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On July 11, 1927, the foregoing order was read once and passed, yeas 20, nays 0.

10. Ordered, That under authority of chapter 352 of the Acts of 1924, the sum of \$20,000 be and the same hereby is appropriated to be expended by the trustees of the Boston City Hospital for Medical Pavilion, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the City of Boston to said amount.

On July 11, 1927, the foregoing order was read once and passed, yeas 20, nays 0.

11. Ordered, That under authority of chapter 352 of the Acts of 1924, the sum of \$40,000 be and the same hereby is appropriated to be expended by the trustees of the Boston City Hospital for Medical Pavilion, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the City of Boston to said amount, the same to be issued outside the limit of indebtedness.

On July 11, 1927, the foregoing order was read once and passed, yeas 20, nays 0.

12. Ordered, That under authority of chapter 352 of the Acts of 1924, the sum of \$154,000 be and the same hereby is appropriated to be expended by the trustees of the Boston City Hospital for House Officers' Building, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the City of Boston to said amount.

On July 11, 1927, the foregoing order was read once and passed, yeas 20, nays 0.

13. Ordered, That under authority of chapter 352 of the Acts of 1924, the sum of \$308,000 be and the same hereby is appropriated to be expended by the trustees of the Boston City Hospital for House Officers' Building, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the City of Boston to said amount, the same to be issued outside the limit of indebtedness.

On July 11, 1927, the foregoing order was read once and passed, yeas 20, nays 0.

Said orders were severally passed, yeas 20, nays 0.

CONFIRMATION OF APPOINTMENTS.

President HEFFERNAN called up No. 2 on the calendar, viz.:

2. Action on appointments submitted by the Mayor July 11, 1927, of Frank R. Oxley and Arthur W. Hill, to be Weighers of Coal.

Coun. Dowling and Green were appointed a committee to receive, sort and count ballots. Appointments confirmed, yeas 20.

CONFIRMATION OF APPOINTMENT.

President HEFFERNAN called up No. 1 on the calendar, viz.:

1. Action on appointment submitted by the Mayor July 11, 1927, of Frederick O. Houghton to be a Constable (connected with the Animal Rescue League and not authorized to serve civil process).

Coun. Donovan and Guild were appointed a committee to receive, sort and count ballots. Said appointment confirmed, yeas 18.

RECESS.

On motion of Coun. BUSH the Council voted, at 2.55 p. m., to take a recess, subject to the call of the Chair. The members re-assembled in the Council Chamber, and were called to order by President HEFFERNAN at 3.55 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GILBODY for the Executive Committee submitted the following:

1. Report on message (referred today) vetoing ordinance relating to contracts with the city—that the same be referred to the Committee on Ordinances.

Report accepted; said message referred to Committee on Ordinances.

2. Report on the several orders for departmental transfers of appropriations, referred today—that the same ought to pass.

Report accepted; orders passed, yeas 18.

3. Report on the message and supplementary appropriation order for the County of Suffolk (referred today)—that the same

ought to pass, with an amendment striking out the item under House of Correction, D-4, Forage and Animal, \$2,500.

Report accepted; said amendment adopted.

The question came upon the passage of the order as amended.

Coun. PARKMAN—Mr. President, I should like just to say a few words, in order to complete the record of the Committee on Appropriations with respect to the county budget. The budget as originally submitted was cut by the Committee on Appropriations about \$30,000, and it is interesting to see, at this time, that none of the cuts of the committee has resulted in asking for a supplementary appropriation at this time; in fact, the Budget Commissioner informs us that the principal cut, which was in the jurors' item of \$10,000, and another reduction of \$10,000 in fees, services of venires, etc., will show a saving at the end of the year. Most of the items contained in the supplementary budget at the present time are items which arise now as a result of the passage of legislation by the Legislature of 1927, increasing various salaries in the Department of Medical Examiners and in South Boston Municipal Court, as well as some of the other district courts. It might be said, in regard to two or three of the items, that they would much better have been submitted at the time the original budget was submitted. There is an item in the supplementary budget for alterations in the Superior Court at the courthouse to include additional toilet facilities for which there has been a need for many years. There is also an item here for improving the ventilation in the Roxbury District Court, for which the need has been evident for a very long time. Such items as those would much better come before the committee in the original budget and not wait for a supplementary budget later on in the year. In regard to the amendment which the Council has just adopted, striking out \$2,500 from the food item for animals at the House of Correction, I shall have more to say a little later, at the time when I introduce an order later on this afternoon. At this time I would simply say that it shows that there has been a complete lack of budget control which should confine the expenditures to the items for which they were originally appropriated.

The order, as amended, was passed, yeas 18.

REPORT OF COMMITTEE ON PARKMAN FUND.

Coun. GILBODY, for the Committee on Parkman Fund, submitted the following:

1. Report on the message and order (referred June 14) appropriating \$92,000 from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the maintenance and improvement of the Common and parks in existence on January 12, 1887—that the same ought to pass.

Report accepted; said order passed, yeas 18.

REPORT OF COMMITTEE ON PUBLIC LANDS.

Coun. McGRATH, for the Committee on Public Lands, submitted the following:

1. Report on message and order (referred February 14) authorizing the conveyance to the Forest Hills Cemetery of 6,906 square feet of land on Morton street—that the same ought to pass.

Coun. DOWLING—Mr. President, I should like just a word of explanation from the chairman of the Committee on Public Lands as to this order.

President HEFFERNAN—If there is no objection, the chairman of the committee will explain.

Coun. McGRATH—Mr. President, originally, when they widened Morton street, the city took some ninety odd thousand feet, and it left one little section that left a detour in the road that was rather bad. Now there is an iron fence along there that cost \$19,000 to build and will cost to replace—moving and replacing to be borne by the Forest Hills Cemetery—\$3,500. The attorney who came here said that they wanted it—it met with the approval of the Public Works Commissioner and the various officials of the City of Boston who are interested—they wanted this right which they feel had not been deeded to them under the original exchange they made with the city, but over which there may have been some doubt—they wanted the approval of the City Council so that they could build the fence and replace the old fence along on a straight, even line. In the old days it was a very dangerous corner there.

They used to have a white line running through the fence so that motorists would not bump into it. They had so many accidents they straightened it out, and this is simply the jut end piece that is left out of something like approximately 100,000 feet. This 6,900 feet goes back to the cemetery so that they may build their own fence at a cost of \$3,500 to straighten the road.

Report accepted; said order passed, yeas 18.

REPORT OF COMMITTEE ON SOLDIERS' RELIEF.

Coun. ENGLERT, for the Committee on Soldiers' Relief, submitted the following:

1. Report recommending the passage of an order for the payment of aid to soldiers and sailors and their families residing in the City of Boston, or having a settlement therein, for the month of July.

Report accepted; said order passed.

PETITION OF BOSTON MOTOR TOURS.

Coun. WILSON—Mr. President, two weeks ago, during our meeting, I believe after a rather hectic session, there was some discussion with reference to withdrawing from the Committee on Jitneys the so-called request for license by the Boston Motor Tours, and, at that time, a two-thirds vote of the body took it from the committee and then, as a courtesy to the chairman, tossed it back in his lap. I wonder whether any progress has been made in the two weeks following the extension of that courtesy, and whether or not that report has come in.

President HEFFERNAN.—In the absence of the chairman of the Committee on Jitneys, the Chair is unable to furnish any information for the Council, unless there is some other member of the committee that has some information he would care to give.

Coun. WILSON—Then, Mr. President, I would ask Coun. Dowd, who, I believe, is the member that asked it be taken from the committee, if the committee has been called together in the past two weeks?

Coun. DOWD—Mr. President, I will inform the member that the committee has held no meeting.

Coun. WILSON—Mr. President, then I move that the petition of the Boston Motor Tours be taken from the Committee on Jitneys.

Coun. GUILD—Mr. President, there has been no explanation offered for this motion. It is made baldly and without comment, and it is made in the absence of the chairman of the committee which has it in charge. It seems to me that he should be given an opportunity to be heard, and that there is nothing so pressing in regard to the matter but what can wait until the time when the chairman of the committee to whom it is now referred is present for the purpose of making whatever explanation needs to be made. It borders, it seems to me, upon discourtesy to take it away from his committee, he being absent.

Coun. WILSON—Mr. President, with reference to the remarks of the speaker who has just taken his seat, I make my motion for two reasons. The first is that, while I have no interest in this company, direct or indirect, nor do I know who runs the company, I presume that the automobile company or motor tour company which presented the petition wishes some action at some time, and, if my memory is correct, we are to adjourn for at least a month when we leave here today. The other reason is that several members of the City Council, including myself, after the close of the meeting two weeks ago, were informed by the chairman of the Committee on Jitneys that that order, as well as other orders in which I am interested, would be brought up when he personally got "good and ready"; and, in the light of that information, and in the light of the fact that we are adjourning for one month, and in view of the fact that two weeks have passed since our hectic discussion of July 11, it seems to me that we are entitled to get some action from this committee at the present time.

Coun. GILBODY—Mr. President, I am not going to indulge in any hectic discussion of this proposition, but I do object to being tossed around like a football in this Council. This company has been up here three times and has had the indulgence and the courtesy of this Council in having the Council pass its petitions three times and having them likewise vetoed three times by his Honor the Mayor. I think it foolish for the body to indulge in any more effort to pass such orders as this. We have the same situation in the Hart matter. We passed three times, I believe, a petition for Mr. Hart, and we got three vetoes. Are we going to be made to appear foolish in these matters by running in

here, passing orders, and perhaps after a week or a month having the Mayor veto them? That is the situation. I believe this matter has been vetoed by his Honor the Mayor, and I think it is about time we realized that his Honor the Mayor is not going to sign the petition and not make ourselves foolish in this body.

President HEFFERNAN—Those in favor of recalling the petition from the Committee on Jitneys will raise their hands. Twelve hands raised. Those opposed will raise their hands. Four hands raised. The petition is recalled from the committee, and now being before the Council, what is the pleasure of the Council?

Coun. WILSON—I move that the license be granted.

The question being put, the Chair declared the motion lost. Coun. Wilson doubted the vote and asked for a roll call.

Coun. GUILD—Mr. President, I rise for information.

President HEFFERNAN—Kindly state the question of information.

Coun. GUILD—In taking a matter from a committee, is it not necessary to suspend the rules?

President HEFFERNAN—The Chair will rule that it is, and that there was more than a two-thirds vote in favor, the vote being 12 to 4.

Coun. GUILD—Is the rule two thirds of those present or two thirds of the body?

President HEFFERNAN—The rule is two thirds of those present and voting.

The license was granted.

Yeas—Coun. Bush, Dowd, Englert, Fitzgerald, Green, Lynch, Mahoney, McGrath, McMahon, Ruby, Wilson—11.

Nays—Coun. Arnold, Dowling, Gilbody, Guild, Heffernan, Parkman—6.

Coun. WILSON—Mr. President, I would ask

President HEFFERNAN—For what purpose does the gentleman rise?

Coun. WILSON—To ascertain whether Coun. Keene is available, or Coun. Wragg, both of them having been present?

President HEFFERNAN—The Messenger will kindly notify both councilors.

Coun. DOWLING—Mr. President, I do not like to question the ruling of the Chair, but it seems to me that the rules of the Council do not make it necessary for a member to be in the room here, and I doubt whether a member in the corridor can be summoned here to vote on the matter.

President HEFFERNAN—The Chair will rule that they have not been summoned. They have merely been notified, if they desire to vote. None of the absent councilors having appeared, the vote is eleven in the affirmative and six in the negative, and the license is granted.

JITNEY LICENSE TO BOSTON ELEVATED.

Coun. FITZGERALD moved that No. 15 on the calendar be taken from the table, viz:

15. Report of the Committee on Jitney Licenses on the petition of the Boston Elevated Railway Company for a license to operate jitneys between Park square and the North Station, recommending that a license be granted.

The motion was carried and said license was granted.

BUDGET CONTROL.

Coun. PARKMAN offered the following: Ordered, That the Budget Commissioner be requested, through his Honor the Mayor, to report to the City Council what progress has been made upon the subject of budget control, with particular reference to the competition in the purchase of supplies between the Budget Department and the Superintendent of Supplies, which was recommended by the Special Committee on Budget Control in its report to the Council on January 17, 1927.

Coun. PARKMAN—Mr. President, I am sorry my writing is not more legible, and the next time I shall have it typewritten. The word "competition" as read in the order, should be "co-operation" so as to read to ask the Budget Commissioner "what progress has been made upon the subject of Budget Control, with particular reference to co-operation in the purchase of supplies between the Budget Department and the Superintendent of Supplies, as recommended by the Special Committee on Budget Control in its report to the Council on January 17, 1927." I only wish to say a few words, reviewing perhaps, to a certain degree, the work of the committee. The committee reported last January in its findings that "(1) Under the present system there is no method for controlling expenditures to the specific items for which the

city's money is originally requested in forming the budget, and appropriated in the annual appropriation bill"; and it found, further, "that it is desirable in the interests of economy and efficiency that means be devised to control expenditures to the specific physical items for which appropriation was made, and to limit expenditure for any item to the amount allowed for such item in advance of the expenditure being incurred." The auditor and the Budget Commissioner stated, while the committee was conducting its investigations, that "Under our present budget system the specific physical units which make up or lie behind the appropriation under any one item are lost sight of immediately upon the passage of the budget by the City Council. . . . It would appear feasible for the Budget Department to co-operate with the Supply Department in regard to the purchases which the latter department makes after receiving requisitions from department heads. At the present time these requisitions constitute the full authority for the conduct of the purchasing activities of the Supply Department. This latter department has very little interest in the appropriation side of the picture, since, naturally, the department assumes that no requisition would be made unless an appropriation was available. It would seem desirable in the interests of efficiency that the Supply Department should consider the appropriation side of the picture, and this consideration could be very easily effected by the Supply Department referring all departmental requisitions to the Budget Department for approval before starting in any way the machinery of purchase." The committee stated at that time, after conference with his Honor the Mayor, that "the Mayor has stated to the committee that he would put the first recommendation in effect at once by means of instructions to the Budget Commissioner and the Superintendent of Supplies," and your committee recommended that no further action be taken at that time but that the operation of the budget be observed in order to see whether any further action was necessary. The purpose of this order is to get information as to whether further action is, in fact, necessary; and, judging from one item in the Suffolk County supplementary budget, certainly some further steps should be taken to control expenditures to the purposes for which the money is appropriated. We have a very flagrant example before us, today, in the item of \$2,500 for food for animals down at the House of Correction. We were informed when the change of masters took place the new master, from some experience that he had had in the state institutions of correction, thought that a certain kind of animal fodder was far superior to that which has always been used, and is still being used, by other city departments, and made his plans accordingly. That particular type of fodder, unfortunately, is very much more expensive, and we were asked, at this time, to consider that the appropriation, which was originally made and which was sufficient to take care of all necessary supplies purchased on the old plan, is already almost exhausted. There has been no control whatsoever as to the items purchased by that money which we appropriated. The Budget Commissioner has not had referred to him a requisition from the Supply Department; and it seems to me obvious that no progress whatever has, in fact, been made. The purpose of the order is to get information before the Council in official form, so that the Council may consider further what steps can be taken to put the budget principle into some effective form.

The rule was suspended and the order passed.

REPLACING GAS LAMP ON GROSVENOR PLACE, WARD 12.

Coun. BUSH offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to replace the gas lamp now in use on Grosvenor place, Ward 12, with two modern electric street lights.

The rule was suspended and the order passed.

RECONSIDERATION OF VOTE ON BOSTON MOTOR TOURS PETITION.

Coun. GUILD—Mr. President, I move reconsideration of the vote granting the petition of the Boston Motor Tours and for assignment at the next regular meeting of the Council.

The question being put, the Chair declared the motion carried.

The vote was doubted by Coun. Ruby and Wilson. The Chair called for a rising vote,

and, there being five votes in favor and eight against, declared the motion lost.

SIDEWALK ALONG GLEASON STREET, WARD 14.

Coun. RUBY offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along 28 Gleason street, Ward 14, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edge-stones, under the provisions of chapter 196 of the Special Acts of 1917.

The rule was suspended and the order passed.

GENERAL RECONSIDERATION.

On motion of Coun. PARKMAN, general reconsideration of all action taken today was refused.

ADJOURNMENT.

On motion of Coun. McMAHON it was voted that, when the Council adjourn it would be to meet on Monday, August 22, 1927.

Adjourned, at 4.30 p. m., on motion of Coun. ARNOLD, to meet on Monday, August 22, 1927, at 2 p. m.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of 50 or 60 persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about 400 persons and arriving at Salem in June. Endicott sent a small party to effect a

settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town policy, Plymouth and Salem being governed by a Governor and Council. Endicott was appointed in London as the first resident Governor on April 20, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as Governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served 13 years as Governor in four different periods ending in 1649 and Endicott 15 years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving 12 years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed 82 years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

INCORPORATED AS A CITY, 1822.

The Act of incorporation was passed by the Legislature on February 23, 1822. On March 4 following, the voters of Boston accepted said Act, Chap. 110, 1821-22, as its first City Charter by a majority of 1,916 in a total vote of 4,678. Previous attempts to incorporate as a city had been made in 1650, 1659, 1667, 1708, 1744, 1762, 1874, 1791, 1804 and 1815. The charter was revised in 1854, 1885 and 1909. Amendments to the 1909 charter were enacted in 1910, 1912, 1914, 1918, 1919, 1921, 1922 and lastly in 1924 (see Municipal Register for 1925, pp. 19-43).

PROPOSALS FOR BUILDING SECTION FOUR, DORCHESTER RAPID TRANSIT.

The Transit Department of the City of Boston, 1 Beacon street, seventh floor, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one-half thereof is owned by a citizen or citizens of the United States, for building Section Four, Dorchester Rapid Transit. This section is the fourth section of the two-track surface railway extension of the third-rail service of the Dorchester Tunnel, and is located on and near the former right-of-way of the Shawmut Branch of the New York, New Haven and Hartford Railroad, between the north side of Peabody square and a point near Shawmut Junction. It is about three quarters of a mile in length. The work consists of the construction of a roadbed, station platforms, approaches, viaducts and passageways, sewers, drainage systems, water pipe lines, concrete retaining walls, foundations, etc., concrete roadways and sidewalks, bridge, certain equipment such as conduit lines, manholes, etc., and the removal of structures, repaving, regrading, etc. A bond of an approved surety company will be required for the faithful performance of the contract in a sum of 40 per cent of the total bid price. Proposals should be filled out and signed by the bidder on forms to be obtained at this office, inclosed in a sealed envelope, indorsed "Proposal for Building Section Four, Dorchester Rapid Transit," and delivered to the department or to its secretary before 12 o'clock noon on Tuesday, August 30, 1927, at which time and place they will be publicly opened and read. A properly certified check in the sum of fifty thousand (50,000) dollars, payable to the city, should accompany the proposal. This check shall become the property of the city if the contract is not executed by the bidder within the time prescribed after the date of the notification by the department of the acceptance of the proposal and the readiness of the contract for signature. Proposals must be made in duplicate. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals. Plans, proposals, specifications and forms of contract can be obtained at this office. A deposit of \$25 in cash or by certified check will be required for a set of plans and two sets of the specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Nikisch avenue, West Roxbury district, as a highway from Beech street to the West Roxbury Parkway, bounded and described as follows:

A highway named Nikisch avenue is hereby laid out, from Beech street to the West Roxbury Parkway, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is taken in the following described lands exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Jacob Koob and Augusta Koob, situated at the northerly corner of Nikisch avenue and the West Roxbury Parkway, bounded and described as follows:

Southeasterly by the northwesterly line of Nikisch avenue as it at present exists, thirty-four and 3-100 feet; westerly by the easterly line of the West Roxbury Parkway as it at present exists, thirty-three and 90-100 feet on a curve of twenty-five hundred feet radius; and northeasterly by the northeasterly line of Nikisch avenue as established under this order forty-one and 44-100 feet on a curve of twenty feet radius, containing two hundred and sixty-three square feet, more or less.

A parcel of land, supposed to belong to Denis J. Casey and Julia A. Casey, situated at the southeasterly corner of Nikisch avenue and the West Roxbury Parkway, bounded and described as follows:

Northwesterly by the southeasterly line of Nikisch avenue as it at present exists, thirty-five and 81-100 feet; northeasterly by land hereinafter described as taken from Jacob Miller *et al.* two and 25-100 feet; southeasterly by the southeasterly line of Nikisch avenue as established under this order, eighty-one and 40-100 feet on a curve of one hundred one and 20-100 feet radius; and westerly by the easterly line of the West Roxbury Parkway as it at present exists, fifty-five and 89-100 feet on a curve of twenty-five hundred feet radius, containing four hundred and ninety-three square feet, more or less.

A parcel of land, supposed to belong to Jacob Miller *et al.*, situated on the southeasterly side of Nikisch avenue, bounded and described as follows:

Northwesterly by the southeasterly line of Nikisch avenue as it at present exists twenty-one and 20-100 feet; southeasterly by the southeasterly line of Nikisch avenue as established under this order, twenty-one and 36-100 feet on a curve of one hundred one and 20-100 feet radius; and southwestwardly by land hereinafter described as taken from Dennis J. and Julia A. Casey two and 25-100 feet, containing sixteen square feet, more or less.

The land, owners unknown, being the private way known as Nikisch avenue, running from Beech street to the West Roxbury Parkway.

Trees or structures standing upon or affixed to the aforesaid described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said lands for the purpose of constructing said improvement.

Said Nikisch avenue as hereby laid out is bounded:

Northeasterly by Beech street, forty feet; southeasterly by the southeasterly line of said Nikisch avenue as hereby laid out, by two measurements, seven hundred forty-five and 57-100 feet and one hundred two and 76-100 feet on a curve of one hundred one and 20-100 feet radius; westerly by the West Roxbury Parkway, one hundred thirty-five and 99-100 feet on a curve of twenty-five hundred feet radius; northeasterly by the northeasterly line of said Nikisch avenue as hereby laid out, forty-one and 44-100 feet on a curve of twenty feet radius; and northwesterly by the northwesterly line of said Nikisch avenue as hereby laid out, seven hundred forty-five and 30-100 feet.

Included in the above described land (taken hereunder) are parts of certain parcels of land registered in the Land Court, said parcels being shown on the plan hereinbefore referred to, and said parts being the portions of said registered parcels which lie between the side lines of said Nikisch avenue and the middle line thereof; the owners of said portions, the number of the certificate of title and the book and page where the same is registered are as follows:

John Johnson, Certificate No. 7964, Book 35, page 164.

Joseph Gimber, Matilda Gimber, Certificate No. 12092, Book 56, page 92.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Nikisch avenue, from Beech street to the West Roxbury Parkway, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Nikisch Avenue, West Roxbury, Assessment Plan, May 25, 1927, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

MAYOR WINS MORE PRAISE FOR RECEPTIONS TO AVIATORS.

Mayor Malcolm E. Nichols received the following communications from former Governor Eugene N. Foss and others concerning Boston's receptions to the world-famed aviators. Ex-Governor Foss's letter read as follows:

MY DEAR MR. MAYOR,—Just a word of congratulation on the great success of your program in entertaining "Lindy" and the other flyers. The city did itself proud.

In the forty-five years that I have been in Boston I never saw anything like it and great credit is due you for the initiative in instituting and carrying out this great reception which has brought distinction to you and the city.

Sincerely,

E. N. Foss.

The following letter from Commander Richard E. Byrd thanking him for the Paul Revere bowl which was presented to him on Boston Common at the Parkman Bandstand read:

MY DEAR MAYOR NICHOLS,—I wish to thank you and through you the people of Boston for the wonderful Paul Revere bowl you presented to me. You may be sure that I will always treasure it very highly. I shall never forget the kindness of the people of Boston in this presentation as well as for the sword they presented me last year.

Faithfully yours,

R. E. BYRD.

Harry E. Guggenheim, president of the Guggenheim Foundation for the Promotion of Aeronautics, Inc., wrote under date of July 25:

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

MY DEAR MR. MAYOR,—I have read in the newspapers of the remarkable reception you gave Colonel Lindbergh. I just want to thank you for your interest and for your co-operation which I assure you is very sincerely appreciated.

With my kind regards, I am,

Sincerely yours,

HARRY E. GUGGENHEIM.

FIRE DEPARTMENT ORDERS.*General Order No. 48.***I. WALTER PHILLIP CORBETT.**

It is with deep regret that the Fire Commissioner announces the death of Hoseman Walter P. Corbett of Engine Company 28. From the reports received Hoseman Corbett died in the water at Nantasket Beach after he rescued a woman from drowning.

Hoseman Corbett was born February 24, 1887, and was appointed to this department on April 1, 1918.

The funeral will be held from his late residence 16 South Huntington avenue, Saturday morning, August 6, 1927, followed by service at the Church of the Blessed Sacrament, Centre street, Jamaica Plain, at 9 a. m. Interment will be at Calvary Cemetery.

The Chief of Department will make the customary detail of men act as funeral escort, and Engine Company 28 will be excused from duty in order to attend the funeral. The detail will report to District Chief Dennis Driscoll at the quarters of Engine Company 37, at 8 a. m. sharp.

The uniform for the detail will be sack coat and white gloves.

Members of the department who are off duty are invited to join the detail from this department, and company commanders may allow the men to leave quarters in sufficient time to join the detail if the men are properly relieved by the men coming on duty for the day.

Permission is granted to members of the Boston Fire Department who are members of the Metropolitan Firemen's Post, American Legion, to wear the uniform of the department on the occasion of this funeral.

II. RETIREMENT.

The following retirement is hereby announced to take effect at 8 a. m. Friday, August 5, 1927:

Hoseman John J. Cunningham, Engine Company 52.

Hoseman Cunningham was appointed to this department November 1, 1912, and now retires after almost fifteen years of service with the best wishes of his associates.

III. COMMENDATION.

The Fire Commissioner is pleased to publish the following letter which he has received from the proprietors of the Brighton Laundry:

BRIGHTON LAUNDRY,
55 UNION STREET,
BRIGHTON, July 29, 1927.

COMMISSIONER EUGENE C. HULTMAN,
60 Bristol Street, Boston.

DEAR SIR,—On behalf of Miss Hannah T. Lynch and myself, proprietors of the Brighton Laundry, located at 59 Union street, Brighton, I wish to commend Chief James McMahon, Captain Edward Doody, and the firemen assisting them in handling the fire discovered in our garage early this morning.

I feel quite sure that if it was not for the excellent services of the men the damage would be very considerable and as it is there is every evidence of the highest degree of efficiency exercised.

As a token of our appreciation I herewith inclose a small contribution to the Firemen's Fund.

Yours very truly,

BRIGHTON LAUNDRY,
K. G. CUNNINGHAM.

A check for \$50 which accompanied the letter has been forwarded to the treasurer of the Boston Firemen's Relief Fund.

The following named members of the department volunteered their services at the Arena on the occasion of the reception to Col. Charles A. Lindbergh:

James F. Grady, Engine 42.
Albert S. Murphy, Engine 42.
Chesir Aspesi, Ladder 23.
Richard T. Wylie, Engine 12.
John J. Burke, Ladder 16.

Their names were omitted in General Orders No. 47, c. s., and the Fire Commissioner commends them for the excellent service rendered. A record of this commendation will be made on their record cards.

Operator George W. Woodworth of Engine Company 12 is hereby commended for responding to and working at a fire, still alarm, 424 Dudley street, at 5.28 p. m. July 29, 1927.

IV. IDEAL SAFETY CAN.

The following communication from the State Fire Marshal is published for the information:

This is to certify that the Ideal Safety Can for the use of volatile inflammable liquids, made by the Ideal Can Company, 68 Vine street, Everett, Mass., is hereby approved for use in this Commonwealth.

The features of this can are as follows:

(a.) The can is to be made of 28-gauge galvanized sheet steel, all joints being lock seamed and soldered.

(b.) The inflammable fluid cannot be emptied or spilled from the can except by pressure exerted on the valve release and against the handle by a person's hand. Immediately upon releasing this pressure the valve closes automatically.

(c.) The can is filled by this same method, so there are no plugs or stoppers to be taken out which would leave a permanent opening to the contents. This same valve acts as a relief valve. Should conditions gasify the fluid in the can and cause it to expand, the internal pressure against the valve opens it enough to relieve this pressure, after which it automatically closes again.

(d.) This can has two sizes of outlets or nozzles, a large and a small one, the small one for use in pouring the fluid into receptacles with small openings; particular reference is made to filling vacuum tanks of automobiles with gasoline.

(e.) The handle of the can acts as a guard for the valve release so that it cannot accidentally be opened.

GEORGE C. NEAL,
State Fire Marshal.

V. ASSIGNMENTS.

The following assignments of men on probation are hereby announced to take effect at 8 a. m. Friday, August 5, 1927:

Paul D. McGrath, to Engine 12.
Walter J. Cook, to Engine 48.
John E. Naper, to Ladder 18.
Martin A. Callaghan, to Engine 46.
James E. Coggins, to Ladder 30.
Frederick V. Rasch, to Ladder 16.
Thomas F. Hayes, to Ladder 11.
William H. Murray, to Engine 44.
Charles H. McCarthy, to Engine 47.
Robert E. Keene, to Engine 31.
John F. Holland, to Engine 31.

NATIVES AND CITIZENS OF BOSTON AND VICINITY HONORED IN HALL OF FAME.

In the American Hall of Fame, New York City, dedicated in 1901, are inscribed on bronze tablets the names of 58 eminent men and 7 distinguished women deemed worthy of the highest honor on account of their services and attainments. Of the 65 individuals thus selected (up to 1925 inclusive) by an electorate of 100 leading Americans, 27 were natives or for some time citizens of Boston or vicinity. The names of the latter are as follows:

Chosen in 1900—John Adams, Benjamin Franklin, William Ellery Channing, Ralph Waldo Emerson, Daniel Webster, Henry Wadsworth Longfellow, Horace Mann, Nathaniel Hawthorne, George Peabody, Samuel Finley Breese Morse, Joseph Story, Asa Gray, Gilbert Stuart—total, 13.

Chosen in 1905—John Quincy Adams, James Russell Lowell, John Greenleaf Whittier—total, 3.

Chosen in 1910—Edgar Allan Poe, Oliver Wendell Holmes, George Bancroft, John Lothrop Motley, Phillips Brooks—total, 5.

Chosen in 1915—Louis Agassiz, Francis Parkman, Rufus Choate, Charlotte Cushman—total, 4.

Chosen in 1920—William Thomas Green Morton, Alice Freeman Palmer. Five additional names every fifth year are to be selected and inscribed until the year 2000, when the 150 tablets in the colonnade will be complete.

No Bostonian was selected in 1925.

If those who were natives or residents elsewhere in the State are added to the list, the following 7 names increase the total to 34 for Massachusetts or more than half the whole number, viz.: William Cullen Bryant, Jonathan Edwards, Mark Hopkins, Elias Howe, Eli Whitney, Maria Mitchell, Mary Lyon.

If all New England is included, 4 more names will bring up the total to 38 or 58.46 per cent of whole number chosen, these being Roger Williams, Henry Ward Beecher, Harriet Beecher Stowe, Emma Willard.

AREA OF UNITED STATES, NEW ENGLAND, ETC.

Total of the 48 states in square miles, 3,026,789; Alaska, 590,884; making grand total of 3,617,673 square miles or 42.11 per cent of continent of North America and 6.32 per cent of the earth's land area. The six states of New England, 66,424 square miles, i. e., Maine, 33,040; Vermont, 9,564; N. H., 9,341; Mass., 8,266; Conn., 4,965; R. I., 1,248. Land area of New England, 61,976 square miles; of Massachusetts, 8,039 square miles.

Total area of U. S. (including Alaska) 112,000 square miles less than total of Canadian provinces, but the total population is over 12 times as many.

DELINQUENT TAX SALES.

CITY OF BOSTON.

CITY COLLECTOR'S NOTICE.

The owners and occupants of the following described parcels of real estate situated in the City of Boston, in the County of Suffolk and Commonwealth of Massachusetts, and the public, are hereby notified that the taxes and assessments thereon severally assessed for the years hereinafter specified, according to the lists committed by the assessors of taxes of said City to me as collector of taxes for said City, including assessments for the suppression of gypsy and brown-tail moths, remain unpaid, and that the smallest undivided part of said land sufficient to satisfy said taxes and assessments, with interests and all legal costs and charges, or the whole of said land if no person offers to take an undivided part thereof, will be offered for sale by public auction at the City Collector's office, on the second floor of the City Hall Annex on Court street, in said City of Boston, on Wednesday, September 7, 1927, at 9.30 o'clock a. m., for the payment of said taxes and assessments, with interests, costs and charges thereon unless the same shall be previously discharged.

The sums set against the following descriptions of the several parcels of land show the amount due thereon respectively for the taxes and assessments for the nonpayment of which each of said parcels of land is to be sold, but do not include the cost and interest thereon and costs and charges incident to this sale.

THE BOSTON AIRPORT.

An interesting and very informative article on The Boston Airport and Commercial Aviation appeared in Boston

Year Book, 1924-1925, a publication issued by the Boston Statistics Department.

The year 1926 witnessed the inauguration of an air mail system between Boston and New York, with Hartford as a way station. The Colonial Air Transport, Inc., are the present operators over a distance of 185 miles.

On the morning of July 1, 1926, a Fokker Universal and a Curtiss Lark landed at the airport with the first load of air mail, and on the afternoon of the same day, in the presence of five thousand persons assembled, three hundred and thirty-seven pounds of mail left Boston for Hartford, New York and points west.

The airplane leaves Boston daily.

By chapter 275 of the acts of 1926 the aircraft landing field has been leased to the United States until 1947. In October, 1926, a fireproof hangar large enough to house about ten of the small commercial type planes was completed for the Boston Airport Corporation.

The Weather Bureau has an agent stationed regularly at the Airport to make daily tests of aerological conditions at the field.

On October 30, 1926, a public-spirited gentleman presented the city, through the Mayor, with a revolving beacon light on the top of a down-town building for the guidance of aviators on their way to Boston after dark.

Eventually, the Airport is to be equip-

ped with flood lights which will give an impetus to commercial air transportation here.

ANNEXATIONS TO BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1847; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851; Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added 24,312 acres of land to the original land of Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 423; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of City's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of City.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 906, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MAYOR GREETES JAPANESE STUDENTS.

Mayor Malcolm E. Nichols received fifteen of the Japanese students at the City Hall on August 17 who are touring the United States during their summer vacation away from college. Toros Kawasaki, attache of the Japanese Consul General at San Francisco, headed the delegation accompanied by George W. Tupper of the Japanese Society of Boston. The Mayor welcomed them to Boston on behalf of the municipality. The visitors included Naozumi Yoshitomi, Hideo Maeda, Pyutaro Shinshi, Monotonsuke Takeda, Kazuo Uyeda, K. Koyama and K. Kuki.

They were the guests of the Mayor at the Shubert Theater when they saw the "Half a Widow" musical comedy production.

COLLECTING DEPARTMENT BREAKING ALL RECORDS FOR COLLECTION OF TAXES.

Mayor Nichols received the following communication from George H. Johnson, City Collector, relative to the unpaid taxes of the city:

Boston, August 17, 1927.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—I am pleased to submit as a report of information and progress of the Collecting Department the following statement:

UNPAID TAXES, REAL ESTATE, TITLE SALE, COMPARATIVE STATEMENT, 1927—1926.

Number of property owners with the number of assessments in the first 1927 tax title sale advertisement in the *City Record* of 42½ pages of August 13, 1927, in comparison with the first 1926 tax title sale advertisement in the *City Record* of 209½ pages of February 27, 1927, giving a decrease of 157 pages of tax sale publications.

ORDERS OF ADDITION.

SCHOOLHOUSE DEPARTMENT.

The Mayor has approved the issuance of the following orders of addition to contract:

The issuance of an order of addition, in the sum of \$1,365, to the contract of the Phandor Company for the erection and completion of the Robert Gould Shaw District School, Wren street, West Roxbury.

This amount is required to cover the cost of furnishing and laying a land tile drain around the outside of the building, and connecting the same with the surface sewer, in order to take off the surface water and prevent it from entering the basement. By doing this the maintenance cost of the building will be reduced.

The issuance of an order of addition, in the sum of \$4,466.50, to the contract of C. M. Callahan, Inc., for grading work at Martin District Playground.

The issuance of an order of addition, in the sum of \$50,681.83, to the contract

of M. S. Kelliher Company for the erection and completion of the Francis Parkman District School, Mahler and Walden roads, Roslindale.

This amount is required to cover the cost of extra work made necessary by changes in the original design, providing for a pile foundation, instead of a concrete foundation as called for in the contract drawings and specifications.

The issuance of an order of addition, in the sum of \$1,976.78, in contract of Phandor Company for erection and completion of the Robert Gould Shaw District School, Wren street, West Roxbury.

MAYOR CONTRIBUTES TO McINNES FUND.

Mayor Nichols, on August 18, purchased a ticket from Miss Alan Moray, of the "Half-a-Widow" Company, now playing at the Shubert Theatre, for the benefit to be held at the Elks Hotel, for the widow and children of Patrolman McInnes, who was recently killed in the performance of duty.

RETIRING LEGION HEAD THANKS
MAYOR NICHOLS FOR COURTESIES.

Mayor Nichols received on August 11 the following letter from William McGinnis, the retiring department commander of the American Legion for Massachusetts:

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

MY DEAR MR. MAYOR,—In a few days I shall retire from the office of department commander of the Massachusetts Department of the American Legion. Before turning over the responsibilities of office to my successor, may I extend to you, Mr. Mayor, my personal appreciation for your many courtesies to me during the year I have held office as state commander and especially your thoughtfulness in inviting me to deliver the Independence Day oration at Faneuil Hall this year.

I have received a copy of the "Municipal Register" of the City of Boston, giving the names of all those who have delivered the oration on that day, including the observance, for a number of years, of persons who made the address in connection with the Boston Massacre. I am immensely pleased, of course, to have my name included in such distinguished company. For this, Mr. Mayor, and your many other thoughtful and generous acts to me, as representative of the State Department of the American Legion, to participate in the official ceremonies initiated and sponsored by the City of Boston, I wish to thank you.

Sincerely yours,

WILLIAM MCGINNIS,
Department Commander.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury, and are bounded as follows:

A parcel of land, owners unknown, being part of the private way, known as Wolfe street, bounded:

Northeasterly by La Grange street, ten and 7-100 feet; southeasterly by another part of Wolfe street, three hundred fifty-nine and 14-100 feet; southwesterly by easement taken by the City of Boston for sewerage purposes, ten feet; and northwesterly by another part of Wolfe street, three hundred sixty and 43-100 feet, containing thirty-five hundred and ninety-eight square feet, more or less.

A parcel of land, supposed to belong to Frank Holland, bounded:

Southwesterly by Dent street, ten feet; northwesterly by other land supposed to belong to said Holland, one hundred ten and 29-100 feet; northeasterly by easement taken by the City of Boston for sewerage purposes, ten feet; and southeasterly by other land supposed to belong to said Holland, one hundred ten and 16-100 feet, containing eleven hundred and two square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Dent street, bounded:

Northeasterly by land hereinbefore described as taken from Holland, ten feet; southeasterly by another part of Dent street, seventeen feet; southwesterly by easement taken by the City of Boston for sewerage purposes, ten feet; and northwesterly by another part of Dent street, seventeen feet, containing one hundred and seventy square feet, more or less.

The sewerage works to be constructed are as follows: 420 linear feet of 10-inch pipe sanitary sewer and 280 linear feet of 10-inch pipe surface drain, in the above described premises.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on both sides of Wolfe street, southwesterly from La Grange street for a distance of approximately 360 feet, and excluding the lots at the corners of La Grange street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 756, Sewerage Works, Wolfe Street, West Roxbury, March 3, 1927, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

WITHOUT ADVERTISING.

The Mayor has approved the following contracts awarded without advertising; requests of heads of departments to do the work with the department forces without advertising; additions to and deductions from contracts.

BUILDING DEPARTMENT.

Upon August 15 the Mayor approved a contract with William Perry for the demolition of building at 166 Arlington street. A communication from L. K. Rourke of the Building Department was as follows:

BOSTON, August 10, 1927.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—On June 21, 1927, this department awarded a contract to William Perry for the demolition of the building at 166 Arlington street, in which vicinity certain underground work is being carried on by the Water Department of the City of Boston.

On June 24 Inspector Anderson called my attention to the fact that the building was settling rapidly and that emergency measures must be taken to hasten its demolition, and therefore I ordered the contractor to continue the work night and day until the building was down and agreed to pay him the extra cost which this emergency overtime necessitated. His bill amounted to \$572.40 which I consider reasonable and I request your approval of same.

Respectfully yours,

L. K. ROURKE,
Building Commissioner.

PUBLIC WORKS DEPARTMENT (Paving Service).

Upon August 17 the Mayor approved a contract with Patrick Mulvey for the construction of artificial stone sidewalks. A communication from James H. Sul-

livan of the Public Works Department was as follows:

BOSTON, August 13, 1927.

To the Mayor of Boston.

Permission to award a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to Patrick Mulvey, 101 Carolina avenue, West Roxbury, is hereby requested on the ground that this contractor is not selected by the city in the first instance but by the abutters; secondly, the expense of construction is to be divided by the city and abutters; also because such contracts vary greatly in amounts and seldom involve one thousand (1,000) dollars.

Respectfully yours,

JAMES H. SULLIVAN,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

Upon August 17 the Mayor approved a contract with the George McQuesten Company for furnishing the Bridge Service material for the Fairmount Avenue Bridge, Hyde Park. A communication from Charles E. Thornton of the Supply Department was as follows:

BOSTON, August 12, 1927.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising for same, to the George McQuesten Company for furnishing to the Bridge Service, for the Fairmount Avenue Bridge, Hyde Park, the following:

250 pieces 4-inch by 10-inch by 32-foot long leaf yellow pine, planed one side to an even thickness; to be tongued and grooved and cut to exact lengths at \$87.50 per M. feet; 344 linear feet 8-inch by 8-inch by 24-foot and up, long leaf yellow pine, planed two sides at \$81.50 per M. feet.

The Bridge Service required that this yellow pine be delivered at the bridge not later than September 26, 1927, and in order to effect delivery at the time required quotations were asked and received by this department as shown on the attached sheet.

The operation of creosoting the lumber will take considerable time and in order to make sure of delivery by September 26, 1927, I would respectfully request that the permission asked for above be granted.

To be Creosoted.

Two Hundred Fifty Pieces Four-inch by Ten-inch by Thirty-two-foot Pine.—George McQuesten Company, \$87.50 per M. feet; New England Wood Preserving Company, \$88 per M. feet; B. L. Tim-Manson Company, \$98 per M. feet; P. S. Huckins Company, \$95 per M. feet.

Three Hundred Forty-four Linear Feet Eight-inch by Eight-inch by Twenty-four-foot and Up, Pine.—George McQuesten Company, \$81.50 per M. feet; New England Wood Preserving Company, \$82 per M. feet; B. L. Tim-Manson Company, \$98 per M. feet; P. S. Huckins Company, \$95 per M. feet.

Discount, Ten Days.—George McQuesten Company, 1 per cent; New England Wood Preserving Company, 1 per cent; B. L. Tim-Manson Company, 1 per cent; P. S. Huckins Company, 1 per cent.

Total.—George McQuesten Company, \$2,482.86; New England Wood Preserv-

ing Company, \$2,497.11; B. L. Tim-Manson Company, \$2,793.13; P. S. Huckins Company, \$2,707.62.

Upon August 18 the Mayor approved a contract with the Linscott Motor Company for furnishing to the Water Service three Reo trucks. A communication from Charles E. Thornton of the Supply Department was as follows:

BOSTON, August 5, 1927.

HON. MALCOLM E. NICHOLS,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising for the same, to the Linscott Motor Company for furnishing to the Water Service three Reo trucks as per specifications and prices quoted below.

Two 1½-ton Reo trucks with fully inclosed vestibule cabs, one-piece windshield, small corner posts, door windows adjusted by inside crank; to have open express bodies 96 inches by 44 inches, bottoms and sides of which to be covered with steel plate, sides extra strengthened with angles and strap bolts and front end to have an additional header or false front to take the thrust of heavy stock pushed into the body, without canopy top, at a price of \$1,930 each, \$3,860. One 1½-ton Reo truck, covered by specifications shown above, but also to have canopy top, with full length curtains on sides, at a price of \$1,955—\$5,815. Less allowance on two 1½-ton Reo trucks, department numbers W-29 and W-31, at \$150 each, \$300. Net amount of the contract, \$5,515. As the Linscott Motor Company is the manufacturer, no advantage would accrue from publicly advertising for same.

Respectfully yours,

CHARLES E. THORNTON,
Acting Superintendent of Supplies.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

PARK DEPARTMENT.

P. J. Dinn & Company have been ordered to do the following additional work on the contract for wire fence at North End Park, Boston, signed May 17, 1927:

Furnish and erect complete, 40 feet of chain link fence on the upper deck of the North End Park Pier.

The wire mesh shall be of chain link galvanized after being woven, wire 2-inch mesh, No. 9 gauge, and 7 feet high. Posts for fence shall be 2 inches inside diameter, standard weight steel pipe. All posts to have galvanized flanges securely fastened to the top deck of the pier. Top posts shall not be spaced over 10 feet on center.

There shall be two rails: a top rail of 1½-inch inside diameter and a bottom rail of 1-inch inside diameter, standard weight galvanized steel pipe.

Wire shall be securely fastened to the posts and rails satisfactory to the engineer.

There shall be a barbed wire entanglement furnished and installed at the top of the fence.

For furnishing and erecting this fence complete on the North End Park Pier the sum of \$148 will be added to contract price.

Contract price, \$5,669.50; addition as per this order, \$148; contract as standing, \$5,817.50.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Cottage avenue, bounded:

Northwesterly by Centre street, ten and 69-100 feet; northeasterly by another part of said avenue, three hundred twenty-four and 92-100 feet; southeasterly by easement taken by the City of Boston, ten and 15-100 feet; and southwesterly by another part of said avenue; three hundred nineteen and 43-100 feet, containing thirty-two hundred and twenty-two square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Cottage avenue, bounded:

Northwesterly by easement taken by the City of Boston, ten and 15-100 feet; northeasterly by another part of said avenue, by two measurements, one hundred thirty-nine and 3-100 feet and five hundred sixty-four and 77-100 feet; southeasterly by the same, ten feet; and southwesterly by the southwesterly line of said avenue and by another part of said avenue, by four measurements, three hundred eighty-one and 38-100 feet, seventy-eight and 68-100 feet, one hundred five and 63-100 feet and one hundred forty-one and 65-100 feet, containing seventy-three hundred and eleven square feet, more or less.

The sewerage works to be constructed are as follows: 1,028 linear feet of 12-inch and 10-inch pipe sanitary sewer.

This Board determines that no person sustains damages in his estate by the taking of the aforesaid easement and construction of said sewerage works and awards no damages therefor.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the lots of abutting land on the northeasterly and southwesterly sides of Cottage avenue within the limits of this taking, and excluding the lot at the northeasterly corner of Centre street and Cottage avenue now or formerly owned by the Roman Catholic Archbishop of Boston, will receive benefit

or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 786, Sewerage Works, Cottage Avenue, West Roxbury, July 21, 1927, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of 50 or 60 persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about 400 persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town policy, Plymouth and Salem being governed by a Governor and Council. Endicott was appointed in London as the first resident Governor on April 20, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as Governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served 13 years as Governor in four different periods ending in 1649 and Endicott 15 years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving 12 years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed 82 years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

THE BOSTON AIRPORT.

An interesting and very informative article on The Boston Airport and Commercial Aviation appeared in Boston Year Book, 1924-1925, a publication issued by the Boston Statistics Department.

The year 1926 witnessed the inauguration of an air mail system between Boston and New York, with Hartford as a way station. The Colonial Air Transport, Inc., are the present operators over a distance of 185 miles.

On the morning of July 1, 1926, a Fokker Universal and a Curtiss Lark landed at the airport with the first load of air mail, and on the afternoon of the same day, in the presence of five thousand persons assembled, three hundred and thirty-seven pounds of mail left Boston for Hartford, New York and points west.

The airplane leaves Boston daily.

By chapter 275 of the acts of 1926 the aircraft landing field has been leased to the United States until 1947. In October, 1926, a fireproof hangar large enough to house about ten of the small commercial type planes was completed for the Boston Airport Corporation.

The Weather Bureau has an agent stationed regularly at the Airport to make daily tests of aerological conditions at the field.

On October 30, 1926, a public-spirited gentleman presented the city, through the Mayor, with a revolving beacon light on the top of a down-town building for the guidance of aviators on their way to Boston after dark.

Eventually, the Airport is to be equipped with flood lights which will give an impetus to commercial air transportation here.

FIRE DEPARTMENT ORDERS.

General Order No. 50.

I. RETIREMENTS.

The following retirement is hereby announced to take effect at 6 p. m., Wednesday, August 10, 1927:

Assistant Superintendent Richard Donahue of the Fire Alarm Division.

Assistant Superintendent Donahue was appointed to this department on June 25, 1889, as a repairer. His promotions were as follows: To batteryman, June 3, 1890; to assistant operator, December 1, 1890; to operator, July 13, 1891; to chief operator, August 10, 1906, to chief operator and assistant superintendent, December 23, 1910.

The following retirement is hereby announced to take effect at 8 a. m. Friday, August 12, 1927:

District Chief James F. McMahon, District 11.

District Chief McMahon was appointed to this department June 17, 1892. His promotions were as follows: To lieutenant, October 26, 1900; to captain, February 21, 1910; to district chief, July 12, 1920. In addition to other commendations the name of District Chief James F. McMahon was placed on the Roll of Merit of the department for saving life at a fire in building, 15 and 17 State street, February 5, 1901.

In the retirement of Assistant Superintendent Donahue and District Chief McMahon the city loses the services of two most faithful and efficient employees. They leave the department with the best wishes of their associates for many years of health and happiness.

By order of Fire Commissioner Eugene C. Hultman.

DANIEL F. SENNOTT,
Chief of Department.

AREA TO WARD LINES.

Total, 30,598 acres (i. e., 47.81 square miles), 2,944 acres being filled land, 1,143 acres water area and 1,436 acres flats. Land area only, 28,019 acres (i. e., 43.78 square miles). Included in the latter are 160 acres of filled flats recently added to the land area of South Boston and 175 acres to that of East Boston.

Original Boston contained about 780 acres of land. Of the twelve leading American cities, eight are larger in land area than Boston, viz., Los Angeles (364 square miles), New York (318), Chicago (199.4), Philadelphia (129), Baltimore (91.9), Detroit (80), Cleveland (56.6) and St. Louis (61.25). The only city in Massachusetts with larger land area is Taunton (50 square miles).

If Boston should expand by annexation as New York, Chicago, Philadelphia, Los Angeles and others have expanded, its total area, in case of including the 39 cities and towns within the 15-mile radius, would exceed the largest, viz., Los Angeles, the present land area of "Greater Boston" being 409.5 square miles.

MANUFACTURES OF BOSTON IN YEAR 1925.

Number of establishments conducted under so-called factory system, having annual product valued at \$500 or over, 2,655; value of year's product, \$602,332,668, or \$47,927,870 increase over the 1924 product; average number of wage earners, 78,093; total wages paid in year, \$104,845,860; value of materials used, \$303,175,079; value added by manufacture, \$299,157,589; value of leading products ranked from largest amount:

- (1) Printing and publishing, 375 establishments, with \$72,184,131 products;
- (2) Boots and shoes, including cut stock and findings, 76 establishments, with \$49,167,414;
- (3) Clothing, men's and women's, 326 with \$46,616,269;
- (4) Confectionery, 61 with \$36,469,163;
- (5) Foundry and machine-shop products, 112 with \$24,170,259;
- (6) Bread and other bakery products, 231 with \$22,057,080;
- (7) Coffee and spice, roasting and grinding, 16 with \$19,681,455;
- (8) Electrical machinery, apparatus and supplies, 37 with \$15,712,040;
- (9) Druggists' supplies and patent medicines, 41 with \$11,465,809;
- (10) House furnishing goods, not elsewhere classified, 31 with \$10,330,811;
- (11) Furniture, 77 with \$10,116,538;
- (12) Musical instruments and parts, 7 with \$7,551,783;
- (13) Steam fittings and heating apparatus, 12 with \$7,003,481;
- (14) Tobacco, cigars, etc., 23 with \$6,517,171;
- (15) Food preparations, not elsewhere classified, 22 with \$6,009,994;
- (16) Slaughtering and meat packing, wholesale, 11 with \$5,194,207;
- (17) Copper, tin and sheet-iron work, 41 with \$5,143,343.

The above-named industries are all that show a product value of \$5,000,000 or more.

Largest number of establishments (i. e., 375) also highest product value in printing and publishing industry. (From Mass. Dept. of Labor and Industries, Division of Statistics.)

THE SCHOOL YEAR.

The school year begins on September 1 in each year and closes on August 31 next ensuing.

The summer term of the day industrial schools extends from July 5 to the last Friday in August.

The sessions of the regular day schools closed for the year on Thursday, June 24, 1926, and resumed on Tuesday, September 14. In 1927 the closing date will be June 28.

FISCAL YEAR.

The fiscal year begins on January 1 and closes on December 31, as provided by the Charter amendments.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT OR BITULITHIC PAVEMENT IN EAST BROADWAY, WARD 6, FROM L STREET TO FARRAGUT ROAD.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt or bitulithic pavement in East Broadway, Ward 6, from L street to Farragut road. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of twenty-eight thousand (\$28,000) dollars, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt or Bitulithic Pavement, East Broadway," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Tuesday, August 30, 1927, with a certified check for twenty-eight hundred (\$2,800) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JAMES H. SULLIVAN,
(Aug. 20.) Commissioner of Public Works.

OFFICE HOURS.

City offices are required to be open for business from 9 a. m. until 5 p. m. on every day except Saturdays, Sundays and legal holidays, and Bunker Hill Day. Department offices are required to be closed on Saturdays at 12 noon throughout the year. The City Treasurer and the City Collector are not required to disburse or receive money after 2 p. m. on any day.

The office of the Health Department is open daily from 9 a. m. to 10 p. m. (except Saturdays, when the hours are from 9 a. m. to 1 p. m. and from 5 to 10 p. m.); on Sundays and holidays from 10 a. m. to 12 m. and 5 to 10 p. m. for the reporting of cases of communicable diseases, issuing of burial permits, distribution of antitoxins and vaccines and receiving of cultures, etc.

TRANSIT DEPARTMENT.

PROPOSALS FOR BUILDING SECTION FOUR, DORCHESTER RAPID TRANSIT.

The Transit Department of the City of Boston, 1 Beacon street, seventh floor, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one-half thereof is owned by a citizen or citizens of the United States, for building Section Four, Dorchester Rapid Transit. This section is the fourth section of the two-track surface railway extension of the third-rail service of the Dorchester Tunnel, and is located on and near the former right-of-way of the Shawmut Branch of the New York, New Haven and Hartford Railroad, between the north side of Peabody square and a point near Shawmut Junction. It is about three quarters of a mile in length. The work consists of the construction of a roadbed, station platforms, approaches, viaducts and passageways, sewers, drainage systems, water pipe lines, concrete retaining walls, foundations, etc., concrete roadways and sidewalks, bridge, certain equipment such as conduit lines, manholes, etc., and the removal of structures, repaving, regrading, etc. A bond of an approved surety company will be required for the faithful performance of the contract in a sum of 40 per cent of the total bid price. Proposals should be filled out and signed by the bidder on forms to be obtained at this office, inclosed in a sealed envelope, indorsed "Proposal for Building Section Four, Dorchester Rapid Transit," and delivered to the department or to its secretary before 12 o'clock noon on Tuesday, August 30, 1927, at which time and place they will be publicly opened and read. A properly certified check in the sum of fifty thousand (\$50,000) dollars, payable to the city, should accompany the proposal. This check shall become the property of the city if the contract is not executed by the bidder within the time prescribed after the date of the notification by the department of the acceptance of the proposal and the readiness of the contract for signature. Proposals must be made in duplicate. The sealed duplicate, without check, is to be deposited by the bidder with the City Auditor, Room 20, City Hall, previous to the time named for opening the proposals. Plans, proposals, specifications and forms of contract can be obtained at this office. A deposit of \$25 in cash or by certified check will be required for a set of plans and two sets of the specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT,

(Aug. 20.)

A. D. ADAIR,
Acting Secretary.

SUPPLY DEPARTMENT.

PROPOSALS FOR HAY, GRAIN AND STRAW.

Sealed proposals will be received at the office of the Superintendent of Supplies, Room 801, City Hall Annex, until 12 m. Monday, August 29, 1927, at which time and place they will be publicly opened and read, for furnishing hay, grain and straw to the various departments during the month of September, 1927. The bidder must include the cost of delivery. The bidders are requested to bid on domestic United States No. 2 timothy hay, United States No. 2 light grass mixed, United States No. 2 light clover mixed, large and medium size bales. The straw to be rye straw in good condition. The grade of hay must comply with Federal hay grades and straw must comply with the National Hay Association. The bidders are requested to bid on No. 2 white oats, thirty-six pounds or over, graded under the Federal standards. The hay and oats must be weighed by a sworn weigher and on the scales designated by the Superintendent of Supplies. The bidder must use the form of proposal to be obtained at Room 801, City Hall Annex. Proposals must be accompanied by a certified check for \$200. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The successful bidder must furnish a bond for one quarter the total amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder. No reservations or stipulations submitted by the various bidders will be considered by the Superintendent.
